Butterfly Beach Jacqueline Wilson

A brand-new story starring the unlikely best friends of *The Butterfly Club*, published specially for World Book Day 2017, from much-loved and bestselling author Jacqueline Wilson.

Selma can't wait to go on holiday with her best friend forever, Tina. But a holiday with Tina means a holiday with her triplet sisters, too - and it's not long before Selma feels like the odd one out. Can their shared love of butterflies bring Selma and Tina together again?

Another great book by Jacqueline Wilson, thanks I've really enjoyed reading it. It might be small but it's worth getting and reading.

This book works as a standalone short story, but you get more out of it if you have read The Butterfly Club first as it centres around the characters from that book

This was a short story produced for world book day so it isn't very long, it's hard to fit much background information and character description in without taking from the story, so by using characters from a previous book it means that this can all just be touched on briefly and you can read the first (full) book to find out more

I enjoyed the story, but I think an extra 10 pages or so would have led to me giving 5 stars rather than 4. I felt it dropped off at the end and I wanted to know more about what happened on the holiday (it is left after the first morning waking up in the caravan and then just a quick summary of the rest) and about what happened when Selma returned home.

I also expected the morning wandering to happen only once, with the triplets mum finds out and blaming Selma for being a bad influence, and Tina sticking up for her and telling her mum honestly that it was her idea. Instead, it says that they do it every day and it just seems odd that her mum wouldn't be aware as she is very protective, especially of Tina

I think this is a nice quick read but will be enjoyed much more if The Butterfly Club is read first. If there was a little bit more about the rest of the holiday and Selma going back home, then it would have been 5 stars from me

I wouldn't read this again, it is more for 5-7-year-olds. this book was about two girls who go on holiday together.

A lovely short story with the characters from Jacqueline Wilson's *The Butterfly Club*. I feel this one works a lot better if you're already familiar with the characters but it's still a nice short story of the family and Selma going on holiday. It's made me want to know more about Selma.

Louise says

Well written book that stars the friends from 'The Butterfly Club' bringing back memories of how they first became friends (Tina and Selema).

Great book but feels like there's so much more potential. With expansion and a volume two I feel this book would be perfect.

I love the portrayal of Selma as it added a unique angle which set this book apart from a lot of others. Selma seemed so real to me.

A great read full of adventure and a few mean girls

I chose this rating because the book fits the type of genre I'm used to. I am also a Jacqueline Wilson fan

Great ???

I chose this rating because Jacqueline Wilson always hits the spot light on every book including this one. I would recommend this book to my 4 year old god sister because she loves to read books like this and loves to read anyway so she would definitely like this one. Once again, a big thank you to Jacqueline Wilson for writing this book, it's absolutely amazing!! Thank you!!!! ??
