Roberta Sedgewick is stuck in a house that is too empty without her beloved Burton—the rat died and left her with his dog and rooms that rattle. She convinces her three golfing buddies, all in their seventies, to sell their homes and buy adjoining condos. The widows intend to spend the rest of their days golfing, gambling at the casino, and having fun. Oh, the heaven of it. But then they all hire the same maid who uncovers long-hidden criminal secrets kept by each woman. Oh, the horror of it. The reputations of their deceased husbands, a banker, a minister, and a respected farmer, will be tarnished forever. Three of the widows could face jail time, and the fourth fears for her life. Whatever will they do with the conniving, blackmailing maid? If you grew to love the characters in Marie F. Martin's previous novels *Maternal Harbor*, *Harbored Secrets*, and *Ratham Creek*, you will treasure Roberta and her friends in the mystery *Don't Mess With Mrs. Sedgewick*.

This is a caper story where the not so pure put their lives at risk to catch the real bad guys and save their little town.

## **Charles Ray says**

Roberta Sedgewick is a widow, living with her late husband's dog in a house that rattles. She decides that she and her three best friends and golfing buddies, also widows, should sell their houses and buy adjoining condos. Then, she talks them all into hiring the same maid—who turns around and blackmails them for their past crimes. In some cases, these crimes aren't minor. One of them could go to jail. When criminals from the past start showing up, and their real estate agent turns up dead, the heat is on. But, widows they might be, they are not helpless. Roberta still has her husband's gun collection, and some of her friends are willing to consider using them.

Don't Mess with Mrs. Sedgewick by Marie F. Martin is a humorous, while at the same time a bit scary, mystery with four septuagenarian characters who you can't help but love. An entertaining read, totally worth the effort.

## **Bailey Ember says**

You will definitely want to have plenty of allotted reading time before starting this one. It was hard to put down. I was so engrossed in the story that I put off many of my important things to do. Marie F. Martin does a great job of creating a Mystery that keeps the reader invested and guessing.

Mrs. Sedgewick is a wonderful lead, she is fun to read about and easy to get behind as a lead character.

Lots of twists and turns and a wonderfully woven mystery.

### **Don't Mess With Mrs. Sedgewick**

This book is a wonderful account of several aged women who fall into the roles of investigators, endangering their lives. They argue and bicker, yet get along and enjoy one another's company. A strong streak of humor runs through the story, but the women are not portrayed as silly old ladies. They do stumble along the way and definitely are not slick investigators, but they prove to be, in fact, quite capable - but not superhuman.

This is a fun book to read.

I am these days a persnickity reader. This book have me a number of hours of good reading fun. The characters became real for me, and I was right there with them. A book about seniors being adventurous is rare, loves the plot and the mystery kept me reading into the night. I'm not a fan of golf, so I just skipped that part but I loved the ladies with their guns and wielding clubs to protect their friends.

Marie F. Martin's forth novel "Don't Mess with Mrs. Sedgewick" was as good as I thought it would be. Ms. Sedgewick wants to live the rest of her days surrounded with her three best friends. She talks them into buying condos that are next to each other. All is going well until Mrs. Sedgewick hires a cleaning lady that decides to air out all of the ladies' dirty laundry from the past.

My favorite thing about "Don't Mess with Mrs. Sedgewick" was that every character in the book had secrets, some even criminal. I could not wait to find out what every character did since they all seemed like someone's grandmother. Mrs. Sedgewick is not your ordinary lead female character. She is a sassy, older woman who knows exactly what she wants and how to get it. I admired her for her patience and trying to help people even when they clearly did not deserve it. The other three main characters were all just as loveable. Mrs. Sedgewick kept solving problem after problem. When she came up with a solution for one, another would arise. Just when everything seemed like it would be alright, Martin throws in plot twist. I really enjoyed this book! I hope that I could have as many good friend as Mrs. Sedgewick does when I reach her age.
