### **Rose says**

Beautiful illustrations of objects, jewelery and clothing from New York's 19th century robberbaron age. Interesting text, especially about the social conventions of the day.

### **Rin says**

Great book with wonderful photos that guide you through a beautiful time in fashion in New York. It's a lovely book to add to my coffee table. Also smells amazingly good--but that's just a bonus.

### **Rhonda says**

beautiful publication, lots of photographs.

can't claim to have read the whole thing, but very much enjoyed thumbing through it
