Zoe, her boyfriend Zack, and her best friends Levi and Ellie have decided to travel to Maui to enjoy paradise and try to forget their individual woes. While there they partake in hunting sunken treasure, help in a murder investigation and Zoe tries to figure out what is killing the squirrels back home. With the suspect growing longer by the minute and the danger growing even quicker Zoe and her friends begin to question who they can trust. Even friends, old and new are keeping secrets.

Enjoy the tropical breezes and scenic vistas to be found in paradise. Kathi Daley brings it all to life for our pleasure. Zoe draws you into her daily life as she tells the story in first person. With humor and snappy dialog this story will keep your interest as the plots and twist keep you guessing. I fell in love with this series a few months ago and have looked forward to each and every book. Usually the Zoe Donovan books can be read as individuals, but Maui Madness really needs to be read after Beach Blanket Barbie to fill in the reason why each of them are in search of solace. Maui Madness can be read by itself as Ms. Daley briefly highlights past events, but I am a firm believer in reading a series in its entirety so that you can see how characters and their inner-relationships develop as the series progress.

Pick up a copy of Kathi Daley's Zoe Donovan series and binge. You will roller-coaster on emotions but your love for the series will never diminish.

Let me say thank you Kathi Daley! I won this book in a goodreads giveaway and I am so glad that I did. This is the first time I have read a Zoe Donovan mystery but it won't be my last. I loved Zoe and all her friends. I love the description of Hawaii and now I would love to go there myself. There is a nice sweet romance going on between Zoe and Zack that you will like and a wonderful mystery going on too. I think mysteries seem to pop up where ever Zoe goes even on vacation. That's how things started out with Zoe and her friends on vacation. They meet some new friends and they get wrapped up in a mystery. Oh if you want some wonderful sounding Hawaiian recipes just look in the back of this book. It was nice of Kathi to add them because they sound really good in the book. If you like a good story you will love this book as much as I did.

I love this series but this book just didn't do it for me. I tried three times to finish it and in the end concluded the story was just too boring for me. Hoping the next book is more enthralling.

Unfortunately, unlike the other books in this series that I have read, I just did not connect to the book. I still like the series though.

Zoe, Zac, Ellie and Levi are vacationing in Hawaii. While attending a friend's luau they find that pig in the fire pit has been replaced with a body. Zoe thinks that the murder victim is connected to the disappearance of a local judge and two others who were on a sailing trip. This was a great entry in the series. I enjoyed this book for its scenic descriptions and well drawn characters. The murder was a twisted plot of revenge and greed, mixed with environmental issues. A great adventure, including diving for treasure!

Romantic Suspense

I loved This latest Zoe Donovan mystery full of romance, suspense and plenty of twists and turns. Mystery lovers will love this latest cozy.

Love this series

Another great book in this series. I love it and I'm sure everyone else that likes cozy mysteries will love it too. Can't wait to start the next book in this series.

The four friends Zoe, Zak, Ellie and Levi are going on the vacation to Hawaii which was arranged for Ellie's honeymoon. But since the wedding is cancelled the vacation will distract everyone from the bad things that have happened and brighten the moods. But of course Maui is not only fun and games. The pig in the BBQ of a big party they are invited to is replaced with a dead body....

Another great Mystery for the friends to solve.

Mary Brown says

Maui Madness by Kathi Daley was a great cozy read. Since I've read all the other books in the Zoe Donovan Mystery series, I was a little concerned that this book would not be taking place in Ashton Falls, the home town cozy setting the other books took place in. I had no reason to be concerned. The descriptive writing of the Hawaiian setting made you feel that you were actually there. The setting and traditions were characterized by someone who had first-hand knowledge of Hawaii. This added another level to the reading and made you want to be there to see for yourself where everything was taking place. The cast of characters continue to be well- developed and there were some unexpected things happening in their lives, making it a must to continue reading the series. As usual, the mystery was well thought out and not easily solved. I would recommend this book to anyone who enjoys a well-written cozy mystery. Wherever Zoe and the gangs lives take them, Kathi Daley will make it a fantastic adventure. Can't wait to read about the next chapter in their lives.

Awesome cozy read

Fantastic cozy read. Big time page turner. Can't wait to read the next book in the series. Love following the adventures that Zak, Zoe, Ellie, Levi, etc go through in each mystery.

Zoe finds murder everywhere she goes

All of the fun characters on what was supposed to be Ellie's honeymoon in Maui. Finding a grisly murder victim is no way to enjoy a party, but that is Zoe's way. This mystery, as with most of Kathi Daley's, figuring out who done it was impossible. I love her books so much that I even went right on to book 8 before reviewing book 7. Now I have another book to review, then I'm on to book 9. Can't wait!

Margie says

I discovered this series later in the publications and have just completed the first eight. I enjoyed 1 - 6 very much but did not like this one at all. The only reason I gave it one star is because I do like the series and was hopeful that the next one would be back to normal.

Eight is certainly better and I enjoyed it. I am hopeful of the remaining books in the series because I am enjoying the series. Hopeful, Hawaiian entries will not be frequent in the remaining series.

This book read like someone else wrote it.
