Natalia says

okay...

Samantha Shank says

Amazing book on an overlooked subject - what happened to Holocaust survivors AFTER the war. The book focused mainly on Dov, a young Jewish boy who survived the camps for a short while. He meets up with a man named Uri, who takes him and a group of other Jews to Israel. Meanwhile, Emily, a spoiled 13 year old of a British soldier in Palestine, begins to slowly learn the darker side of her father's work - is what her father doing really right - or do the Jews deserve a homeland? Dov and Emily don't meet until the very end, so I'm looking forward to reading the sequels!

This somewhat reminds me of the movie/book the Little Traitor (free on Hulu), which is about a little Jewish kid who befriends a British soldier in 1947....awesome plot.

Leah Cossette says

This book (and its sequels) were some of my favorites when I was a kid. Dov's journey to Jerusalem to find his family is paired excellently with Emily's journey from a spoiled English brat to compassionate young woman. Each book in the series continues the plot (Dov's search for his family and Emily's fight to stay in Jerusalem), yet tells a good story on its own.

Recommend for boys and girls, all ages.

Cliff hanger story about atrocities to the Jews

It was a holocaust story of the lines I have never read. It is human stories of so sad and terrible losses and terrible life changes and forever losses. It is so enlightening to read about non Jewish people risking their lives for God's chosen people. The story has to always be told forever lest we forget. The author is very talented I just didn't like the cliff hanger part. Thank you for no sexual content.

Denae Christine says

As historical fiction goes, these are some of the best children's books. Not that I read many. But these were extremely interesting and well endowed with facts that weren't boring.

Samantha Parrish says

Absolutely amazing!

Absolutely amazing!

I consider myself pretty well educated on the holocaust and WWII. However, I never thought about what really happened to the Jews after the war. I knew Israel was created in 1947 the Jews to have a nation again. I never knew that Britain controlled Palestine, or that Jews were blocked from Israel. I can't wait to read more in this series. I love how fascinating this story is, while still being historically accurate and well-researched.

Sam says

One of my favorite series!!!

Nikki says

Great Book. If you like historical fiction this is for you.

Madeline says

Nothing really happened until the end. Interesting, but sort of boring and slow.

Sara Davis says

Fabulous!!!
