Rise of Memphis - January Chronicles Kitty Kendall

Meet Jane Nichols - smart, savvy and single.

Her management job in a beach side hotel leaves her no time for love, let alone romance. So one crazy New Year's Eve she takes matters into her own hands by slipping on a sexy disguise and naming herself Memphis. Life suddenly becomes interesting.

Not everything goes to plan though, and her secret adventures in her sexy costume prove to be as hilarious as they are hot. Living out her fantasy has her heart pounding as much as her new sexual journey and she quickly learns that a man who appears to be Mr. Average can prove to be Mr. Holy Hotness on a Stick.

But how long can she hide behind her naughty little secret?

Follow her quest to find love in this steamy, laugh out loud series.

3 stars
Plain Jane has gone rogue.

Rise of Memphis follows Jane Nichols, Night manager at Gold Coast's Hot Horizon hotel hot little trysts with hotel guests. Sounds strange? well yes, that is what kind of sucked me in. As a reader from Brisbane, just north of the Gold Coast, I was curious to the author's story of an area I know pretty well. Jane Nichols is Plain Jane, hotel manager that escaped her hometown and cheating ex fiancé for a new life on the glitter strip. As an unsexed female in her 20's Jane has had enough of her boring life... Enter Memphis. This woman is not scared of any man, she wants orgasms and she is going to find single men in her hotel to help her play out those fantasies.

So with French maid outfit, sexy underwear, fishnet stocking, killing heels and a man in waiting Jane, or Memphis will take over a hot exchange of screams and bodily fluid. One tryst quickly turns into a game, one that Jane will perfect, and record everything. Deciding that recording everything in her diary that occurs with each man, spurs her onto to make this a weekly thing.

52 men in 52 weeks, welcome to Rise Of Memphis January. Bye bye plain Jane, hello Memphis!

Gea says

At first I didn't know what to think. Then I was like: yeah go for it. And now? I'm hoping she finds love. Hopefully it will be someone like Brent, who liked the real Jane, when they first met.

Jennifer Holzapfel says

NSFW Plain Jane, the overnight desk clerk at the Hot Horizon Hotel, just rang in another new year without a man. She hasn't had sex in three years, since her fiance ran off with her best friend. She decides to change her life with the gifts her best friend Lolita has given her, a kinky maid outfit and a journal. She creates the alter ego Memphis, who enters single men's rooms and masturbates with them. Lolly and her husband dare her to do it for a full year, and January is the first month done. They want her to have fifty two sexual experiences in twelve months. Is Jane/Memphis up for the task?

Amanda Griffith says

Super fun read!

Jane works the night shift in a swanky hotel. She feels she's just "Plain Jane," until a secret plan comes about. Jane dresses up in a super sexy getup and visits men in the hotel. These men help Jane in Memphis feel noir so plain.

Julie says

DNF...I started out thinking seems ok, but even though I found some things interesting it just starting being so repeatative and I tried to push on because i had a lot of time invested but it was going nowhere. I surrendered.

Emily Maynard says

First, many thanks goes to Kitty Kendall, who provided all of these stories, both separately and together, in exchange for an honest review.

What is an alter ego? When you hear the phrase, what do you think of? Comic book heroes? Jeckyll and Hyde? Beyonce and Sasha Fierce? What is an alter ego? It is simply yourself, turned up to 11.

The January Chronicles are the first five tales of Jane and the creation of her alter ego, the seductress known only as Memphis. Jane works as a manager at a hotel on the Gold Coast of Australia, and despite the beautiful location feels that her life is at a stand still. Her ex fiance cheated on her, prompting her to pull up roots from her tiny hometown of Mildura, and flee to the Gold Coast and the Hot Horizons Hotel in search of a better life. Boredom, frustration and deep dissatisfaction all come to a head on New Year's Eve, prompting Jane to do something so out of character that the being she becomes merits an identity of her own. Unlike Jane, Memphis reaches out and takes what she wants; and what she wants is satisfaction.

These first five encounters detail Jane's growing confidence in her own allure. With each successive rendezvous Memphis gains a little more of a foothold in Jane's everyday life. Jane begins to see that she does have power, and can wield that power in ways she never imagined.

My favorites out of this group were #3 and #4 - I expect the February Chronicles will be just as good.

Renata Gill says

This story had a little bit of every thing humour , suspense & hot sex!! I Would recommend it to everyone!!

Tina says

Plain Jane had a naughty alter ego Memphis. After 3 years and 1000 miles she is finally trying to put her

cheating ex fiancé who slept with her best friend behind her. Jane uses Memphis to experience erotic acts with random strangers. This book is a series that will take us monthly through Jane/Memphis's adventures and I can not wait to see what she will do next!

Juliana Ignácio says

This was the first book I read by Kitty Kendall and I really enjoyed the story. The reading is fast and the story is really hot!

Jane is tired of being Plain Jane, so she decides to take a turnaround in her life, with the help of her friend Lolly. And then they come up with Jane's challenge to meet one stranger per week for a year. And the setting for the meetings is the hotel where Jane works.

And what about those meetings, OMG, everyone is super hot! I especially liked Bill, the cowboy. I recommend the reading.

I was given this book in exchange for an honest review.

This was a pretty good book. Jane works as a manager at a hotel on the Gold Coast of Australia and three years after her ex cheated on her she is ready to take back her sex life, but Jane is a plain Jane so she creates and alter ego. Memphis is a seductress who goes after what she wants. The book is made up of five tales of Jane with each encounter Jane is growing more and more confident also each one was hotter and hotter. This was a really good book and it was nice to read a book where the female character take back the power and learns how to own her sexuality. All of the stories in this book were well written with no errors in grammar. This was my first time reading this author but not my last and I can't wait to read the next book. February Chronicles

Redcheeks64 ALFORD says

Loved this story! This will happen when you have been cheated on. She lost the feeling to be sexy and attractive. Love the twist and turns. If you are looking for a book that is sensual and sexy. This is the book for you.

Gayle says

Let me start off by saying that this is a first for me by this author so I had NO idea what I was getting myself in to.

So I will start my review with this....

What a cheeky little novel with a whole lot of naughtiness with a sprinkle of spice and all things risqué.

In brief we meet Jane, a night manager in a hotel on the Gold Coast in Australia. After having her heart broken, Jane fled her tiny home town and headed to the sun and surf and as far away as she could from the damaged caused by her fiancé. Life is pretty good for Jane, but the poor girl sees herself as 'plain'. All Jane does is work, sleep, repeat, work, sleep repeat.

But everything changes in Jane's life when Memphis appears.

And who is Memphis you ask?

Well let me tell you she is a woman who knows exactly what she wants and she will **ALWAYS** make sure that she gets it. She's a woman with needs and her needs will be met. She just needs to strike at the right time and strike she will.

And Jane and Memphis?

How do they entwine?

How are they connected?

One plain, one a firecracker.

How do Jane and Memphis make it work?

You are just going to have to read *Touch Me* to find out.

This isn't a read that I would normally go for, but I was pleasantly surprised at how it captured me. The storyline is full of humour and touches on the subject of self-discovery. It tells of a story about a woman who has been crushed and left broken, but somehow through another becomes stronger and confident within herself.

A delightful read for those who love all things cheeky and deliciously naughty.

4 stars

Renee says

Plain Jane is finally ready to reclaim her sexuality after keeping men at an arms length for years after a messy breakup. Jane doesn't do casual sex but isn't ready for a relationship either, so sex with a man at arms length seems like the perfect solution.

With the confidence obtained from an alter ego and a new man in her sights each week, Jane's encounters are far from plain.

This erotica novella is perfect for a quickie read or you could tease yourself a little reading a chapter at a time. I enjoyed her January antics and I'd love to see what she gets up to for the rest of the year. The erotic scenes were well balanced with plot, character development and a dollop of fun.

I received this book free in exchange for an honest review.

Discovery

This is a great start to the journey of one plain Jane with a need to discover herself for who she is and what she wants to be.
