Taunt

Claire Farrell

Taunt Claire Farrell

Book one in the Ava Delaney series - Thirst - is now free.

Ava needs to forget all about the vampires, but they won't leave her alone. Between her failing business, angry landlord, disloyal friends, and vampire stalkers, life is starting to feel pretty stressful. When Ava finally deals with her biggest problem, she gets caught up in the chain of events it triggers and is dragged along a path she can't escape from.

Ava has to figure out exactly what her biggest threat is: the humans, the vampires, the Council—or her true heritage.

Book 2 in a 6-book series, Taunt is approx. 57,000 words.

1. Thirst
2. Taunt
3. Tempt
4. Taken
5. Taste
6. Traitor

Victoria says

It is a great book to read

Punkin says

Well

That didn't go as planned. Quite an unexpected bombshell... Plenty of characters to continually hate and Plenty of mystery to keep going.

Katie says

This book should be titled SULK, not Taunt. Because that's basically the main action of the main character. I'm not sure when having an always angry, illogical and suspicious heroine became the norm for books, but I'm seriously over it. This series is okay, I guess, and I appreciate that the author moves the story along a decent pace, but the constant anger and irrational thought process of Ava throughout is monotonous. Ava trusts no one, even when those around her are always helping her out, and is screaming about something stupid every other page. It's really hard to identify with her when the perspective of the other characters makes much more sense.

The story itself is interesting, though I think that these are books are written a little thin, with little depth to them. Each of the characters feel a little flat. Some solid editing with more fleshed out ideas and characterizations would do this series a world of good. Overall, these books aren't bad but they're not great, either. Instead, this series seems to ride that fine line of in-between and could easily go one way or the other.

Grace the Book Queen 👑 says

3.5 stars

This second book in the series is a huge improvement compared to the first one in terms of grammar/editing. This book was also really good in the last few chapters. However, it tended to do massive info dumps that were hard to follow and we kept learning about new characters before we even remembered the other ones' names. Still, this series is showing promise and improvement so I'll continue to the third one.

Bree Murphy says

Love it

Love the characters most Ava can't wait to see what happens next I hope Ava and Peter end up together

J.J. says

Ok, we get it already. You think Carl should go back to his family. You think everyone should tell you everything right away. You are weak, then strong, then weak, then strong. I'm only continuing with these because I want to finish the series which I hate because I really want to like these more. Hopefully, they get better.

Brittany Goodman says

Interesting

This installment had vents unfolding in order to lean more about Ava and her friends. We are starting to see true character meet in each and Ava is beginning to get her answers

Lana says

This sequel was good enough to get onto my awesome list. I loved the storyline and didn't want to put the book down once I started it. Pity we have to work as well - lol. It was well written and for those that haven't yet picked up the first book in this series, do it.

It seems that the story can only get better. Just enough action, drama etc. to keep one hooked till the end. A definite must read for all paranormal readers.

What next is in store for Ava, Carl, Peter and the supernatural world? Only time will tell and picking up the next in the series.

Well done Claire!

Donna Lavalley says

Finding Out Your Heritage

I gave this book a rating of 5 because I loved it. I loved the twist and turns about Ava's true heritage as it becomes revealed. I recommend this book to anyone that loves vampires, shifters and magic.

Keith Bornmann says

Good story

I really enjoyed reading this book. The main character is respectable and lovable. The plot is not too dark. The book is fairly clean of profanity and sex.

Kevin says

Major developments and ends in a reveal.

Unexpected.

Recommended.

Marsha says

Have you ever watch the made for T.V. movies on the Sci-Fi channel knowing that they are going to be truly awful but you watch them anyway? Well, that is how I felt after reading this book. The premise for this series had so much potential; but, due to a convoluted story line, it went off track so quickly that I almost had whiplash.

"Taunt" pick up immediately after the first book ended. Ava is reeling trying to forget about all of the things that had gone wrong in her world. She feels betrayed by those she trusted, vampires seems to be watching her at every turn, and she must work for Dainlin, one of the vampire rulers. With all of this craziness going on, her home business is going under, her rent is overdue, her landlord is not happy about it and "Grandma Dearest" wants Ava to move in with her.

Little does Ava know but she is being played like a pawn in a game of chess. Because of this events are being set into motion that may end up being her downfall with the Supernatural Council. Schemes are afoot, secrets will be revealed and plots may be realized. So, why did I give this book only two stars. Because Ava, a character I loved in the first book has become a whiney, self absorbed, weak and sniveling idiot. I wanted to yell into my Kindle, "Put on your big girl panties or jump out a window why don't cha!" I just really hated what she became. Most series gets better because the character grows. This one just didn't.

Truthfully speaking I am not at all sure that I will continue on with this series. I've given it two books and I am just not convinced that it is going to get any better. I will read a few reviews on the third book before I make that decision.

Shaly says

4 Stars

Well now I know what exactly Ava is as this book explains it in detail! Everyone has an agenda and poor Ava is on everyone's list..

Tina says

Ava find out what she is, finally. There's a new beast in town and it's her job to catch it. Another exciting novella showing the life of Ava Delaney. This has action, intrigue and a little sass. I really love a good strong woman, even if she's slowly getting there. I love her passion and the way she's always looking out for her friends. I really love the way Ms. Farrell writes and can't wait to read the next in the series.

Amanda Nan Dillon says

Barely a 2 -- was extremely hard to follow. I skimmed most of it.
