The Cougar Chronicles 2 Courtney Cole
THE COUGAR CHRONICLES 2

Our definition of Cougar:

A sexy, confident woman who knows who and what she wants.

This is Sara's story.

She's fiery, sassy and explodes at any given second.

She's sexy, funny and wildly inappropriate.

She pokes holes in eggplants,

And has an obsession with penises.

She might be a train-wreck,

but she sure has fun before she crashes.

Mary Meredith says

Too funny

This was just as good as the first. I loved that the hilarity ensued and the bond grew stronger with the characters.

I laughed a ton and truly enjoyed the book. The author has a good way with words.

Laurie Baker says

Liked this book featuring Sara. Some of the stuff that came out of this chick's mouth was soooooo funny. Reminds me of some of my sorority sisters. Sam's character also had some meat to him. Just wished this book was a little longer. Kinda wrapped up quick after all that flirting they did.

Jennifer Kyle says

4 Stars

"He's way too sweet for you, Sara."

Fans of Courtney Cole's *Confessions of an Allie Cat* will enjoy reading about her best friend Sara's fall into love while attending Allie and Alex's wedding. This was a short/quick read but very enjoyable as Sara the wild, untamed, thirty-five year old who is still trying to prove that she's young meets her match.

"Someday, you'll have to grow up, little Sara. And when you do, you'll see that you don't have to prove how young you are. You'll learn that you're enough just the way you are."

The story had a ton of laughs and a surprise love interest for this wildly inappropriate best friend and of course more of Allie and Alex the characters from book one of this series.

Sara says

The first one was so good! This was just....?

Julie says

Mm mm this one just didn't work for me, it seemed so forced. The 1st book was amazing....this one....meh.

Kim Page says

I must say that Sara is now my favorite character of all time!! I love her sarcasm, wit and mostly the amusing antics that she always gets Alli talked into...after all what are best friends for right? It is truly laugh-out-loud funny as was book one (Confessions of an Alli Cat)!! My only complaint is that it was in no way long enough!!!! I want more, more, more!! Please tell me you are writing more books filled with Alli and Sara antics!!!! I will buy them all!!

Konny says

The Cougar Chronicles by Courtney Cole is book two in this series. I recommend to read the books in order. The previous book is Confessions of an Alli Cat.

This book tells Sara's story. Sara is Alli's best friend and is Maid of Honor in Allie's upcoming wedding. She's the evil minded best friend of Alli and her hair color matches her personality. She's feisty, refuses to grow up and has the attention span of a gnat - except something catches her eye, then she's determined. Her latest victim is Sam. Sam is the 38 year old brother of Alli. A brother she never heard of.

I loved book one and had high expectations for Sara's book. But she and I simply couldn't hit it off. I couldn't for the life of me connect with her character.

Don't get me wrong, the storyline is great, the story a witty and fun read and the writing is excellent. 4,25 stars.

Shirley says

Great, great and great!

What can I say.... Just as good as the first one and it looks like maybe a third one coming.... The way ended. I hope so. Just as crazy and funny as ever. What a great fun read.

Kimberly Walden says

Awesome short story with lots of laughs....

Funny and hot little addition to the original story. Crazy bachelorette party, hot best friend's brother, and make you laugh out loud antics.... couldn't put it down!

Wolgan says

Sara is legitimately a terrible human being. She's selfish, inconsiderate, rude, irresponsible, and mean. I just kept wanting to scream at Sam to run away, before it was too late. He didn't take my advice. Poor bastard.

Carla ?Did I Say That? says

Wow...I was so excited to read this one...I absolutely loved the first book..but this one fell short for me...**sighs**.

Rita Kunselman says**What happened at the Bachelorette Party?**

This was a very humorous book and you just can't believe what happened at the party!!! I would definitely recommend it to any of my friends! It makes for a good "beach" read whether, your at home or off on a cruise!

Suzy Stork says**Comedy perfection**

I just loved this book!!! I somehow missed tag there was a follow up to the first book, which was hilarious and left me wanting more. This book was exactly what I was holing for.

It's no secret that I love Kristen Proby, so to have one of her characters from the With Me in Seattle series make a cameo appearance during the hilarious book club chapter was AMAZING! Eggplants and apas!

I want to be friends with Sara and Ally. I never want it to end. I wouldn't be sad if there was more and more to this series.

Mir says

Fue un poco decepcionante. Principalmente creo que porque la historia fue corta y todo se desarrolló muy rápido. Tenía potencial para una buena historia, pero creo que la autora no dio con ello, y al final se sintió todo forzado y nada fluído. Tampoco me gustó el personaje de Sara. Pero de nuevo creo que fue por lo escueta de la historia que lo poco que se pudo dejar a conocer del personaje fue horrible. Le doy dos estrellas por la aparición de Colby aunque también creo que fue poco explotada.

Cheryl says

Courtney Cole's Confessions of an Ally Cat was one of the first books of this type I've ever read and was waiting ever so impatiently for book 2. Its not often you find an adult romance where the characters are actual adults!!! Book 1 was Alex and Alli's story and if you love down and dirty fun times, you will adore them.

Book 2 is about Alli's best buddy Sara. Sara is quirky , crazy and full of sexy sarcasm. She loves sex and she loves more sex. What she doesn't love is men her age.....until.....

The Cougar Chronicles 2 is pure no brains needed stress relieving entertainment. Enjoy !!!
