The Other Side of Her

Hari Kumar K.

The Other Side of Her Hari Kumar K.

Bestselling romance writer Revati Krishna had everything that a girl could wish for – A sparkling career, a thriving fan-base and a perfect love life.

However, life is not always a bed of roses... Sometimes, there appear thorns.

An unfortunate car accident turns her life upside down.

To start over her life, Revati moves to a sleepy hill station where she gets entangled with a murder that happened 15 years ago. On the pretext of writing a book, she starts investigating into the matter and finds striking evidence which otherwise could never be found. But she doesn't know that she has put her own life in danger.

How far will one woman go to give justice to a dead girl?

The answer lies in that incident which happened 15 years ago. The incident which shall tell the world... The Other Side of Her story.

From Reader Review The Other Side of Her for online ebook

Vishnu Chevli says

"The Other Side of Her" by Hari Kumar K. reached my home as a surprise package. I didn't subscribe for the book but my stars were shining so I got this lovely book at my doorsteps uninvited. Though Diwali vacation has affected the deadline of the review, it gave me a good company during Diwali trip. It was my first book by Hari Kumar, and I thoroughly enjoyed the book.

The protagonist of the story is Revati, an award-winning author. She was enjoying an ideal life on personal and professional front. But life took a complete turn when she lost her husband in an accident. She lost her touch over writing skills as well. As for change, she was asked to take a long break, so she decided to stay with her elder sister until she can get out of her depression. From this point a love story looking book switched to a horror kind of thriller. A ghost of a dead girl name Paravati came into touch with Revati. To bring the justice to girl, Revati started investigating 15 years murder mystery. Read the book to know more.

Good points about the book

- 1) Simple language usage.
- 2) To the point narration style.
- 3) Character of Revati & Paravati
- 4) Good mix of multiple genres
- 5) The short length of the book made it an easy read.

An awesome companion for a short trip. I really enjoyed reading this book, can surely recommend to light book readers.

I will give 4 stars out of 5 to Hari Kumar's "The Other Side of Her".

Harry b nair says

A great thriller to be read with a good romantic track running throughout the chapters. Some secrets are easily guessable and that is the beauty of the writing because there is something big coming from the dark. Hari has improved his skills wonderfully well comparing with his previous novels. A good read.

Dianne says

Revati Krishna was a best-selling author, but nothing she could have written could compare to what happened to turn her nearly perfect life into a nightmare of epic proportions. Devastated by grief at the loss of her true love, Revati moves to her sister's home to heal, but she becomes "haunted" by Parvati, a young girl who was brutally murdered over a decade before and she believes the man on death row is not the killer. But will Parvati's spirit lead her to the real murderer? Is Revati prepared for the truth?

THE OTHER SIDE OF HER by Hari Kumar K. is a brilliant mystery, rich in detail, and filled with dark twists as one woman teeters on emotional collapse as she becomes the conduit between the living and the dead.

There are times the writing hits a few speed bumps, but in totality, this is a wonderful escape into dark fantasy and suspense as readers are swept off to India and into a kaleidoscope of emotional turmoil.

I received a complimentary copy from Hari Kumar K.!

Krutika Puranik says

The other side of her. .

Thank you for the review copy @srishtipub. I thoroughly enjoyed this book :) .

.
The protagonist in the story is an award winning author called Revathi. When Revathi who was termed as the Queen of romance, loses her husband in a terrible car accident, she succumbs to depression. Immediately she faces writer's block and even after months pass by, she cannot write down a single story. When the doctor prescribes for a scene change, Revathi then moves to Kerala to be with her elder sister. What I thought would be a cheesy romantic novel, turned into a thriller one! . .

Soon after moving to Kerala, she faces out of body experiences and gets haunted by ghost of a girl called Parvati. When she realises that Parvati had a terrible tragedy, she knows within the bones of her body that she has to find justice. Rest of the story shows the struggles of Revathi as she unveils the culprit after running around in a never ending maze.

.
The characters in the book are thoughtful and structured. The suspense is what made me finish the book in just a day. The plot is beautifully executed and kept me guessing about the villain. The author has done a tremendous job in penning down this book by truly capturing the essence of mystery.

.
I would rate this book 4.5/5.

For Review

Wonder Books says

First of all, I want to talk about something which I have avoided in my all reviews before. I want to talk about this book's COVER.

This book's cover is very deceptive. In a glance, it appears like a cover of a normal Romantic novel- Same happened to me and I was convinced of this book's being a Romantic novel for weeks till I started reading it. BUT when you look at it closely you will find-

A black crow in the bottom-left-hand-corner, which is considered a bad omen in many places and is associated with Cemetery.

A Human Skull beneath the crow, no explanation needed.

A Book with a Cross printed over it, A famous ingredient of Horror movies.

Blood marks in the top of the cover.

So, What did you conclude with these?

I will tell you, It is not a Romantic novel but a Mind-Blowing Fast-Paced Horror-Thriller. It will run a chill down your spine.

The book is a breath-taking thriller with almost all the parts of a Horror novel. It is full of twists and turns which will keep you at the edge of your seat. The language, vocabulary and the writing style of the author are gripping. The characters are well created and strong. The character of Revati Krishna is amazing, many of you can relate to it.

Overall, You will finish this book in a few hours But it will take weeks for you to overcome its effect. I am telling this because it is not unnecessarily lengthened which makes the story interesting and not boring. It is short but not very short. It is worth the money you spend on it.

So, what are you waiting for? Go and Grab It.

Pooja says

The author has very well penned the true love story between two souls with all the thriller suspense alive throughout . Its just amazing how Revati Krishna struggles to give justice to a dead girl which though she was going through a tough time of her life.

Loved it.

Yet again a book worth reading.?
