Enter Nadine Vessy...

After a dramatic falling out with their former manager, the band hires the dynamic and outspoken, Nadine Vessy, to represent them. Nadine's first line of business - get Hanna out of the picture once and for all! She'll stop at nothing, including digging up every dirty little secret Hanna has to make that happen.

### **Natalie Townsend says**

I would have given this book 4 stars but there were mistakes in the writing that really annoyed me. Like when Bo was talking to Hanna the book had written Nadine's name there instead. A little editing would have made this book fantastic.

### **Catanna Garcia says**

I enjoyed this book, there was a crazy bitch, hot sexy, and two people in love. I cant give it 5 stars because it felt like it just ended, like there was more to the story and I felt like I was left kind of hanging. Love the author

I enjoyed the first book, i waited what seems like ages for the follow on book! however, this book was good but no where near as good as book 1, at times it seemed rushed there isto much crammed in and going on in a short space, often it felt as if tehe chapters were vague and lacked any depth, however, I did enjoy the story line but finished the book in 2 hours. It is worth reading, I love the characters. Felt as if the end is still unfinished, I'm starting to,wonder if the story is going to be dragged out over a large number of ebooks.? I hope not. "Miking it" comes to mind!! I also noticed this author likes her "coffee shops" seems all kinds of things happen in these coffee shops, and "the girl" from the coffee shops is really getting some action! as a large % of books are titled with "coffee shop" ( The Rock Star And The Girl From The Coffee Shop, The Bounty Hunter And The Girl From The Coffee Shop, The Porn Star And The Girl From The Coffee Shop... the list goes on.. its endless! hehe!
