Witch Resurrected Gail Roughton

Witch Resurrected (portions previously published in novella length)

Ariel Anson thinks she has her life in order. She's young, smart, and beautiful, even if she doesn't believe the beautiful part. She's a paralegal with a great career and a fiancé who's a CPA. You just can't get any steadier than that. Then she meets private investigator, bounty hunter, process server Chad Garrett. What does War-N-Wit, Inc. stand for anyway? Warlock and Witch? For real? Oh, yes! For real. Her life as she knows it is over! Instead of organizing corporate documents and pleadings, she's chasing bail jumpers and taking down serial killers. And investigating secret societies. Like Resurrection. Not everyone can join, just the elite few who remember their past lives. Only the Seer knows if those memories are truth or fabrication. There's just one problem. The new Seer is missing in action. War-N-Wit's new assignment is a blast from the past! But whose past?

Reviews:

Mrs. Roughton has a writing style all her own that to me is reminiscent of Charlaine Harris meets Janet Evanovich. The characters were easy to fall in love with, with just enough back story on each to keep you informed without losing interest in the plot line. ...I was captivated and am anxiously awaiting the next book in the WarNWit series! Macs Book Blog on June 30, 2012

Reincarnation, witches, warlocks, ghost whisperers - you name it, magic is everywhere in this story... Ms Roughton's style incorporates a bit of Georgian hospitality, humor, steadfast relationships, magic, and Ariel Anson. This story-star is definitely going places (like maybe the big screen!) Kay Dee Royal on May 24, 2012

Being new to the author, I was stunned at how well her characters, Chad and Ariel were developed. How could she write so well and I had never heard of her? Ms Roughton's talent will take these characters into so many novels with action while deepening their romantic attachment. I fell in love with their "love affair". J. Boyd on July 14, 2012

The chemistry between the two main characters was ELECTRIC ... What captivated me most was the especially witty, clever and snappy dialog...Very well-edited; a pleasure to read for this reason, too. This series is going to be fabulous -- I can just feel it, based on these well-defined, exciting and lovable characters. It was obvious the author was really having fun writing this one! zzz on July 15, 2013

Alice Taylor says

I received this book from the author, Gail Roughton, and from Paranormal Romance and Authors That Rock. Witch Resurrected is the first book of the War-N-Wit series. This story is about Ariel and Chad. Ariel thinks she has her life all in order. A job she is good at even if she is not completely happy in it as a legal secretary, she has a fiancé who is steady and predictable, and is a CPA. Then she meets Chad, a PI who is doing work for her legal firm, even though their first contact is through the phone and email. Later on they meet and Ariel's new life begins as Ariel finds out she is a witch and Chad is a warlock and that they have been together in past lives. While Ariel was unaware of her past lives or her abilities, Chad has been looking for her so that their life and adventures can begin and they begin fast.

This book was awesome. The story starts out great and doesn't let go. The characters just seemed to come alive and draw the reader into the story. This is a love story across time and a paranormal story. This would be a great book for many ages. I couldn't wait to start the next book.

I'm giving this book 5 fangs.
