## **Blaze of Glory** Mandy M. Roth , Rory Michaels

Sheriff Jonathan MacSweeny is in charge of keeping the peace in Prospect Springs. Frontier living isn't what it used to be. It's hard to survive in the New Old West and it's even harder when your area doesn't exactly embrace supernaturals—and you howl at the moon. That being said, he's good at his job and has a reputation with the ladies. When he learns his childhood sweetheart is to be married off to the town sleazebag, he goes in guns blazing to see to it she's his. Problem is, Molly isn't the same girl he remembers from ten years prior. Now she's a gun-toting, foul-mouthed, vixen with a badge of her own.

Special Marshal Molly Cogan never planned to set foot back in Prospect Springs. When her friend gets the harebrained idea to steal her identity in an attempt to protect her from the bounty the outlaws have on her head, Molly finds herself standing right smack dab in the middle of chaos—or home in her case. It isn't long before Jonathan is there, flashing that famous MacSweeny boy smile and tempting her in ways she wasn't prepared for. This heart-hardened Marshal has her work cut out for her if she plans to face her past fears and her past sweetheart.

# From Reader Review *Blaze of Glory* for online ebook

**Nes says**

## **Short and sexy read**

There is some worldbuilding, this is the second "short " I have read from Ms. Roth, The general idea is good but lost in the briefness of each story, I would really like a longer more cohesive story (There is a terrifying life event downplayed by time constraints), it could have been considered a good bones book but all is lost in sexy times.

---

**Bunny says**

## **Enjoyed Read**

Nice paranormal romance, strong plot, enjoyable characters living in an interesting world, another great read from Mandy M. Roth, if you like her other work you will like this

---

**Danielle Carpenter says**

This story started out great with guns blazing. I understand what was going down between Jonathan and Molly, but the ending and climax wasn't as good as the start of this book. The reader kept me engaged, but I was left at the end of the book as if I missed something.

## **~ 4 Blaze of Glory Stars ~**

*Blaze of Glory* is book one in the *Prospect Spring Shifters* series by Mandy M. Roth. This is a quick, short, and fun read about a kick ass heroine, an alpha shapeshifter, and what each of them will do to protect the one they love.

**Molly** has run from everything, the town she grew up in, the man who harmed her and the one man she has ever loved. She is now a gun toting and badge wearing, Special Marshall. She has grown into a tough women.

**Jonathan** has tried to protect Molly as best he can. He receives the best and worst news all at the same time. Now he must decide how to get the one and only women he has ever loved. He won't let anyone stand in his way.

*Blaze of Glory* introduces us to a post-apocalyptic time, with gunslinging shifters, futuristic metal steeds, and magic. The novella is full of action and twists on the old west. We get a whole family of *HAWT* shifters

to salivate over and an interesting world ruled by different country territories and rules.

*I enjoyed the world and different creatures Ms. Roth has created in this Sci-Fi Erotic Paranormal Romance. I liked the futuristic post-apocalyptic twist on the old west and look forward to continuing this series.*

---

### **Danielle says**

Blaze of Glory is a short, sexy read about a kick ass heroine, a shapeshifting alpha male, and what each of them will do to protect their mate. With a post-apocalyptic vibe mixed in with gun-slinging, futuristic horse-riding shapeshifters, it definitely held my attention.

The last place Molly wants to be is back in Prospect Springs, but when her friend tries to take her place and either marry the man she has been promised to or die in the process, she's left with no choice. Of course, no one back home was expecting Molly to be the tough as nails chick she turned out to be.

When Jonathan learns that Molly, his mate, has been promised to another man, he shows up to stop the wedding. When he sees Molly again, all the longing that he feels for her comes rushing back and he will do anything to make her his.

There's an awesome gun fight, playful banter between Jonathan and his brothers, as well as between Jonathan and Molly, plus some super sexy mate-claiming. Overall, this was a good novella, and while I was wishing for a little more, I enjoyed it.

\*Kindle copy kindly provided in exchange for an honest review.

### **Gizzie says**

This is a future sci-fi western with a twist. Very different from anything I read before. Loved the book.

---

### **Ronda Tutt says**

Fun, Sexy, and Refreshingly Humorous

I absolutely loved it! The writing becomes addicting right away as the story comes alive within the first page. I literally could not put this fast paced book down it was that good. The characters connected beautifully and had me laughing out loud with their bantering. I actually smiled throughout the whole book.

I loved the way the Macsweeny boys (Were-wolves) were described - "the jet black hair was a Macsweeny trait, one the ladies seemed to adore and the church-going elderly women seemed to take as a sign of the devil." Totally my kind of guys!

The female character Molly (human/Fae) was kick Azz and strong willed physically and mentally with her

magik. The attraction between Molly and Jonathan was very sexy and playful and their erotic love scene where Jonathan claims her as a mate was so hot.

The back ground setting with the story taking place in the country territory and ruled by territory rules made it that much more interesting. I thought the sci-fi touch of the metal steeds without legs that floated in the air and could move as fast as lightning was a great way of explaining the futuristic change between the earth and the other worldly planets. I look forward to reading more about this world and the Macsweeny boys.

Great Read! I highly recommend it to everyone.

### **Erth says**

First time reader of this author and now i am hooked. This was such a great, easy and creative series. i was hooked after the first page.

The characters were easy to fall in love with and follow, along with the story. the author made the mental visions so easy and vivid of the surroundings and the characters actions felt so real.

i would highly recommend this author and this series.

### **Kristen Lewendon says**

This was a fairly quick little read, but it was a ton of fun. There are moments in here that remind some of Firefly with it's cross between a space-age future and the Old West. We don't get to dig too deep into Jonathan or Molly's characters, but from what I've seen they seem well suited to one another. Normally I'm a miss on books with such stark language. (Because I didn't hate it I'm not going to use crude, crass, or vulgar.) However, the style fits the setting and it didn't irritate me the way I expected. I'm interested to see what the author does with the other members of the MacSweeny clan. After all, she's left herself a lot of room to work in.

---

### **Cheri says**

Blaze of Glory (Prospect Springs Shifters Book 1) (Kindle Edition)

The Wild Wild West in the year 2087. There are some changes here, but men still rule (at least they think so.) Jonathan MacSweeny is the sheriff, Molly Cogan is a Special Marshal -- pretty much a legal bounty hunter. She left years ago after a brutal attack by the man her father is marrying her off to, so he thinks. Jonathan rescued her and released her even though he knew she was his mate, oh yeah, his is a wolf shifter as are all his brothers and cousins.

With a bounty on her head when she returns to town, two of her friends are planning an intervention. Add a bad guy attack, a fake fiance, some hot sex and great dialogue you have the makings of an unforgettable caper. All the men brothers and cousins are hot and well practiced at putting down the others.

Warning, while this stands alone, you will want to continue the series. Some great characters to get better acquainted with in the next books.

This book was provided by the author for an honest review.

### **Sandra says**

More like 3.5 stars.

Mixing texas cowboys with supernaturals was a great idea, looking forward to the rest of the series.

---

### **Sandee says**

Alpha romance right out of the old west. Change the characters to shifters and it becomes this cute little story.

---

### **Wendy Umana says**

I loved this book! It's one of the few books where the overprotective male doesn't step all over the girl that he is obsessed with. Jonathan seems to love protecting his girl to the point of being almost too overbearing, but what really makes the relationship work is that Molly is not willing to hide behind Jonathan and wait for him to save her. This girl is independent and tough, but then she also knows when to let Jonathan take the lead and try to solve things on his own. She has been through a really tough time, but she has not let anything stop her, she has just learned to deal with things and grow a thicker skin. She doesn't let Jonathan change that about her and she will give just as good as she gets. Jonathan is passionately in love with her and will not let anyone harm her ever again, he seems to understand her and is willing to take on the challenge of being with Molly. This book was an amazing start to the series and I can't wait to read the next books and watch how Jonathan's family fall for their perfect mate.

---

### **Ana says**

Wonderful!

I loved this book. It was highly entertaining. The thought of the future reverting to our past Wild West days is great.

Molly and Jonathan never thought that they would be reunited after 10 years and certainly not this way. The passion is there even though they never had sex because they have always loved each other and when they see each other, sparks start flying all over the place.

What Molly doesn't know is that Jonathan marked her all those years ago when he rescued her and she is already his life mate. All that needs to be done is to consummate the bond... Do they ever?.

Very entertaining with lots of action and passion.

---

**Pam Louis says**

This was my first western book, I wasn't sure I was going to like it but it had a in the future twist and there are shifter and magic, what a great mix. The people in the story I fell in love with and one a loved to hate! Lol I can't wait to read more from roth, thank you mandy roth for a fun evening!
