## Dangerous Bonds Book 1 Shani Greene-Dowdell

Kemara wants nothing more than a quiet, simple life. In her experience, relationships are anything but simple. However, when she meets the Channing, her convenience store hero, she can't help but long for a life that's a bit more...complicated.

From the moment Channing lays eyes on Kemara, he knows he has to have her no matter what it takes. Given his affiliations with a white supremacy group, getting with a black woman is going to take quite a lot. But what could he say? She's the most beautiful woman he'd ever seen and the heart has no biases.

*Channing's stone cold heart is melting.*

*Kemara's warm embrace may be his undoing.*

## **From Reader Review Dangerous Bonds Book 1 for online ebook**

### **Elysa says**

#### **?Awww?**

Please hand me a parachute for when I jump off cloud 9...?

Yes..for real it's that syrup! But the all too realistic reams of hate keeps the story relatable and worth it. Kemara & Channing are adorable and show courage. A fictional modern day Mrs & Mr. Loving. Well done!?

---

### **Kellane Ayanna Mitchener says**

#### **Great friends to lovers romance!!!**

I enjoyed Kemara and Channing's story from their meeting to the end. This book dealt with a heavy issue and it was handled realistically so thank you Shani for your great handling of this issue. Back to k and c they were so cute together and I'm glad they got there hea. Could you write a story for Tameka and Jeb??

---

### **Cassandra Haywood says**

#### **Racism**

This is my first time reading a book by this author. It was an interesting storyline on racism. Channing who is white and Kemara who is black meet and fall in love. There is a lot of resistance to them being in a relationship by family and other people. Will their love survive or will they have to part because of racist people?

I enjoyed this book which I felt many emotions of happiness, shock, anger, funny and sad.

I look forward to reading more of this author's book's.

Review:

"Dangerous Bonds" by Shani Greene-Dowdell

## My Thoughts.....

This was quite a interesting read that this author presents as we are presented with Channing and Kemara that dealt with 'race and love.' Being presented with racism and the way it was showed in this read was really something as we see how these two will work it all out. How will Kemara be able to take this all in after she finds out about Channing's background? I liked would this character was able to know just what was right and wrong. This story really shows that even though one may be born to a racist family there can be a change if it is desired. Will these two be able to 'look deep within themselves and find love?' This story really shows that even in our world today 'hate and bigotry' still can be found. In the end will love trump hate? Well, to find out about this story you will have to pick up this very good read of 'Dangerous Bonds' to see how well this author gives the reader a very well written story of just what happened in such a situation as it was was Channing and Kemara.

### Real good!

Dangerous bonds is a really great read, Kemara and Channing had to overcome so much to get to their happily ever after,..

Their love

for each other was pure and true and together they get through all the hurdles and come on the other side even stronger. I love them and their story.

Channing's mother is remarkable... And Kemara's family are wonderful as well.

Great read indeed!!

### Had so much potential.....

This book started off so great it's like....it's almost like two different people wrote this book. The first couple of chapters were really good, it reeled you in....but then after that it's like someone else picked it up and just completely demolished the book in my opinion. It's a juvenile took over the rest of the book.....I just couldn't complete the book without some serious eyerollls....just terrible....oh my gosh.... I'm just....I'm not a quitter.

## Pamelon says

### I love Kemara and Channing's journey?

Love everything about this book...characters, the storyline, the flow. Kemara and Channing omg! Their chemistry was explosive and they were destined to be together. This couple right here, fought for their love, life and future. They went through hell but they held on to each other. This author always get it, just right. I love the way she tells a story. Safe Place is next?. Great job!

### **Mspraise50 says**

This is not my first book by this author. I had this book for a while but did not get around to reading it. The theme, one which is becoming more common place these days, a man who is attracted to a woman, which from the way he was brought up teaches him he not have these feelings for. This is Channing and Kemara story. I enjoyed it. I am looking forward to reading her hothead of a sister's story.

### **Shatika Turner says**

#### **Dangerous Bonds**

This book was excellent. The subject matter as to what it was centered around isn't heavily spoken about today, but needs to be talked about more. The way in which the author presented the storyline, the characters and the development was impeccable. There were minor editing issues but none that affected my ability to follow the story. I recommend this read.

#### **Enjoyed!**

First reading by this Author. I loved the way she took us on a journey letting us get to know the characters as they became acquainted with each other. The storyline was good and I loved the two main characters. The only thing I can complaint about is the story was too short. 3.5 stars

---

### **Fashionista says**

I'm giving it 3.5 Stars.

---

### **Michele Wesley says**

Good and highly entertaining read.

---

### **Lynnai says**

#### **Intriguing read**

This book was a little different from your usual BWWM. The hate and racism that was in this book is

reflective of society today. I'm glad that it wasn't glossed over but everything in the book revolved around it. I wish that there was more and fire between Channing and Kemara. I kept hoping for more throughout the book. The ending seemed a bit rushed and more of a summary. Overall I enjoyed the book and would definitely recommend reading it. Great characters , good storyline, and a nice editing job.

### **Tiffany says**

This story is about Kemara and Channing. They meet in a rinky dink corner store. Kemara needed an iPhone charger and Channing helped her get one. He didn't get her name but he followed her to a restaurant because she was going to meet her friend there. So Channing realizes they didn't get each other's names so he goes to the restaurant where he saw her meet her friend, almost daily, just in case they meet up there again. Well, a few weeks go by and Kemara meets up with her friend at the restaurant. They exchange names and Channing gets her number. Well, you know the rest from there. They fall in love and Channing's father and brother hates her because she's black.

What I did like about the story is the relationship build up between the two. Both knew what they wanted from each other and they'd rather take their time than mess it up.

What I didn't like about the story was that Channing's father and brother were Neo-Nazi's. Channing was a member, however, he didn't share the same feelings. He never verbally denounced the group until he met Kemara. Also, if the author is going to use this as a plot, there should be suspense, angst and every other emotion that she could use to make me bite my nails to get to the next page. I felt she could have done without the racist family member plot.

I've read a few books by this author and, well, I don't know. I love edge, suspense and angst. Especially if I'm going to read about an interracial couple and a hate group that is after them and trying to break them up. I don't seem to get that when I'm reading her books.

The plots are great but the edge isn't there.

Oh, the book is not 229 pages

---

### **Diana says**

#### **Heartfelt Read**

I actually really enjoyed reading this novel. It was so easy to connect with the characters and feel all their emotions.

Realistic writing that draws you in from the start. An honest portrayal of a beautiful and in-depth love story told from both points of view.

I have absolutely no hesitation whatsoever in recommending this book. A MUST Read. Thank you SGD ?
