Dominate Me

Stacey Lynn

Dominate Me Stacey Lynn

Welcome to Luminous: where your pleasure is our purpose. Fan-favorite author Stacey Lynn tantalizes readers with a sensual new series.

Haley

The first time I felt Master Jensen's presence beside me, I knew he would be the one to show me all the kinky pleasures of Luminous.

That I would give my body to him. Begin my journey to sexual freedom at his feet.

But when I dared raise my eyes to his, I saw he would get a part of me no man had had before: my trust.

Jensen

From the instant I saw her blush, I was captivated.

There was power in her innocence—a power I quickly controlled.

Every moan, every cry, every new awakening was mine. I pushed her boundaries and watched her sexual confidence grow...knowing that in the end, I would have to let her go.

I know the price of love and I'm not willing to pay it.

I dominated her body and she enthralled my heart. But I have to walk away before I ruin the one I love.

Again.

This book is approximately 73,000 words

Jessica-♦Chatterbooks Book Blog♦ says

This is the first book I have read by Stacey Lynn, and what a great introduction to her writing it was! This is a story of a woman discovering a new side to herself, and a man reclaiming a part of himself that he has been suppressing. It is also the story of a man and a woman learning to trust again. Engaging, emotional, informative, and kinky, Dominate Me is definitely a worthwhile read!!

Recently divorced, Haley has decided now is the time to explore a side to her sexuality that she has ignored her whole life. She sets up a meeting with a local bdsm club owner, Dylan, to take a tour and find someone to train her as their sub. Dylan thinks she would be perfect for his friend, Jensen, and invites him to come see for himself.

Jensen is reluctant, because he has been out of the lifestyle for the past couple of years due to a traumatic event involving his previous sub. He goes to the club to appease his friend, but winds up staying once he lays eyes on Haley. It doesn't take long for him to agree to train her, because he can't deny that his friend was right about her. She is perfect for him, but he makes it clear to her that this is an arrangement, not a relationship. Once he trains her, she will move on to find another Dom. Dating and feelings will never enter the equation.

Haley is excited to begin this new journey in her life. She trusts Dylan, and when he tells her Jensen is the one who should train her, she goes with it. It doesn't hurt that Jensen is incredibly attractive, sweet, and charming, or that they have amazing chemistry both in and out of the bedroom.

Soon, the lines of their relationship begin to blur. Haley and Jensen are confused, and wind up hurting each other along the way. What happens when their hearts become involved in something neither one of them thinks they are ready for? Will they have to walk away from each other for good?

I really enjoyed Haley and Jensen's story of two people that decide to stop denying who they truly are once and for all. Haley and Jensen are likable characters with back stories that make you sympathetic to their hang ups. It is easy for the reader to become invested in their relationship right away, because it is clear that they are exactly what each other needs.

Dominate me is well paced and well written. The characters are strong, yet vulnerable, open minded, and passionate. The romance is sweet, and the sex is kinky! If you like bdsm romance, are a fan of this author's writing, or want to give some of her work a try, I recommend this to you!

The last two teaser pictures are slightly edited and taken from the author's FB page.

Shayna says

DOMINATE ME is my very first read from this author AND it's the start of a delicious new series called Luminous. A toe-curling romance bursting with sensuality with every turn of the page, DOMINATE ME had my heart pounding and cheeks blushing from beginning to end. Master Jensen was just all-around YUMMY and Haley had this intense curiosity about her that made her a very lovable heroine. Together these two created sparks from cover to cover.

"I am yours. Everything I am is for you. Always."

This was a HOT read right from the start! It mesmerized, hypnotized, and pulled me right in, leaving me aching for more. This slow-burning and erotic romance captivated me and had me missing the BDSM Romance genre like CRAZY! Stacey Lynn made her mark with me on this one, and I can't wait to see how she enthralls me next!

Nadine Bookaholic says

This was a great read from Stacey Lynn, I am a huge fan of her FIRESIDE SERIES, as with that series this story had an emotional punch but it superseded my expectations with the chemistry between Haley & Jensen, they needed one another more than either of them knew.

5 "Trust" Stars

OMG!! I really loved this book! I couldn't put it down for a sec when I was reading it! Haley recently is divorced and now she is exploring the lifestyle that she had always been curious about it. She wants someone she can submit to. She wants someone who would take control. Now, she finds a club that accepting new members.

Two years ago, Jensen had an incident with a Sub and after that he promised himself that never trained a Sub again. Now, Haley with just one look has awakened the Dom deep inside him. Now his decision has changed. He would have her and he would tame her.

This book isn't about strength or weakness. Haley is a strong woman. She runs her business... This book is about Dom-Sub. It's about control, about trust to each other. He is in control but she has the power to... I really loved the characters. The story line is well-written. I really enjoyed it!

PT says

I had no idea what I was getting myself into with this book. I complained to my friends that I was looking for a complete alpha, someone absolutely dominating, someone who would consume me. Boy did Lynn deliver. Jensen was commanding, caring, and confident- everything I love in an alpha.

My favorite part of this book was reading Jensen's POV. While Haley was cute, quirky and a bit shaky with her confidence the Jensen chapters blew me away. His personality was absolutely palpable. I lived to read his points and get inside of his head and longed for the moments his dialogue appeared in Haley's POV. It's not often that a female writer can craft a male POV that isn't only strong but far surpasses her female POV...and Lynn delivers with Jensen.

This was my first read by this author, but I will definitely be checking out more of her work. If you're in the mood for something steamy, heady and consuming...look no further.

Sabrina says

Haley has had desires that she's hidden for years. She yearns for the opportunity to submit to someone and let them give her the pleasure she so desperately needs. After her divorce she decides it's finally time to stop hiding this part of herself and goes to Luminous, a sex club, to get what she wants.

Jensen hasn't trained a sub since his last D/s relationship ended horribly. But his friend, and owner of Luminous, pushes him to take a new sub under his control and get back in the lifestyle. When he sees Haley at the club he knows he can't just walk away from her and is going to be the one to train her. He just needs their relationship to be strictly Dom/sub and nothing more. He had no clue his pretty girl was going to be so hard to resist, though.

I'm a big fan of Stacey Lynn's and have read multiple books of hers, but this is by far the hottest I've experienced. I loved the hidden intensity that the story held and even though the BDSM lifestyle wasn't overly featured within the story we still got a heady dose of it. Just enough to have you sitting on the edge of your seat with your eyes glued to the pages.

I really enjoyed getting so much of Jensen and Haley's relationship and their easy banter. They were a good couple together, especially in the bedroom where I thought they were going to catch my Kindle on fire. Some of their scenes had me fanning myself and wishing I was reading this while alone so I definitely know this will be a re-read for me.

Bottom line, *Dominate Me* is a must read. It doesn't delve too deep into the BDSM lifestyle so don't let that aspect of the book turn you off if it's not your thing. It's just pure hotness between two people with a little kink. I can't wait to see what else will happen within this series and I hope we'll get to visit these characters again in the next book.

Ptiteaurel says

Avant tout chose sachez que ce premier tome est issue d'une saga érotique où les scènes BDSM pourraient choquer un public non averti . J'ai déjà lu plusieurs romances de Stacey Lynn et j'avais donc très envie de la découvrir dans un style différente et j'ai été ravie. Avec Dominate Me , passez les portes de Luminous et laissez le désir et l'érotisme prendre le dessus.

Si vous avez lire des romances BDSM , je ne saurais vous recommander la lecture de Dominate Me. Stacey Lynn nous offre une romance sexy , érotique où les limites seront sans cesse repoussées pour le plus grand plaisir de nos protagonistes. Je n'émettrais qu'un seul bémol : le format assez court oblige en quelque sorte l'auteur à aller vite dans l'avancement de l'intrigue et j'aurais aimé un peu plus de développement sur certains aspects.

Joyce says

This is a pretty mild BDSM read with a crazy ex on both sides and a HEA.

Janie says

For starters, let me just say that Jensen was absolutely delicious. I loved everything about this man. When Jensen and Haley meet he is only going to train her as a sub. There WILL NOT be a relationship between the two. Well that lasts all of about two minutes lol. As he gets to know Haley he realizes she may be the perfect woman for him.

I also liked Haley a lot although she really confused me sometimes with her push/pull. I did love how well she knew herself and what she needed. She was never wishy washy in that. She was brave yet vulnerable and I liked that about her.

With a good cast of secondary characters, a little drama and angst, this book worked perfectly for me. I loved the last scene of the book that proved how perfect and in tune with each other these two were. I can't wait for the next in the Luminous series. I would love Dylan and Gabby's story (a prequel maybe).

Jennifer says

ARC received for review

4.5 stars

Great start to a new series. Club Luminous sounds like a cool place to play. Haley is new to the actual world

of BDSM, but she's done her research and even talked with owner Master Dylan. He's agreed to help her find a Dom. He asks his friend and fellow Dom Jensen. Jensen hasn't had a sub in years since tragedy almost befall his last sub. Jensen agrees to meet her, and the rest is history. Of course there's drama with her ex-husband and a woman from his past who doesn't understand the word no. Lots of hot, hot sexy scenes. Loved Master Dylan and his slave, Gabby. Plus we get a glimpse at the next Dom Simon.

Chris C - A Midlife Wife says

This book is so steamy hot! I made sure to read it nice and slow so I could enjoy every delightful word.

This author knows how to lay on the sizzling heat and entice us with a smoking hot guy that is looking for love, but doesn't know it. Taking on a trainee in the domination world.... Oh yes, please, sir! Jensen is a wet dream!

This book is loaded with delicious scenes that leaves you wondering where you can find a Jensen to call your own! Plenty of dirty talking, passion, and a sweet HEA that make you want to swoon, Dominate Me is a win!

I need more from this author!

Gretchen (About That Story) says

I was in the mood for a hot read and *Dominate Me* had just landed on my Kindle so I decided I'd give it a try. I've not read this author before and had no idea what to expect. New fan, right here! **This was so much more than a hot read (don't get me wrong, it was way hot!) but more than that it was an incredible story with these fantastic characters with real depth and emotion and I loved every single second of it.**

I loved these characters, Jensen and Haley were fantastic. Haley was just this really strong woman out to explore more of herself and I loved her strength and confidence. Jensen was commanding and sweet all rolled into one and I loved how they clicked so instantly and the bond that formed between them. **Not only was there an incredible sexual exploration happening but there was this wonderful, heartfelt story of trust and love woven in.** There are histories from their past to deal with and a bit of drama mixed in but it was all just perfectly intertwined. I felt fully invested in these characters and enjoyed their journey and their growing commitment.

The writing was so great. There was a wonderful pace and I loved all the details. Great character development. Awesome build. Seriously steamy, kinky sex scenes that were very well written. The scenes could be intense and emotional and sex does play a big part in the story, but I thought all the scenes made total sense and had purpose to this emotional journey that was happening. There was a true love story building and I thought it was all fantastic.

Sex. Love. Exploration. Trust. Love. ***Dominate Me* was an excellent read that I couldn't put down.** It was exciting, entertaining, incredibly hot, full of passion and love. Loved it!

Heather C says

I was introduced to Stacey Lynn through her Fireside Series, which I have really enjoyed. Dominate Me is pretty different from that so I couldn't wait to get my hands on it and give it a go. I'm so glad I did. Apparently I've been missing a well written Dom book because I devoured this one.

Haley is a recent divorcee who is independent and strong. She knows exactly what she wants and she goes after it. What she currently wants is to explore a dominate/submissive sexual experience. She has been researching it online and is reading to test the waters.

Jensen is a natural dominate who has been out of the lifestyle for the past two years. His past has kept him away and he has no intention to return. That is until a friend somehow convinces him to step back into Luminous, the club that he used to be a huge part of. While he has reservations, the desire of that part of his being forces him back and escorting the eager newbie, Haley. Will he be able to show her around and go back to his normal life or will the pull of both Haley and that lifestyle be too much?

What I liked about this book was the pull between Haley and Jensen. They were super attracted to each from the start. Both struggled to maintain some sort of separation between real life and their fantasies of the lifestyle but it was obvious from the beginning that they were made for each other.

This book is HOT and I couldn't get enough of it. I thought it had the perfect balance of dom/sub fantasies vs lifestyle. Both Haley and Jensen are extremely likable and you can't help but root for them from the start.

Overall, I enjoyed this steamy book. If you are looking for a sexy, good time with some sprinkled in humor, dirty mouths and an overall love story, then this is the book for you. Well done Stacey, I can't wait to read more from you!

Romance Readers Retreat says

I'm always excited about a new BDSM series, especially when it is the start of a new series written by an author I have enjoyed reading previously. Dominate Me begins Stacey Lynn's new Luminous series. Haley is fresh out of a failed marriage and is ready to explore her sexuality, more specifically her desire to submit. When she meets Dylan, the owner of Luminous, it seems like the perfect opportunity to explore her submissive nature. Dylan is sure that Haley is the perfect submissive for his friend, Jensen. Jensen has been out of the scene and suppressing his desires for two years. He isn't completely convinced when Dylan calls him, but after taking one look at Haley, he is instantly drawn to her innocence. They agree to play and explore her submissive nature, keeping things only physical. As time goes on, Jensen wants to take things to another level, but Haley refuses, wanting to protect herself from more heartache. Can Haley and Jensen overcome their fears and take another chance on love?

I very much enjoyed this story and both the main characters and the secondary cast of characters. I did find myself frustrated a few times with Haley and Jensen, though I did understand their fear given their pasts. I also could have done with a tiny bit less past relationship angst, but on the whole this was an enjoyable and solid start to a new series.

3.75

Dominate me is the first book I read by Stacey Lynn. It was hot , sexy and Kinky.

“I want you. Only you. I want you on all the ways I need you, and all the ways you want me.”

Haley and Jensen are great together, explosive even, because the sex scenes between them are intense.

Haley is a successful business woman. Divorce has changed her and gave her the courage to explore a side of her sexuality that has always intrigued her. She wants a dom and by joining Luminous, she will fulfil her deepest desires. Master Dylan sees in Jensen the perfect Dom for her.

Reluctant to begin with, Jensen agrees to teach everything he knows to Kaley.

Their relationship is hot and intense from the very beginning. However, rules are set and love is not an option.

I have enjoyed reading their story but I did not connect at all with Haley. I thought that she was annoying at times and too pushy, demanding for a submissive. Jensen was a strong alpha and a caring Dom.

Overall a good and enjoyable read.
