Random House Word Menu: New and Essential Companion to the Dictionary Stephen Glazier

A revolutionary tool that has changed the way we use words, the Random House Word Menu functions in four ways: it is a thesaurus with definitions; a dictionary divided into word categories; a reverse dictionary; and a collection of glossaries. A writer's right hand and a browser's delight, this reference contains thousands of entries in over 800 categories.

Judith Ann Kohnen says

The reference book offers tens of thousands of ways to find just the right word for any occasion. It blends the functions of a thesaurus (offering a myriad of interesting ways to say the same thing) with those of a dictionary (defining most of its entries) thus assuring writing that is colorful and accurate. I love this book. It has so many functions, helpful in many ways.

Kaley says

I really do rub this book up against my cheek. My kids fight over it when I bring it out. This makes me feel like a successful parent: bringing up little lexophiles one at a time. LOVE THIS BOOK!

kit says

One of my favorite references of all time. A cross between a reverse dictionary and a thesaurus. Helps you find words for the things you don't know enough about to ask the right questions.

Dr. Dena says

Words organized by categories.

Christa says

Fantastic resource for writers. Maybe the best.

Sherrie Morgan says

A reference book for all writers. Fantastic information in a very easy format. Although marked "read", this book will forever be in use.

Glenn Miller says

My favorite reference book. Still useful even with google at your fingertips.

Kay says

My writing bible-- possibly the best investment I ever made, and worth it's weight in gold, even in today's market! Buy it!

Bil Boyd says

One of the greatest references books, I've ever seen, read, referred to, or was aware of... I use it weekly.

Stacy says

I registered a book at BookCrossing.com!

Lisa Vegan says

This was by the most helpful book I've used, much better than a regular thesaurus, for finding the right word when writing, when it's important to use the word I really want to use. It's not comprehensive although I was always able to find a word I wanted to use.

(I do have to say thank goodness for the www.onelook.com online dictionary. In fact, since I found onelook, I haven't used this book, or any dictionary/thesaurus that often. It's still a somewhat unique resource and I'm glad that I own it.)

Greg Chapman says

Highly recommended for writers and people looking for inspiration!
