## **The Piano Handbook** Carl Humphries , Robin Meloy Goldsby

(Book). With clear and easy-to-understand exercises, The Piano Handbook is perfect for anyone interested in learning the piano or improving their skills. It provides fresh material and techniques in styles ranging from classical to jazz, rock, bebop and fusion, and gives new players everything they need to learn and enjoy the piano. This book's innovative tutorial approach covers classical and contemporary music styles in an integrated way, and the companion audio brings the playing techniques and concepts to life. A full-color photo gallery illustrates the history of the piano and its essential recordings. The book also includes access to audio downloads of selected examples and pieces. This hardcover, deluxe edition also features semi-concealed spiral binding so the book stays open on the piano. The Piano Handbook prepares you not just to play, but to perform and not just as a pianist, but as a complete musician.

## **From Reader Review The Piano Handbook for online ebook**

### **Michelle says**

Comprehensive guidebook to playing the piano--includes music theory and history of piano as well as intro to different styles (jazz and classical, notably).

---

### **Mike says**

This book moves at a very brisk pace. I find myself absorbing sections over long periods of time and moving through the book in that manner. I would suggest this is a supplemental book for study with a teacher or for a more intermediate player.

---

### **Todd says**

Best book ever! A standout, fantastic example. Can't recommend enough. Wish I had encountered it when I were young.
