The Preacher's Son

Carl Weber

The Preacher's Son Carl Weber

The popular pastor of the largest African American church in Queens, New York, Bishop T. K. Wilson has decided to run for borough president. But his family values platform may backfire. In public, his wife and two children are a shining example of respectability. Yet privately, the Wilson offspring are giving in to the same temptations as other young adults - and their parents have no idea.

Danielle says

I picked this book up on Wednesday July 2, 2008....today is Thursday July 3, 2008....I am finished....this book is so GOOD...he gives voices to all of the characters (this is an amazing thing)you just have to read it.....it deserves like 20 stars.....

Rhoda Dede says

Very great book. The huge lesson in this book is to never judge a book by it's cover. Also keep your friends close and your enemies closer. Excellent writing and I can't wait to start the second part of this series.

Katrice says

I loved this book from beginning to end, it was one of those books I couldn't put down because I wanted to find out what happened next. I'd recommend this book to people who like a lot of drama and "secrets".

Denise Rose says

Carl Weber is a brilliant writer and know how to keep you hanging on every page! I love it!

Ciera Randolph says

Living up to your family's high expectations can be very hard especially when your church family expects more from you than your original family. In the novel "The Preacher's Son," by Carl Weber brother and sister Dante and Donna tried to have a social life but it seemed as if the whole community was watching their every move. Especially since their father, Bishop T.K. Wilson, head of the largest African American church in Queens, New York was running for borough president.

Dante's mother Charlene was against the new woman in her son's life because Tanisha was from the projects, taking care of her 12-year-old brother, and her mother was a crack addict. On the other hand Dante's younger sister Donna was hiding her secret relationship with her father's protégé Terrance. Worst of all, Charlene and the Bishop's troubled past catches up with them and threatens the Bishop's chance of becoming president.

Throughout the book Dante struggles to get his mother to accept his girlfriend as a new member of the family. Donna's what she thought was her "perfect relationship" takes a turn for the worst when Terrance has

his own double life. And the Bishop and Charlene struggle to keep their family's personal life from the community for the sake of the election. Will Charlene accept Dante's new boo? What will Donna think of Terrance's other life? Will the Bishop win his election? What's so bad about Charlene and the Bishop's past? You'll have to read the book to find out.

I would recommend this book to readers who are afraid to tell their family about decisions they've made in their life. Also to readers who are afraid to live their life because of what others might think. Males and females both might relate to Dante's character because he has trouble trying to persuade his family to accept his new love. The moral of the story is don't judge someone because of where they come from because your past could hold secrets that could tear your "perfect life" apart.

Lord' Williams says

This one was good! -I don't say this about too many, but I really liked this one by Carl. It became a real page turner for me just before the middle, and that's real good because I only read when I'm using public transportation. -I found time to read this at work and home!

You will enjoy this. A good read. Clean, but good.

Suzette Salmon says

The book was a good read. What I got from "The Preacher's Son" was there are places we can go and love that we can experience when you let the love of God seep into your heart. Because we are all subject to human error, who are we not to forgive. This certainly was a drama-filled, fast paced book that I would recommend.

Monique Mcdonald says

I loved reading this book Carl weber is a great writer I found myself wanting to read all of his novels.

Tamara says

I really enjoyed this book. Looking forward to book 2!

Layeshia says

If you like controversy in the church pulpit. And you always looked at the first lady of the church with the side eye...and you desperately and secret secretly wanted to be part of the FIRST family you will love this book! I definitely recommend this book to you.

Tanissa says

If you like drama this is a brilliant book to read. A young boy must fight to keep his love of his life, while balancing his parents who dont agree in his behavior unless offcourse he is married first. Their son doesnt like to be controlled he likes to take risk and enjoy his life while he can, not just being some mama n daddys boy. you should deff read this!

Kimmie says

This was a wonderful book....has that kind of drama that slowly creeps up on you! Just when you think it can't get any worse, *BOOM*!! I really enjoy reading Mr. Weber's books, as he has that way of tying in all of the different viewpoints of the characters....it's like a whole lot of people telling the story! I would love to see this one made into a movie or play. *HINT**HINT*

Marlene Banks says

Carl Weber is a good storyteller. This novel had a lot of potential but failed to live up to my expectations. One thing I noticed was it was poorly edited for being published by Kensington/Dafina. That's not entirely the writer's fault, however. The story was imaginative with a good ending that kept me intrigued. Yet the language (dialogue), sexual content, and characterizations were not well placed or presented.

Claudia says

I loved this book from the beginning to the end. He really target his characters all the way through. The mother in this book was out of this world she tired to run kids lifes and they was grown. With all the twists

and turns and the church folks was off the hook, when they was in the church and out the church. This is a must read. It's worth your money.
