## From Reader Review Thor (2014-2015) #7 for online ebook

### Amber says

Odin has gone too far this time. In his desire to destroy this new Thor and get Mjolnir back he has pushed away his son and his wife who now come together to stop the All Father.

The new Thor faces off against the Destroyer to little effect, while Shield and the Dark Elf Malekith weave plans of their own. A new Thor may have been chosen but she's going to need some extra help this time around. This leads to a nice closing shot of the Odinson with his mother and an army of awesome ladies coming to help provide assistance.

While SHIELD tries to deal with the Roxxon corporation, Thor tries not to die after being in her new position for just 5 days.

While the action scene scenes were cool, this issue does feel more like filler between the last issue and the next one. But we'll have to wait and see how the events of this issue continue on in the rest of the story.

### Anie says

Thor v the Destroyer: It's like I've seen this before, except this time it's not in New Mexico.

That being said, another wonderful show of why this current Thor is *so freaking awesome*.

---

### Margaret says

New Thor: the reason why I read Thor at all. By this point it's becoming obvious that the mystery of who new Thor is as well as the change in pace of writing (old Thor and Odin are not huge fans of new Thor, what exactly caused Thor to lose his hammer in the first place is unclear) from other issues like the Thor annual keep me coming back.

---

### Rainey says

Issue #7 really amps up the action. I can't wait to see how this arc ends!

---

### Terence says

Odin has sent the Destroyer to retrieve Thor's hammer and humble the *thief*. Meanwhile Thor Odinson

continues searching for the identity of the new Thor.

The battle between new Thor and the Destroyer is the highlight of this issue. The new Thor is a tough lady to say it mildly.

---

### **Kait says**

I love all the good-guy characters as people and not just superheroes. Super excited for the next issue!

---

### **Solace Winter says**

I sort of really don't want this to end, but it must. And wait, is Lady Thor who... oh...

So many feelings from one comic.

---

### **Chris Conley says**

This Thor arc continues to be awesome. It's probably my favorite and/or the best series I'm reading at the moment.

---

### **Janina says**

I love this series! She is so kick-ass, I love her!

---

### **mercedes says**

EVERYONE WORKING TOGETHER IN THIS BLESSED ME

---

### **Tatiana Pérez says**

Here we have another number with more kicking-butts, jokes and trouble for our beloved Thor. Just can't wait for the next one :)

Más combates molones, chistes y problemas para nuestra querida Thor. El siguiente puede ser épico :P

---

**Jane says**

This series is just getting better and better.

So many reasons to love it is working so well and I'm on the edge of my seat trying to work out who she is. Though there are some pretty explicit hints.

Is it next month already?

---

**Kelsey says**

Great issue with a LOT going on.

---

**Jordan says**

Best issue yet. Next one reveals who Thor was before she became Thor. Eeee! Can't wait.

---

**Melissa says**

Really, you're still playing out the "who is Thor" card?
