Keroro says

Worst book I read within last year. Author absolutely can not write. Very uneven, awkward book with weak plot, filled with aged sexist stereotypes.

"he grabbed me by the arm and planted a firm kiss on my youthful lips."

And that is all what that book about.

Gosh, bought it by GoodReads recommendations.

UPDATE: Why that book has such high rating? Because Jonathon Jones rated it five stars six times, and Stan Taylor himself put five stars. He-he, good business gentlemen :LOL:
