Anonymous Acts (Five Star Enterprises) Christina C. Jones

What's done in the dark...

Murderer is a title she never expected to wear. Friend? Sure. Boss? Hell yes. But murderer? Never. If only she hadn't threatened exactly that, just before someone winds up dead, and her fingerprints are all over the murder weapon.

Always comes to light...

All he wanted was to live a quiet life, without all the danger and darkness of his past. Those plans are blown when he's accused of a crime he has nothing to do with, leaving him with a hard decision... remain in the shadows, or do what he can to help a friend?

When other crimes start stacking up – the handiwork of an anonymous suspect with an unknown vendetta, they'll discover something that flips their worlds upside down...

A murder accusation may be the least of their worries.

First of all, I must make mention of the fact that Christina C. Jones has broken the genre barrier in every way with this romantic suspense. It's like every genre she seeks to write in is done effortlessly with her writing capabilities: her touch is golden really! There aren't many AA authors writing romantic suspense and I feel she has set the bar really high for those who seek to break into this genre. I love the way I was left in the dark for most of the book. It's like every time I think I have the plot figured out, Jones pulls the rug from under me and I'm left in utter amazement. This storyline was not predictable at all and had a great 'who done it' vibe. There was definitely romance that would warm you; hell what Wick and Monica are doing in the introduction will have you on the edge of your seat wondering how their dynamics came to be. I enjoyed their chemistry and that 'hero saving the day' feel I got from Wick. Because shoots, Monica defiantly needed saving! The unfortunate chain of events bestowed upon her life will leave your mind reeling because you just can't piece the puzzle until the very end. And trust me, you won't quite figure it out and even in getting all the answers you just left their in wonderment because you didn't see that coming. If you're looking for something different from the normal lovey dovey romance, please take a chance on reading this. You won't be sorry!

Mia Morgan says

Fantastic

This was so good. All the suspense!! I was trying to figure this out and that. I had already said that A was apart of it. I'm glad the couple didn't go back and forth of what they didn't want. They went for it all the way, loved that. Hoping to hear more from this couple, maybe here infertility problem might just be a mistake *wink*.

Tiffany says

Romantic Suspense done right!!

This book was crazy good.... I meant literally crazy.. I was taken on an amazing journey, I'm not generally not in to mystery and suspense, but if it's written like this then sign me up.

I thoroughly enjoyed Monica and Wick story, very well written no stone was left unturned, the end didn't leave any room for me to wonder.

5 ?????????? read...you should definitely one-click.

Tamara says

Once again, she proves she can write anything and write it well!!! This romantic suspense novel was quite a rollercoaster ride! Ev'rybody in this book was some degree of crazy.....they had to be because sanity would get you killed.

I absolutely loved the backstory of how Wick and Monica met and I'm sure they thought they'd never cross paths, but fate stepped in, showed up and showed out! After fighting through ten layers of cray-cray, these two happily took a deep breath.....together!

This was an awesome, adventurous puzzle of a story! If suspense is your thing, you definitely want to check this out.

Carla Bulian says

Adorei esse livro. Inteligente, com um suspense intrigante e um romance envolvente. Os personagens são fortes e sabem o que querem.

Gostei muito dessa autora. Parabéns!

Daisa says

At this point, CCJ is my most read author. I love all of the books that I've read by her. The consistent raving in the reviews of her books done by me is a testament to that fact. Christina writes romance that is not only fun and authentic but its also all-consuming, engrossing and "Hashtag Goals." So when she mixes her addictive romance with a little bit of murder and mystery, I can't help but to get all tingly on the inside and excited on the outside.

Anonymous Acts is only the second book of this nature by Christina and I would be lying if I didn't say that I want MORE. Watching the characters in this book navigate their feelings for one another while trying to figure out who is trying to sabotage and possibly kill one of the characters was so exhilarating and refreshing. I never knew how much I was attracted to a former CIA hacker with a little bit of sociopath sprinkled in until I got to read about him in this book.

I will admit that towards the end, the mystery, twists and turns got a tad bit convoluted and extra, but overall I really enjoyed this book, the characters, the plot and all of its craziness.

2.5 stars

Good suspense, h with strong facade, some unexpected twists.

It was my 1st and probably my last book by this author. We definitely have different opinions about cheating. I guess we both despise cheating, but as to the forgiving and 2nd chance it's here we don't agree.

h's husband cheated on her repeatedly, she left him only after he got an 'official' mistress, but she 'forgave' him all previous ones. She didn't divorce him. Well, he treated her like trash and she let him. Later on there was a talk with her BFF, who was in similar situation - her husband cheated on her, humiliated her and she 'played' him and later on took him back. It's 100% opposite of my opinion. Once a cheater, always a cheater. I can't connect with a h, who 'supports' cheater by forgiving him and letting him treat her bad. Fortunately they killed the cheater.

The H in this book was just meh. He was a coward - how he behaved when the h was arrested, and his friends 'forced' him to help the h. She of course forgave him immediately, he even asked her why didn't she make him grovel...

The book was well written, anf I guess the fans of romantic suspense could enjoy it.

If not for approach to cheating, I would have liked it more.

★ 4 stars!!! ★

Adorei. Adorei. Adorei!!!!

Não consegui largar enquanto não terminasse!

Narrativa ótima! Personagens maravilhosos e história bem interessante! ❤️?❤️?❤️?

Tudo o que eu precisava, depois das últimas leituras...

Com certeza lerei mais livros dessa autora!

Lena says

Is she really a Wicked Widow?

As always, I devoured a great new book from CCJ. I had been reading samples leading up to its release, but was still pleasantly surprised with the plot twists and turns of Anonymous Acts.

The book focuses in Monica Stuart's legal woes, both for her once-thriving cosmetics company and for

herself, as she faces murder charges in the death of her estranged husband. As much control as she exerts over the quality of her nail polishes, she can't figure out why she's getting nothing but bad reviews for her upcoming "Wicked Widow" line. This is followed, coincidentally, by the vicious murder of her philandering husband, leaving people to guess whether she took her new product line a little too literally. To make matters worse, her virtual friend with benefits, whom she's never met, is arrested on suspicion of the murder.

Monica and Chad -- oops, Sandy and Wick, as they know each other -- are such intriguing characters who pulled me into their drama immediately. For her part, being framed for the murder of her chronically unemployed and cheating husband is a huge wrench in Monica's plans to take her cosmetics company to new heights. Chad is just trying to keep a low profile while enjoying a virtual friendship and run his technology security company. Their chemistry is amazing and only amplified by CCJ's ability to make each of their interactions entertaining. Nonetheless, it's fun to watch as they try to get themselves out of legal trouble while trying to stay out of the good kind of trouble.

I loved the suspense, especially since I had just finished the If You Can series. Characters from those books figure heavily here, providing both comedic relief and their former covert expertise. The effort they go through to uncover the tangled web of lies and deceit that hide the answers to who is trying to ruin Monica's life is relentless. Nobody was ever who they seemed to be nor coincidences simply that, which made it all the more difficult to put the book down.

CCJ never disappoints, and definitely delivered a great book for the end of the year. I enjoyed Anonymous Acts' crime and suspense focus as a departure from recent books, but thought it kept her signature humor and passion. Do yourself a favor and check it out.

Bkdoll says

Mrs.Jones you've done it again

I loved this Monica & Chad are hot, wow there was so much drama and crazy-ish going on. I like how the other characters from the other series made their appearances truly enjoyed this book! But what book of hers haven't I? I've enjoyed them all & still have some old ones I have to read.

Bunny Robinsonfuller says

Well dang

Awesome story. I feel in love with CCJ from the Catch me if you Can series. This story did not disappoint. She came out of the gates swinging hard. I love suspense novels that gives you drama right up until the end. I can't wait to see what other suspense novels she pulls out of her bag of tricks. BRAVO Christina C. Jones Bravo!!!!

Victoria says

Simply Amazing.. the story illuminates the pages. I am not at all surprised. Chrissy is a Beast... I love her Pen!!! If you are not familiar with this author, you missing some Great writing.

Melissa says

Fun time

Great pacing. Good suspense and use of the last minute twist. Sex scenes were consistently steamy and well done. I also loved the friendships she had in this. Now to go back and read the others in the series.
