## **Bitten by the Beast** Alexa Riley

Juliet Simon gets herself into all kinds of situations, but breaking into the scary mansion near her college campus has got to take the cake. When she finds more than she bargains for behind closed doors, will her fear take over, or will she fall for the beast?

Kane Viscardi is unlike other vampires. He's spent most of his time hiding away and is alone in the world without a mate. Until one night when there's an unexpected knock at the door. Suddenly something awakens inside of him for the first time in a century.

Warning: It's the first time we've written vampires, so go easy on us. Enjoy this brand new series that features a coven of five and read about how all of them find love.

# **From Reader Review Bitten by the Beast for online ebook**

## **Lynn Thinking out loud says**

Yes! yes! yes!

What is better than an Alexa Riley book? An Alexa Riley over the top possessive alpha vampire book. Loved it. Highly recommend reading it.

---

## **Sophia Triad says**

### **Kane and Juliet**

It has been a while since I read my last Alexa Riley's book, but I think I have definitely missed the innocent goodness of her books, their happy endings and the constant breeding factor that it is important somehow to be embedded in their stories.

This time the story is about vampires and it kind of reminded me the authors' other PNR stories about werewolves, i.e. Fairytale Shifters and Riding Red in the sense that once more the male characters cannot "function" unless they find their mate.

Kane has also scars on his face, but I don't think it adds anything to the story. He is still apparently good looking.

Overall sweet and enjoyable. Nothing to be afraid of if you don't like vampire books hahahah

Thumps up one more time!

---

## **Sabrina The Trash Queen says**

The vampire aspect was really cool, more yet when is the first time they wrote about it. AR is always a good choice for short, sexy, fun books to read.

## **Kelly says**

Just when I thought Alexa Riley's books couldn't get any better, they proved me wrong! We get deliciously, OTT vampires!

Alexa Riley brings a fresh new twist to vampire romance, and I'm excited to see where they take it next!

A bloody beautiful start to a brand new series!

4 big stars!

---

## **Chitra \*CJ\* says**

~~WAIT WAIT WAIT...!!~~

~~AR IS WRITING ABOUT VAMPIRES NOW?!~~

~~\*SCREAMS\*~~

P.S. By virgin blood, do they mean hymen sucking? Well let's just wait and see!

I KNEW IT! Lmaooo!

"Bitten by the Beast" is the story of Juliet and Kane.

It's October and AR have created their own world of virgin vampires and mates. It's a little different from traditional paranormal eroticas, but a good introduction to their universe.

Scarred hero- innocent heroine- instant attraction- some serosanguinous fluid suction- HEA.

Old treats in a new bag.

Safe

3.5/5

---

## **Astraycat says**

Ok read...the plots constantly reminded me of Twilight...

---

## **Deborah says**

I really liked this.

These authors have given us vampires with a difference.

New vampires are given venom at the time of their change and it gives them two hundred years of life. They don't drink blood and if they haven't found their mate within the two hundred years they die. If they are lucky enough to find their mate together they become immortal.

Kane is a vampire but he's scarred. Even the venom couldn't erase the damage done to his face. Because of this he hides himself away.

Juliet has always wanted to belong. After growing up in foster care all she wants is a family. Joining a sorority seemed like the way to go. Which is how she finds herself climbing the gate of a huge old mansion.

I loved the characters and the story but...

Okay so I know this series continues and loose ends will be tied up. But where's the epilogue we love so much and associate with Alexa's books.

---

### **Jen says**

Another fast, sexy read from Alexa Riley; this time with vampires! I quite enjoyed it!

---

### **Maya says**

I feel like I read nothing but PNR these days. And I like it. So, when I saw that Alexa Riley wrote a PNR book I just had to read it. The story still has the typical Alexa Riley M.O. You still get lots of smut, OTT heroes and sweet heroines. But what's new in this story is the whole PNR aspect. There were some original traits to vampire lifestyle. What I wished the authors did differently was the ending. There was no epilogue, not really. And also, where's the closure, what happens to the hunter? So that was a bummer. But oh well... I still liked the story. It's sweet, quick and enjoyable. I cannot wait for the next PNR books from this author.

### **?Tonya? says**

I just fell in love all over again with Alexa Riley! Such a great story. This was their classic work with a paranormal spin and it totally worked for me. The vampire backstory was simple. Yet informative. Enough to know that vampires aren't as bad as one may think! Well done ladies!

-no cheating

-no pushing away

-major instalove

-paranormal

-safe

-no epilogue(which normally determines my final rating) but more of their story is promised in the next story that is releasing soon

**Stacie says**

4 "Super Cute" Stars!

This was Alexa Riley at their best. And a bit of a twist on vampires. I kinda loved it; just what I was in the mood for. Can't wait for the next one. Happy reading

---

**Neringa Neringiukas says**

I don't think I ever read this version of vampires. Alexa brought something new and I liked it. It was bloody hot and sweet at the same time. And I loved how possessive Kane was. Add that he's a vampire.... Yeah, it feels dreamy.

---

**AvidReader says**

Recommended.
