#### **So sweet!**

This book is just beautiful. I love the heartfelt rhyme and the soft snuggly pictures. I had tears in my eyes. There's a really nice touch too in the back where grandma can write a letter to the grandkid and put a picture in there. Super sweet.

In warm and tender rhyme, long-awaited introductions are made. Grandma's touching endearments reflect the sentiments of anyone who has welcomed a new member of the family. Brought to life in enchanting woodland scenes that seem to echo Grandma's joy, *Grandma Loves You!* will be a treasured gift from generation to generation, celebrating one of life's most important moments and relationships.

Note: I used this book as part of my storytime for Mother's Day. Afterwards, several families said that they wanted to purchase it at the book store as a gift.

**Dave Lester says**

Soft pastel type pictures and a corny story about how grandmas love their grandchildren. Well, of course they do. Most of them anyway. Wouldn't you know that a story like this features bunnies like 90% of other children's stories? One can tell that I wasn't a big fan of this one.

**Ericka Whitt says**

Really sweet book. Short story perfect for bed time. Said exactly what us Grandma's feel and my 6 year old Granddaughter loved when I grabbed her hand and whispered I love her for real. Of course I had a few requests to read over and over. She loved all the bunnies. And the butterfly's.
