## **Money & Murder** David Bishop

P.Q. Winston Rutledge is the richest man in Copper City, Arizona, and he believes someone will soon try to kill him.

The story quickly deteriorates into murder, and the ambitions of relatives in pursuit of his fortune. PQ's family is a collection of oddballs with a common bloodline. Fascinating people you'd love to have at your next dinner party, but each comes with their own set of secrets and entanglements. PQ is survived by a widow, the same age as his daughter, and two sons, one of whom—well, you'll have to read the story. You won't be sorry you did.

## **From Reader Review Money & Murder for online ebook**

### **Melody says**

excellent short read!

---

### **Debra Benton says**

#### **Good**

I am really enjoying the writings of David bishop. Well written and I on point. I highly recommend. On to the next.

---

### **David Bishop says**

I find many short stories to leave me with an unfinished taste. Money & Murder, a Matt Kile Mystery is different in that it is a complete story: crime, investigation, and solution all in a short story. This is Matt Kile's third mystery by David Bishop. The others being Who Murdered Garson Talmadge, and The Original Alibi.

---

### **Kaos2897 says**

Another one to like! Another one full of interesting personalities and an intricate plot.

---

### **Patricia Hill says**

#### **Disappointing**

Sometimes a short story can be too short. This is a case of that. Disappointed. Hope Matt Kile book 4 is better.

---

### **Linda Cole says**

#### **Short**

Too easily solved and Matt was a little bland about the whole murder. But I still want more of this series

---

## **Karen says**

### **SS and bonus content**

This short story takes up less than half of the book. The remainder is bonus content from book one in the series.

As a favor to a friend, Matt takes on a case in Arizona for a wealthy miner and rancher. Things move quickly and his new employer is found dead in his bed by the family's cook. Now it's up to Matt to uncover who it was who pulled the trigger. This KU library quick read gets 4 stars.

---

## **Charlene Roberson says**

Just a quick short story to introduce the character. It was OK.

---

## **Kathleen Downey says**

I really enjoy his books. Wish it was longer but on to another one of his books. He really does a fantastic job of entertaining his readers.

---

## **Lorraine Garant says**

Another fabulous book by one of my favorite authors David Bishop. This man doesn't know how to write a bad book. This was another great story written by the master. The only complaint I have is that it wasn't written as a full novel. Read David Bishop's books. You won't be disappointed.

---

## **Ellen White says**

Winston maybe the richest, but his family was a mixture of odd balls, and his second wife, was age and dressed like his daughter. He was sure someone wanted to kill him. 2 days, and only family, and it happened. As Matt digs into the family and finds a tangled web, that began years before. Was this a plot to get rid of Winston, or an act of mercy. Matt, wonders about the cook of two weeks. This maybe short, yet, he is direct in what he is thinking of who did it. Readers will enjoy this, and was Matt correct, in who did it. Readers will enjoy more of this and longer plots in the series also.
