## My First Time With My Dad's Boss Sienna Swan

I've wanted Mason Roarke forever, but when he fires my dad after a lifetime of dedicated work, it turns into so much more.

I'll do whatever it takes to make Mason reconsider his decision and offer my dad his job back. I'll give him anything he wants, including the only asset I really have worth anything.

My virginity.

Yes, you heard that right.

I'm going to offer Mason Roarke, billionaire boss of Roarke Industries, my actual first time in exchange for my dad's reinstatement.

Crazy, sure.

But not nearly as crazy as the moment he takes me up on my offer.

## **Looking Forward To More**

I read Dr. Big first, Swan's second release. I decided to go back and read her debut book and had certain expectations. Honestly, I prefer Dr. Big, though this was a good debut.

It took me a while to get into this book, but I think that has more to do with me comparing her debut to her second release. After letting go of my comparisons and giving the book a fair chance, I did grow to like it. Swan writes amazing relationships between her characters. The banter and interactions are so real, which makes it easy for the readers to connect. There are few, if any, errors. There's always character development from all the individuals. Though short, her books are entertaining and sexy.

I look forward to reading more of Sienna's work.

Soo... There was some plot, but it was like everything was just magically fixed with the snap of a finger... For once, this was too short! There were several issues the characters were dealing with, and they all just magically disappeared!

Good debut work!!

I enjoyed this novella a lot from this new author. It had many elements that I liked and for a 1st book I thought it was well written.

There were a few places that I would have enjoyed more detail or a bit smoother transition and I would have enjoyed a more detailed ending but overall a good read.

Will look for more from this author.

I voluntarily reviewed an Advance Reader Copy of this book.

I don't know what to say about this book other than I loved it I felt desperately sorry for Cassie and what was going on for her but at the same time I loved her attitude and the fact that she would do anything for someone she loves. I absolutely love love love Mason wow he sounds HOT but again I felt sorry for him at times Aswell the story in this is as amazing as the sexiness of the book I would highly recommend it xxx

Cassie may come off as a spoiled brat, but that couldn't be further from the truth. Mason is a very hard worker and his business is his life. Age is just a number when love is involved. These two definitely had chemistry from the very beginning. I absolutely loved the ending.

This was a good read and had some hot moments but I would have loved a hotter read. This is about a dominant older man and an 18 yr old woman. Cassie has always had feelings for her dad's best friend and boss but he didn't see Cassie that way. Then one day, her father gets fired. Normally, Cassie wouldn't care but they need her dad's job. Cassie flips out and heads over to see Mason, her dad's friend to try and talk him into rehiring her dad. Things don't go well and well, they go from safe topic to NSFW and he is propositioning Cassie. Things go from zero to 180 real fast. He'll hire her but only if ...well, you need to read this story to get the full story. There is hot sex, spankings, angst, secrets, lies...oh this book had a lot of excellent highlights , I would have liked more heat, more angst and alittle more to the ending but overall, this was a good read.

My Rating: 4.3 stars \*\*\*\*\*

#### **Great romance**

First thing, this wasn't my cup of tea. I like dominant alpha men and Mason was meh. The blooming romance and problems that arise are welk thoight out. Though there are a few missing holes, it's not important. This was still a good read and sweet romance.

#### **Sexy older man.**

I enjoyed this book. Mason was a hard worker & that's all he did. Cassie had lost her Mum & her father was sick. She worked for Mason & he couldn't resist her. Thanks.

This was a very enjoyable read. This I about a hot dominate older man and an inexperienced eighteen year old woman. An excellent debut novel and I eagerly await future offerings from Sienna Swan. Cassie has had a crush on Mason, her father's best friend and boss for years. When her Dad gets fired she decides to confront Mason and get him to reinstate her Father. In the heat of the moment she makes Mason an offer that rapidly changes both their lives. Full of spankings, orders, hot sex. Can their relationship survive the secrets and lies that pile up? What will happen when her Dad finds out? Read this great book to find out. I voluntarily reviewed an ARC copy of this book.

I loved the older man younger woman. Cassie was full of fire not backing down for anything. I loved her attitude and her comebacks towards Mason putting him in his place. Their chemistry was hot and Mason seen a whole different light on life. Very well written and a lot of tense and sweet moments. I voluntarily read a readers copy of this book

I was not particularly loving this book. It was well written and the story did have potential. Cassie was supposed to be a virgin but the way she went on made me think she was more experienced so it didn't really tie in for me. Mason i felt sorry for. It seemed he took to much on himself and then lost his friends and chances at relationships.

I don't know I just didn't like Cassie, I got a slut vibe from her and that should not have been the case.

A quick short story- that pretty much offers exactly what it says on the cover with a small background story running behind it.

Cassie's Dad has been made redundant from his job- and Cassie offers up what she thinks her Dad's boss desires the most.....herself

A decent short story- sweet and hot all at once- a great way to pass a spare hour

Oh my god! I never thought about this day that I'm gonna do this and giving a review here.

hell yea! I just Did Not Finish this book. Why? I hate the heroine here what's her name?. It's Cassie she's a spoiled brat here (to tell the truth here I just feel like she's a slut hmf! ) and a virgin.

That's is my call when I'm feeling that the heroine is a spoiled brat, I'm gladly ignore that book I can't stand them.. yes she's a virgin.. ( but she's not acting like a VIRGIN MARRY here!?! ??) she's not even a mature at her age, or a ladylike.

The hero here is the name of Mason..I don't have any complain about him. I get it he's a workaholic and I think he's hobby is work lol.. I don't care anyway~

Too bad I really love when the story is have a big gap in there age. That's make me thrill.

??? 2 star here..
