## **The Rockstar I've Loved for So Long: Hot European Billionaire Romance Marian Tee**

French billionaire Dylan Charbonneau is my best friend. He's also the world's sexiest rock star and all the girls who love him consider Dylan as public property.

All these years, he pretends he doesn't know I love him, but I've had enough. It hurts too much, seeing him all the time with them and not being able to call him mine.

This time, I'm going to tell him. I'm going to make him take me. And this time, I'm going to make him decide. *Am I really just a friend to him?*

## From Reader Review The Rockstar I've Loved for So Long: Hot European Billionaire Romance for online ebook

✿?az?? - th? ?ock C?ick ?airy✿ says

**Clearly, cover isn't everything.**

Yeah, I was lured by the cover. Lol. Looked hot.

Anyway, I was first deterred by the number of pages. I didn't know that this is a novella. The story was congested. It was pushed and pushed to make this one story that has so many time jumps and holes. I found myself asking lots of questions that were never even answered when the book ended.

I guess the conflict of the book made me interested enough to finish it. However, the guy is really an ass who needs his balls cut off. I understand that driving the girl away is like a knee jerk reaction because of his baggage, but maaannn, does he really have to do it over and over again? I felt as if the girl was without a backbone because shd just lets the guy do whatever. Ugh. I honestly didn't want her to go back to the guy since I don't buy his "I've-changed" attitude. Lol, if this is a series, the author has to face the challenge of not letting the guy's character to become a complete jerk again.

Did I read this book wrong? Or did I buy the wrong bundle? I swear, The Rockstar I've Loved For So Long is one of the worst books I've read this 2013. I went into it with so much trust thinking that it would be another great read...that it would sweep me off my feet just like Playing Autumn or The Real Score but NOOOOO. This book was a pure mindf—k that every fiber of my being is screaming for the bleach. I am not a prude but I just wish that I would never ever encounter this type of erotica again. Just NOOOOOO.

Sabrina "Bree" Wyle has always been inlove with her billionaire rockstar friend, Dylan Charbonneau. But the arrogant rockstar that he is, Dylan made it clear that he'd always belong to the female populace no matter how special she is. The truth pained Bree and just when she's about to give up on Dylan, everything changed between them. Dylan has finally announced that he wanted her to be his girlfriend.

The first pages of The Rockstar I've Loved For So Long intrigued me. Sure, its premise was a cliché but I kept my hope up because I thought it would be as great as Kesh's The Real Score. We have this iconic musical god suddenly befriending a commoner girl and you know, I just want to see how their story would

play out... how Marian Tee would handle their friendship and eventual romance. The book started off like a beautiful dream and gradually turned into a nightmare. After chapters 1 and 2, I was seriously questioning myself if this is a parody of Fifty Shades of Grey or a retelling perhaps because it really felt like one.

Let's discuss the loathsome things about this novella, shall we?

## 1. The Characters

Dylan is the rockstar version of Christian Grey. Surprisingly, he's a billionaire and has a very dark past that prevented him from telling Bree that he's also in love with her. Yes, I know, I know, it's all the same f--ked up story but I didn't mind because I love caring for broken bad boys. What I did mind is the fact that Dylan is one of the most despicable bastards who graced the world of literature. I just want to slap him right and left until his neck is broken. Between him and Christian, I'd rather choose the latter. What little attempt the author made to redeem him epically failed. Sure, he is suffering from some sort of a psychological trauma from his childhood but his actions towards Bree are inexcusable. It was like the author was just trying so hard to make him look really bad but in reality, Dylan just appeared to be a sick maniac who needs to be delivered into rehab immediately.

I just couldn't respect a man who would publicly say this f--ked up sentence:

"Because I have a girlfriend to f--k."

D--mn right! So very macho of him to announce the said statement to a crowd of prom party goers with Bree on his side. I felt degraded. I felt humiliated that I just want to fling my e-reader at my wall right there and then. I have nothing against talking dirty words between couples when you're alone (because some people find it a great turn on) but if you're talking dirty in front of an unfamiliar crowd of high school students with the presence of your girlfriend, then that is just unacceptable for me. The sentence felt like it came straight out of a porn movie.

Speaking of Bree, she is one of the most spineless, Mary Sue-ish heroines I have the misfortune to meet. She is an Anastasia through and through and deserves some serious slapping. My mind couldn't just fathom how a sensible girl like her could continue to love a f--king wank--r like Dylan. Dylan is deliberately abusing her emotionally and yet she continues to announce her undying love for him.

My dislike for her immediately started when she attempted to give up on Dylan after she saw him in an orgy video. While I applaud her for finally waking up, what happened next mindf--ked me. She went chasing after him after knowing Dylan's lame past. You've gotta be f--king kidding me. And then after they've shared a mindblowing sex, Dylan did another disgusting stuff and I thought that Mary Sue would finally learn her lesson. But nope, instead she let him f--ck her again. True story and so reminiscent of FOSG. Seriously, both Dylan and Bree need to be restrained by a straightjacket.

The secondary characters- Very bland that I wouldn't even blink an eye if all of them are taken out of the story.

2. The plot- I can summarize the plot in 4 steps. But you can skip this portion if you have read FOSG.

Fight

Make up

Sex

Rinse and repeat.

3. The romance- It felt phony. I couldn't feel that they really love each other. Instead of showing, there's a lot of telling. No matter how much Bree tells Dylan that she loves him, I just don't feel it. And that goes the same to Dylan. There's nothing romantic between these two hateful characters. It's all about lust and sex.

4. The flashbacks/ back stories- I wished that that author allocated the pages used for the back stories for something more sensible. It's nonsensical and I don't need to read the other horrible things that Dylan made in the past. The author could have opted to use the pages to give us glimpses of how Dylan and Bree's friendship developed over the years. Maybe, through that way, I could have seen the other side of Dylan and made me understand why Bree continued to be friends with him. But the flashbacks made me hate Dylan and Bree more. How could Bree chose to remain blind after all those years? I didn't even see that in some way, Dylan had been a good friend to her. D-mn. D-mn. D-mn.

Summing it up, this book has just made a forever home on my horror roll. I think I was going to be sick after reading it. It's a disservice not only to the female populace but to humanity as well. I am surprised that a 71 pager novella could evoke such revulsion from me. I would not recommend this to anyone even to those who are hardcore erotica lovers. Just no. But if you are really compelled to read this, I suggest for you to read it in small increments. Reading more than 10 pages a day would lead to nasty consequences which are not limited to puking, headache, losing faith in humanity, and getting psychotic because you just want to kill the main characters.

Verdict: Pass me the brain bleach.

\*\*\*Disclaimer: I really hate writing this portion but after my two negative reviews got attacked, I am compelled to do this. Please know that I don't hate the author of this book. Nor I am bringing her down. Unfortunately, The Rockstar I've Loved For So Long didn't work for me and this review is meant to share my honest opinion of the BOOK ALONE.\*\*

### **? Aimetz says**

Me duelen los ojos de tanto rodarlos.

En serio fue como gaaaah! no tengo palabras, se podía desarrollar de otra forma y hacer de la historia un buen libro. pero no. La autora ofreció una historia corta que ni siquiera llegó a ser regular 3/4.

De verdad quería tirar mi tablet lejos con cada linea leída pero como no dejo libros a medias así que tuve que sufrir tan cruelmente.

Y pongo dos estrellas porque de verdad siento que poner una estrella es cruel, ¿quieres buenas calificaciones? entonces escribe bien o no sé cambia de profesión.

---

### **Juli says**

Por suerte me llevó solamente una hora... Porque definitivamente es un libro que no vale la pena

---

### **Amanda vasquez says**

this book was so confusing I felt like I was missing something really big, but I kept reading and then it just got worse finally I gave up.I didn't even care what happened

---

### **Lily says**

This is more fucked up than fifty shades of grey and even I liked that book. This was REALLY weird and I didn't completely understand or follow. The timeline was pretty weird and sometimes I wasn't sure if it was the present or past. I don't really see how this is romantic, this seems like an abusive relationship to me

---

### **Karina Uribe says**

Fifty shades for teenagers. Pfft. / La sinopsis promete, sin embargo va empeorando y tiene demasiado sexo explícito como para ser considerado "romántico", el perfil, "psicológico" de Dylan ni siquiera tiene sentido.

---

### **Karina says**

Odie esta historia corta.

El prologo estuvo bastante bien, pero conforme avanza fue empeorando.

Odie a Dylan, es un estúpido no se como es que Bree lo soporta, ella es tan ingenua y tonta, perdona todo lo que le hace porque lo ama demasiado.

Todo se resuelve demasiado rápido, el se da cuenta de lo mucho que la "ama" y ella lo perdona tan fácilmente, aunque que puedes esperar con tan pocas páginas.

---

### **Kat says**

THIS IS FUCKIN' SERIOUS?!

Ugh, por Dios, en serio, ¿qué es esto? ODIE COMPLETAMENTE A LOS PERSONAJES. Ella era estúpida siempre buscandole excusas a todas las mierda que él hacía y aggh... Dylan, maldito bastardo, como le odié.

Creo que fue.. como, o sea, Dylan es ese típico chico que todas las lectoras adoramos, bueno, NO, Dylan fue un completo imbécil, bastardo y siempre haciéndole daño a la persona que "amaba".

Y Bree fue la chica más imbécil del mundo, pero supongo que es lo que hace el amor, buscar excusas del porque la persona que tanto dice "amarte" te hace daño a casa segundo.

Pobre, hasta me dio pena. Pero por supuesto hasta que la perdió, el idiota se dio cuenta de cuánto la amaba... Una palabra: JODETE.

El libro tenía potencial, pero los personajes cagaron TODO. Ugh, que ganas de golpear a Dylan, por Dios.

### **C. Erani Kole says**

received an ARC from the author in exchange for an honest review.

AAAHH, I LOVED IT!! I'm familiar with Marian Tee's work, so it was great to read another one of her books. Her style is sweet, innocently naive heroines with big hearts who fall for troubled alphas who need that special light in their lives. Sabrina "Bree" Wyle has loved her rockstar Dylan for four years, but now that she's eighteen, Dylan is having a hard time keeping her at bay. He has a very dark past regarding genetics and because of it, he lives his life around the fear of hurting her. His constant 'plans'- \*rolls eyes\* -of driving her away to keep from hurting her made me cry the whole time, mostly because it hurt Bree in turn and had a sick way of being technically true. :(

I'm usually a spoiler but I won't do it (I will later on my blog, though, hahaha). It was an entertaining story of hot temptation but, true to Marian Tee, there was a lot of love-drama. Like, Korean drama, where every turn is a \*gasp\* or a \*oh no!\* with tears streaming down your face at the outcome of every chapter.

Overall, I really liked this book. There's no cliffhanger and a definite HEA (happily ever after, in case you were like me and had to think thrice before realizing what it stood for) but I should warn those who didn't get it from the book cover that there IS sex (and I mean SEX O.O) in this with swearing (yes, swearing, too!) and mayyybe a menage a trois. If you want the spoiled review, check out my blog [strawberryknyte.blogspot.com](http://strawberryknyte.blogspot.com) :)

I highly recommend!

### **★, • \* ° \* ?\*Blanka\*?\*°°\*•, ♥★ says**

How much abuse can a girl take before she finally has enough?

The story was all over the place you and barely learn two things about the characters.

No character development what-so-ever!

---

### **Vani says**

¡QUÉ CARAJO? Perdón, eso fue duro. Pero en serio, ¡QUÉ?

Estoy muy decepcionada con este libro. Pensé que iba a ser genial, y no. Absolutamente no. ¡No pude ni

siquiera terminarlo!

---

### **Saria says**

This book is IMPOSSIBLE!!! I hate Dylan. His past was so f\*cked up that he was constantly cheating on her. What kind of theory is that ?!!

And this Bree is annoyingly forgiving, so naive believing that her love is so strong..but decided to give up when she saw Dylan dancing with Henrietta...

OMG Hellloooooo?!!! Why not breaking up when she caught him having a hand job..

This is sick..

I were truly mesmerized by the Prologue..it's so cute how she cannot see without the glasses..and got blindly go to Dylan's room..I was expecting more..

But the whole drama is disappointing..really not expected a cheating will come from this book.

---

### **Annmarie says**

Cheat. Ugh but a HEA

---
