""I like you. You're nice, and you're funny and you don't smoke, and okay, werewolf, but that's not all the time. I mean, three days out of the month I'm not much fun to be around, either." -- Willow" When Buffy the Vampire Slayer arrived in Sunnydale, she befriended a bookish, insecure girl named Willow. As a Slayerette, Willow uses her computer prowess for good, hacking into electronic government files and researching obscure rituals on the Web. But Willow's love life is severely lacking, consisting of an unfulfilled crush on her friend Xander and a short-lived fling with a deadly demon she met over the Internet.

Through her often life-threatening experiences with the Slayer, Willow gains the confidence to just be herself in the peer pressure-filled world of high school. And when her first real boyfriend, Oz, turns out to be a bit..."unusual..."in his own right, Willow is just the girl to prove that love really is blind...and a little scary.

Pia says

The writing style was phenomenal, and the plot satisfactory. All the same, more voice would be a welcome change.....

Dharia Scarab says

A novelization of 3 episodes from the TV Series.

Since I don't normally write reviews unless I have something specific to say, here's the break down of how I rate my books...

1 star... This book was bad, so bad I may have given up and skipped to the end. I will avoid this author like the plague in the future.

2 stars... This book was not very good, and I won't be reading any more from the author.

3 stars... This book was ok, but I won't go out of my way to read more, But if I find another book by the author for under a dollar I'd pick it up.

4 stars... I really enjoyed this book and will definitely be on the look out to pick up more from the series/author.

5 stars... I loved this book! It has earned a permanent home in my collection and I'll be picking up the rest of the series and other books from the author ASAP.

Bark says

I have a soft spot in my heart for Willow and wasn't disappointed with the way author Navarro brought her to life. And look at that cover of cuties Willow and Oz. Even though I had already seen the three episodes the book was based upon I still found myself smiling at all of the accurate "Buffy" wit and happily became entranced with the stories again.

Wesley Thomas says

Incredible book!

Ivy says

5 ?

Liked having the first collection of Willow stories. Sad that her first boyfriend was a robot demon. Happy that she found Oz. Glad Buffy came back. The episode with the demon mask was creepy.

Laura says

I read this so long ago I can't do a true review but I do remember enjoying it.

Twilightlover says

I watched the tv show and I didn't feel like reading the book but here is a review on partially the tv series

? Jeri's Book Attic ? the Romance Bibliophile ? says

Dark-Draco says

I've built up a bit of a passion about these short books, each containing the novelisation of three classic Buffy episodes. This one featured on three Willow episodes:

"I Robert...You, Jane" where she meets someone on the internet who turns out to be a demon accidentally scanned into the computer ... what else!!

"Phases" - one of my favourite episodes, where Oz turns into a werewolf - the best line ever is Willow's comment right near the end of the episode - always makes me smile when I see or read it!!

"Dead Man's Party" where she is trying to cope with Buffy's return to Sunnydale, but homecoming is cut short by a horde of zombies. Just another day on the Hellmouth!!

I read this during one day - made me late for work as I was determined to finish off one episode!! Now that there are no more new Buffy episodes, revisiting them this way is great.

Michelle Morrell says

Ahh Buffy books, junk food for the brain. Like being wrapped in a warm blanket!

Basically this is a retelling of three episodes from Seasons 1 - 3, the demon in the internet from 1, Oz is a werewolf from 2 and the zombie mask/Buffy's back from season 3. Did it add anything? Ehhh bits here and there. Was it worth reading? HECK YEAH!

Read entirely while wearing jammies.
