Uwasa no Midori-kun!!, Vol. 01 G? Ikeyamada

Yamate Midori is a 15 year-old girl and is very much a tomboy. One day Midori meets a boy called Hino Tsukasa, who came to the island she lives on for a holiday. He teaches her to play soccer and she falls in love with the sport. Midori is inspired by Tsukasa and continues to play soccer in hopes that they would meet again someday. When they do meet again Tsukasa does something unforgivable. Determined to defeat Tsukasa on the soccer field Midori enrolls in an all boy high school.

Soobie's scared says

This one hit so close to home!!

Essere fregata dal solito bellimbusto di turno e poi essere lasciata lì a leccarsi le ferite... Suona molto familiare! Perché sì, insomma, Soobie è tanto sveglia ma alla fine si è fatta fregare lo stesso.

Non so quanto sia adatto questo manga al mio stato d'animo attuale. Il mio cuoricino sta sanguinando ancora e non si vede l'uscita dal tunnel.

Comunque. Mi piace Midori come protagonista. Per questo primo volume almeno. Certo, cedere così facilmente non è stata una buona idea però poi si fa valere. Prendere ed andare a Tokyo pur di sconfiggere Tsukasa... Grandissimo!!

Ovvio, ci sono un po' troppi nudi in questo manga, anche perché Midori ha la pessima abitudine di girare nuda per casa, però la storia è simpatica.

Tra l'altro. Mi sa che farò parte del squadra Shinbashi!!

Ed ora, dritti verso il secondo volume.

REVIEW FOR THE WHOLE SERIES!!!

I love this mangaaaa! Although yes, I agree that it's the usual story like a girl pretending to be a boy to take revenge on some guy he loves, I still love the story and how it go! I can't really count how many times this manga make me laugh, say "Aw", and smile. I love the moments and I truly enjoyed reading this one. Though, some questions and maybe impossible things that I got for this manga is that, it's impossible for them not to know that Midori is a girl since her breasts is showing most of the time lol. But well, everything is possible in mangas. Haha. I like the ending as well. I like Kazuma but I must say that I like Tsukasa too so it's a 50/50 feelings. Lol. But I like it that all of them got the happiness they deserve. 4/5 stars for this manga!

[Reseña Global 10/10]

Uwasa no Midori-kun es un manga entretenido que, pese a no innovar en su género, te hace pasar un rato ameno. Ahora bien, me habría resultado más llevadero de no haber hecho tanto hincapié en ese ideal tan japonés como el de "la mujer es débil y necesita un príncipe que la proteja".

Recomendado para amantes de las historias de romances escolares (no digo del spoken porque el romance tiene más papel que el deporte en sí) o si buscáis una lectura sin muchas complicaciones.

This manga was ABSOLUTELY ADDICTING!

Ok, I know how I said about this author putting sex into her books, but this one had tuned it down, like I had wanted from one of her previous series, Moe Kara.

The plot is fast passed, keeps you swallowing it up and chocking a bit on the very romantic scenes which I gotta say I liked. They weren't really grown-up but not childish at all, so it was in between and a good example of a romantic scene.

About Tsukasa, I'm wondering what this deal of his with the chairman or head of the school was, and why he has to even kill soccer players to succeed, or rather he could if he had to.

The main girl character for once is actually fierce, strong, and has pride, and doesn't give up when a guy like Tsukasa does that to her like in the first chapter.

I dunno why but I kinda want her to end up with Tsukasa, although in this case both guys are really hot so I won't go off dieing if the guy I was originally hoping and rooting for won't get the girl.

Definately looking forward to the rest of this series because it is really good, the art is just eye candy for anime/manga lovers, the bishounen factor is definately there and just everything pieces together perfectly

About the whole series: I read this a while ago, but recently skimmed it. And all I could think about as I skimmed it was, "why am I still wasting my time here?" There are better stories out there just waiting for you to read them.
