What an awesome feeling it was to read about a person whom i rever so much. I dont know if i understood all the values Kuvempu stood for, i thought i was still too illiterate to grasp everything about his majestic personality. Would want to read it again and again and again and i am sure i will have some new point of view everytime

fff

**J Priya says**

I liked the memoir, Tejaswi's perspective of Kuvempu

## **Nirmith Gooli says**

Journey through Kuvempu's life. His commitment towards Kannada is enormous!

**Sirishma says**

Such a joy, reading all about KP's childhood, kuvempu's simple life.

## Bharath Kumar says

Best biography book to read and know little facts about Kuvempu, as comment given by the editor this book tells a lot about the author than Kuvempu, there is lot of humour in the book when he narrates the incident of his musical practise which I loved the most.

Most of the content in the book is about the author and his experiences rather than explaining in details about his father, there is an incident in the book which shows his love towards Kannada language and literature. Annana Nenapu can be recommended to the readers as it was the funniest book I have read so far

**Karthik Kashyap says**

Good book.

Brings the view of KPP's childhood days. Also we come to know about how a great writer Kuvempu looked maintained his family

## **Naresh Bhat says**

..... says

This is more of Tejaswi's visualization of Kuvempu.

**Manjunatha K says**

Its a book which make you feel the life of Kuvempu more than as a Rasarhushi. Even simple incidents will make you laugh in the words of tejaswi.s narration.
