Anything He Wants 2: The Contract Sara Fawkes

Seduced then coerced into a job as “personal assistant”, Lucy Delacourt has all but signed her body over to CEO Jeremiah Hamilton, promising to do anything he wants. Now she's Paris-bound and determined to resist him and the diamond-studded world of the ultra-rich.

Jeremiah isn't interested in forcing Lucy to obey a simple contract. He knows exactly what he wants: his new assistant's complete surrender. A man used to getting his own way, Jeremiah won't hesitate to do whatever it takes to sway his assistant and Lucy finds, to her horror, that the price she has to pay might be something she secretly craves.

I love this series, its just too short. I can't wait for the next installment. So far I've spent \$7 on 100 pages with book 1 2, and 3. Not sure that's a good financial investment though I like the story. At some point, if it takes ten books to complete the story I'm going to have to make choices about \$ vs. content. I'd like a bit of balance between the two.

Enjoying this SHORT... Very annoyed with the way this is being allowed to be purchased. I would have giving a 5 star if there was a full book available. :-(

Ethelrede says

Une suite, il lui demande d'accepter un contrat dans lequel elle s'engage à faire TOUT ce qu'IL voudra ! (et heureusement c'est aussi ce qu'elle veut faire aussi)...

So I read the first part of Anything he wants and loved it, so you know I was anticipating the continuation... and so we begin Part 2 with Lucy and Jeremiah Paris bound.

Lucy is at odds with what's right and wrong, she's still stunned over the turn of events that had her signing over her body to her boss, her mind is telling her to run as fast as she can, but her body is responding to the domination that Jerimiah demands and will not tolerate her dis-Obedience, something that frightens her, but when she is asked to submit, the question remains will she be able too?

We don't know much about Jeremiah at this point, what makes him tick, his reasons behind his motives, the only real glimpse we have, is that he's fierce inside and out of the boardroom, in fact at one point in this book I actually cringed at the submission scene, the seduction of Lucy is now being shown through Jerimiah controlling Lucy's body and he's not afraid to punish, in fact he seems to relish in it. We're beginning to see the the hard edge, a man who expects no less from those that work for him, and who sleep with as well.

The writer is able to convey the emotions in the moments Lucy and Jerimiah are together, the sex scenes are quite erotic, and painful as well, (as I said above,I cringed at one point during a punishment scene).

I'm hopeful to see where this book leads, my hopes are to love... but we'll have to keep reading to find out.

Really something extrordinary. I mean, could I find any millionaire offering such a job? Probably NOT. But still, the power of imagination.... LOL

Another short easy hot read. I really liked it.

Picks up where Lucy and Mr. Hamilton are about to board the plane to Paris for business. He hands her the contract where she will give "anything he wants." They have a moment on the plane where I thought she was gonna join the mile high club but does not.

They arrive in Paris and she is escorted by Ethan, Jeremiah's Chief of Security while Jeremiah goes another direction where the paparazzi is. She arrives at Paris Ritz hotel where she meets Celeste, long time friend of Jeremiah, COO to Hamilton Industries and Ethans wife. Celeste proceeds to tell her that Jeremiah used to be an Army Ranger along with her husband until his dad passed away and he was left with the family business. She also warns Lucy to nice to Jeremiah even though he can be a jerk but he protects those he cares for.

Jeremiah shows her to the rooms. She's enjoying a bath where he asks her to come out. She's in a robe and he tells her to take it off. She doesn't and she questions him, "Why me?" He sees potential in her and wants to give her a chance cause she's had a rough time. When she finally disrobes he makes her look into the mirror but all she sees is her flaws while he sees something beautiful. Jeremiah dresses her in a very nice white lingerie and then gives it to her good, rough but oh so good. This part I really enjoyed. There's ass play and some good ol naughty whispers.

It leaves off wanting more and I'm on the way to get it. On to the next.

Les Chroniques Aléatoires says

Hohohohohoho!!!!!! On augmente de level. Dans le précédent épisode, Lucy se fait sauter par le bel inconnu qui n'est autre que son big boss. Heureux hasard ou mauvais plan, seul le destin nous le dira! Dans ce tome, on commence à découvrir les différentes façades des protagonistes.

Déjà, je ne dirais pas "Tous les coups sont permis" mais "la présentation" ou simplement garder le titre en anglais " le contrat" , car il est en effet questions des clauses du contrat de travaille de Lucy.

Parlons en du contrat. Il stipule plein de chose : à première vu c'est un contrat auquel elle aura droit à tout afin d'assurer son confort et sa sécurité (normal quoi!) mais si on regarde mieux, il a ajouté une clause

spéciale : elle se soumettra à ses moindres désirs quels qu'ils soit. Franchement, vous femme (ou homme) votre patron vous propose ce genre de contrat vous direz quoi? Personnellement, je dirais ... à une condition qu'il soit Voilà!! :)

Ensuite : les lieux. La plus grande partie de l'histoire se déroule à Paris (ouiiiiiiii!!) car Jérémiah y va pour une soirée de bienfaisance. Lucy découvre pour la première fois le monde du luxe (moi aussi je veux le découvrir!!) ainsi que le goût du luxe.

Nous continuons par le plus croustillant de l'histoire : le sexe. Bon c'est pas une nouveauté certes, mais un petit plus fera sont apparition et restera ancrée au fil du feuilleton. En effet, on découvre un Rémi (un surnom qu'il lui est donné) adapte au SM (Tiens donc...encore un point commun avec un certain livre). Il est le dominant et Lucy la dominé. D'ailleurs, Lucy se met en dominé dès le tome 1 même si elle a du répondant. Sauf que là, je dirais qu'elle le fait par (à suivre!). Elle me rappelle Audrey dans "Perversions discrètes" . L'une comme l'autre cherche à connaître le sexe d'une autre manière que ce qu'elles ont connu. Et elles ont trouvé le bon partenaire pour réalisé ce souhait (Audrey avec Muriel et Lucy avec Jérémiah).

Résultat : un épisode deux des plus concluants. On a qu'une chose à dire : LA SUIIIIIITEEEEEEE!!!!!!!!!!

Chrissy says

So, let's just pick up right where we left off in the last review

Our insecure little temp-turned-prostitute has agreed to become the sex slave to her handsome CEO-turned-sexual-predator, so we are beginning the second installment with CEO whisking temp off to Paris in his own personal wealthy-person plane to show his little sex kitten the terms and conditions of their new agreement.

It's interesting to note that despite the fact I literally just finished ALL'S FAIR (DOMINATED BY THE BILLIONARE), I can't remember either character's names -- they just feel so unrelatable and faceless to me that it's hard to think of either as distinct, developed characters. So for the remainder of the review, for the purpose of clarity and understanding, they will be respectively referred to as "Temp" and "CEO".

Anyways, we learn that Temp is notably confused about her motives, desires, and expectations of the world around her. She's constantly telling us that her new position as a temp-turned-prostitute is grossly out of character, but on the flip side she's unrealistically open to all of the disturbing things that CEO-turned-sexual-predator expects and demands of her. It just feels very contradictory that Temp would both be so alarmingly open to sex slavery and vocally defensive of the fact that she'd otherwise never consider these scenarios. I've never personally experienced such an automatic reversal of deep rooted personality traits that I'd find it at all believable that Temp is anything but gullible and naturally submissive in the rest of her life as well.

At the beginning of this segment, Temp announces that this freaky game of sexual (abuse?) domination is one of the top five worst days of her life, which just makes me wonder WHY she would so quickly agree, willingly, to signing a contract that voluntarily makes her CEO's sex slave? If it's really THAT terrible, why put yourself in a position in which you knowingly and willingly accept putting yourself in a position that you claim to loathe and despise so much? But, Temp is very contradictory in her perception of her role in all of this, as she at one point asserts that she was "blackmailed" (did I fall asleep during this part and miss it all together?) then later states that she herself made the "choice" to be dominated.

But, I can hardly fault Temp for being so perplexed by the situation as we have come to learn throughout this segment of the story that she's just really not very perceptive or intuitive about herself or her surroundings in the least. She allows CEO to ravish (rape?), abduct, and control her, without speaking little more than a perverted growl, but when he asks her to unbutton his shirt after the fact, she considers this request to be horrifically "absurd". What about the rest of his crime ridden behavior up to this point, Temp?! She's relieved, after being manhandled by a complete and utter stranger (predator?) that he presents her a formal contract to justify his frightening behavior, because this makes her feel reasonable and professional and "less slutty". Really, now? At one point, she seems absolutely baffled by the fact that CEO wore "nothing beneath the shirt but skin," and it was only after about the 5th instance of stalk-meets-sex-predator behavior that she uttered a coherent thought about "Principles. Morals. Oh, yeah" -- Temp is definitely not the brightest bulb in the lamp, I suppose.

I know that I'm ultimately not the target audience for this genre of fiction, but I just can't fathom anyone seeing this CEO has anything less than a frightening, abusive sexual predator up to this point in the story. He has openly acknowledged his intent to take advantage of Temp's meager financial situation by sexually and morally manipulating her, based on his knowledge that she's desperate and "would never have turned down a chance" to make money, no matter the cost. At the same time, as a reader, I couldn't feel sorry for Temp based not only on her sheer stupidity through the first two sections of the story but also at her unwillingness to truly face reality and acknowledge the severity of the situation. By the end, when she laments that she cannot determine whether she is "a well paid office assistant or a glorified mistress," I decided that these two empty characters were just so vapid and ridiculous that they really did deserve each other.

As an aside, the "sex scenes" seemed so ridiculous and repetitive that I can't imagine that they'd be appealing to those who actually do enjoy partaking of this type of erotica. Is there a reason he does little more than "growl," wag his "member," and moan out weird, freakish statements about cats?

Seriously, I'm so disturbed that I can't stop reading. For that alone, I'll bump this one up to 1.5 stars.

Not sure why these stories are so short - she'd probably make more money off of selling them all together :)

Another fun book - this one takes off right where the last one ended.

Without going home, she is ushered to the airport for their trip to Paris.

On the private plane, she is a little overwhelmed, but finally realized this was going to be it. She had to choose to flip burgers for a living or be his "Personal Assistant" and that included "Anything he wants"

When the plane lands, she is introduced to Ethan, Jeremiah's limo driver.

She leaves with Ethan, and Jeremiah takes the media path. Detouring the attention away from Lucy.

When Lucy pulls up to the Hotel, she is in shock that she'll be staying at the Paris Ritz. She had no idea. She is introduced to Celeste, The head of the Hamilton Industries.

Lucy enjoys the tour that Celeste gives her of the hotel. The little information that she learns about Jeremiah and her new job.

When Jeremiah arrives to the hotel, Celeste leaves and they go up to the suite. The first thing Lucy does is

enjoys a nice bath.

But when she hears a knock on the door, she soon realizes, she's stuck in a foreign country, without any clothes.

In this book Jeremiah is a little more dominant and lets Lucy know her place in this job.

starting on book #3 now :)

Juls says

Paris here we come! Jeremiah is very much a dom and he gets what he wants and he's got his eyes set on Lucy. Lucy has been thrown into a world of luxury and doesn't understand what she did to deserve it. Jeremiah sees her worth but she only sees a plain girl with no real future.

I can't wait to see what book 3 has in store for these two!

2 stars - actually 1.5 stars

Again, still can't get the feel, too short....

Feels like u reading a chapter and then stop.....

Maybe I should wait until the paperback release, and read a whole package to get the feel....

Still....feelin' DeJavu with Fifty Shades and Bared to You.....

I expect for more.....

Later, baby.....

Sigh....

How much star should I give ??? *confused*

Dayum. That was sexy as hell! Another steamy read from Sara Fawkes. Obviously blew my mind away. **Jeremiah Hamilton** has a way of ordering things, or rather dominating a very willing participant. Even if your voice of reason is telling you not to, you'll more or less do otherwise. That's how you'll feel and be **Dominated by the Billionaire.**

I tried to create my own cast since it's almost like a complete book itself.

So here's...

Rich, powerful, intelligent and dominating

Jeremiah Hamilton

Ohh, those sexy suits, can't take my eyes off of those. Yum! I want to mess that hair and stare directly into his eyes. Lucky Lucy! Haha.

Smart and independent

Lucy Delacourt

You see, I tried to get the most beautiful model wearing a white bustier lingerie, and so far, she fits the role. Sexy isn't she? I think that's how HOT Lucy is, that's why Jeremiah was attracted to her so much.

Anything He Wants 2: All's Fair is the second part of the ***Dominated by the Billionaire***. Lucy is now coming over to Paris with her boss to start her new job as his personal assistant. Although we don't know exactly know what her job entails, his boss only demanded for her to follow and obey '**Anything He Wants**'. So readers out there, grab a copy of this and start reading. I highly recommend it!

PERFECT FIVE stars.

CHEERS.

Blimey – this is decidedly HOT!

Having signed her contract, Lucy is now on her way to Paris with her dominant boss, having agreed to 'Anything that he wants'. More characters are introduced to give the story more depth and we're getting to know Lucy a little better – she has a fair few insecurities.

Jeremiah – he may be domineering and used to getting what he wants but I am developing an emotional connection with him. We have small insights into his past and you just know that, beneath that ice cold façade is a vulnerable soul somewhere.

The sex scene in the hotel is seriously HOT.

Mais bon, le format est pratique pour augmenter son challenge :D
