Black Butler, Vol. 5 Yana Toboso

For an impeccable gentleman's butler like Sebastian Michaelis, the word "impossible" is just not in his vocabulary. Everything demanded of him under the English sun is well within his grasp. But do his talents extend to things under the scalding Indian sun?! As Harold West-Jeb's plan to use Agni, Prince Soma's superhuman butler, in a curry battle to win himself a Royal Warrant is exposed, Earl Ciel Phantomhive sets Sebastian to the task of creating an incomparable curry to defeat the despicable West-Jeb. But how can Ciel's devil of a butler possibly best Agni, the man with the Right Hand of God?!

Estefanía Carmona says

Nada de pistas en este tomo, pero Soma y Agni son tan amor que me da igual.

Shyames says

Za sam? obecno?? Sebastiana powinno by? 5 gwiazdek ;)

Ale wkurzaj?ca w tym tomie jest pewna nie?cis?o??: jako nazwisko Phantomhive jest pozostawione w oryginale, ale co chwil? pojawia si? nazwa firmy ju? jako Funtom.Co - ocz?ta mnie bol? :(

Nadrabia wszystko jednak Wiktoria, która przybywa w ?wietnym momencie i przez kilka kolejnych stron zwraca si? do Cielu nie inaczej jak "brzd?cu" xD

Reseña completa--- <http://bit.ly/2GLMY6y>

¿De qué trata este manga? La historia sigue las aventuras y desventuras del joven Ciel Phantomhive, un joven de 12 años (creo que tiene entre 12-14) que es la cabeza de familia Phantomhive debido a que sus padres murieron en un trágico incendio, él es conocido como un aristócrata del mal gracias a su relación con la Reina, la familia Phantomhive ha sido conocida durante generaciones como los protectores y guardaespaldas de la realeza, de ahí que Ciel haya obtenido el apodo de El Perro Guardián de la Reina. Suena como mucho trabajo para un niño tan pequeño pero es que Ciel no esta solo en su deber ni en su travesía pues cuenta con la ayuda de su fiel mayordomo, el misterioso, leal y sensual Sebastián. Juntos van a cumplir las órdenes de su Alteza a la par que buscan la solución al misterio de ¿Quién rayos mató a los padres de Ciel y por qué? Sebastián parece un simple mayordomo con habilidades increíbles pero es que en realidad es un demonio, un demonio que ha hecho un pacto con el Conde Phantomhive, un trato que implicará que un día Sebastian se coma su alma...

En el tomo anterior supimos más de la relación extraña entre el conde y el Mayordomo, además conocimos a Soma, un Príncipe Hindú, y su Mayordomo Agni, también nos enteramos que Soma ha llegado en búsqueda de su sirvienta Mina, quién fue “secuestrada” por un aristócrata inglés y es la razón de que el este en el viejo continente, y como si todo esto no fuera suficiente nos enteramos que hay una extraña competición con el fin de crear el mejor Curry, Agni tiene el título de ser el mejor Curry que hay en el mundo pero Sebastián y Ciel tienen sus propios planes... ¿Qué pasará?

Rachel Joy says

There was a curry competition that made me really hungry for Indian food ;).

Reeva says

CONTAINS SPOILERS!!!!!!!!!!!!!!1

I hate Mina!! I'm sad now that she didn't die or have something worse happen to her. She left the Prince to become a wife for wealth and show. What a witch to make Soma worry so much.

The Queen is hilarious. She keeps crying and yelling "ALBERRRRRT!!!" hehe so sad though.

Sebastian won the curry competition. No surprise really, he made a new product called the curry bun!! I want to try some Tooo!!!!

"What is that square box!? There are people inside!!" -- Soma referring to the TV hahahaha so cute

i am glad Ciel decided to let Soma and Agni stay with them. I love Soma he makes my day!

I love Sebastian. he is a sly little devil.

Miss Ryoko says

This volume was so random and silly! Haha, but I was excited to see The Viscount of Druitt returned! He cracks me up!

I know I've said it before, but it bears repeating... one of my favorite things about this series is that you never know if Ciel and Sebastian are good guys or bad guys...because they're a little bit of both depending on what's going on. I love it! I can't wait to see how the series ends! (well, I can, because the more the better :-p but you know what I mean)

Anyway, pictures! Oh man, there was some sexy ones of Sebastian. I want to put up a picture of Agni because he is sexy too, but I haven't really found one I REALLY like of him. They're all sexy... but the ones I save of Sebastian are the ones that literally make me go "God he's sexy!" while I'm reading. Haha!!

So, here are some sexies of Sebastian and one of Prince Soma!

Jessica says

I don't think I'll ever not enjoy this series. They're so witty and dark, I love it!

Kelsey Hanson says

I have never tasted curry before in my life, but now I feel oddly compelled to try it after reading this. I am kind of glad that the "Curry competition arc" is over just because cooking curry doesn't have nearly as much excitement as tracking down Jack the Ripper. Still it was nice to see Soma finally make some realizations about himself.

Ladiibbug says

#5 Black Butler series - Manga

Prince Soma's superhuman butler, Agni, and Sebastian confront each other in a terrific battle ... of curry making. The winner of this high-stakes cook-off receives the coveted Royal Warrant.

As usual the bumbling household staff causes turmoil, while Sebastian toils relentlessly to perfect his curry making skills. The manor's demented chef, Baldo, once again uses his flamethrower to prepare dinner, with the expected results, LOL.

I reread #1 quickly and see that Mr. Tanaka, the elderly man who appears often in the background, saying only "Ho Ho Ho!" is the House Steward. He seems to have no duties whatsoever ;-).

Julia says

Not my favorite plot line, but I'm so excited for the circus ?

Loremar96 says

No ha ocurrido gran cosa en este tomo pero los capitulos finales han sido muy graciosos , me he reído con Agni y Principe de Soma si que pueden ser pesados. Espero que las cosas mejores en el siguiente tomo con el circo.

Sara says

Sebastian, of course, deserves 5 stars. Always. Just for standing there, looking good.

As for this storyline, mmm, not so much.

Part of the problem is that it has been so long since I read volume 4, I couldn't really remember these characters very well. The curry contest was fun, but it seemed a little too "light". I would have rather had something a bit darker for plot. I found the Indian guests getting a bit tiresome after a while.

Nice to get a little bit of background on the inept servants. I've been wondering why they don't just fire them.

Gabriela says

This was absolutely hilarious. Goodness gracious. And now I'm really craving some curry...

Reread: THIS IS JUST SO FUNNY. Queen Victoria is just too much. LAU THOUGH, he has an unexpected dark side...

Suzette Banick says

It pains me to rate a Black Butler so low, but this volume was completely overrun by curry. I was honestly sick of curry before the end. I might have even rated it lower except for the last chapter which was funny enough (and unrelated to curry) to leave me with a more satisfying taste in my mouth.

K. says

Excuse me while I nitpick this translation, but Victoria's husband Albert was a Prince Consort, *not* king. It's a very important distinction re: power dynamics within the Court and the relationship. Maybe I should bug Duo-La to translate a raw copy of this panel for me so I can know who fucked it up. ~~someone is WRONG on the internet and must be brought to JUSTICE~~

ahem, anyway. We establish in this volume that English people fuck up curry on the regular due to their bland palates. Sebastian eventually proves himself as "one hell of a butler" with the cunning use of chocolate and pageantry.

Sebastian has such a high opinion of Ciel, it's so heart-warming.
