## Nichelle says

Hotter than the last. I am wishing they were longer though.

## Tilly Slaton says

Ok hmm. I was excited about this book.

I read it cover to cover so to speak .. in about 35 minutes.

Bleh.

Being the second book in the Jane Porter series, this picked up right where the first left off.

Jane is a woman who was celibate for 2 years. Apparently she is “insatiable” .. at least until Antonio awakened her desires. In this book, their passionate D/s relationship has been enhanced by Santos, Antonio’s best friend. Yadda yadda ..

It is one thing to write a series. It is one thing to write a series of short novels. It is a completely different thing to write a book that contains only a few scenes; most of which by the way, were your normal Joe Blow. Seriously?

I love this story. I look forward to reading more. The next book in this series, Reinventing Jane Porter is now on my kindle awaiting my attention. I’m pretty bummed though.

I like this author a lot, but if I can only look forward to 30 minute stories that cost \$2-\$4 .. I’m not sure it is worth it.

I suppose I can recommend this MATURE book to adults only. Strong sexual content. Duh, right? The length is very disappointing. I’ll let yall know about the third book. If I write that review today .. I’ll be totally bummed.

You do not have to read the first book to “enjoy” this one.

~Happy reading ...

The second installment of Jane Porter was another fun light read. I'm glad the first one was free, it encouraged me to read this second installment. This is what I can define as glitterkink. No heavy BDSM. Definitely for those who want a little bit of spice to their romance.

I have to say I am slightly embarrassed to admit that I read this series. It is not the type of book I normally read. I have been hearing a lot about erotica and have some friends that are writing it. I wanted to see exactly what erotica is. While I didn't care for some of the language (perhaps I am a slight prude), I did enjoy the storyline and even the sex scenes were hot.

**Chrissy says**

Oh my! This is one sizzling hot story.

---

**Sassafrass says**

Super hot but quite the tease. definitely hotter than the first book but very light on the BDSM so I'm not sure if it could be called that. I definitely can't wait to get to book three!

**Stacy Wright says**

It gives you a good look into the world of BDSM without being overly done! I enjoyed it!

**Tawny Taylor says**

This is a super short story, a very fast and very sexy read. I liked the author's snarky voice and the lively dialogue. However, I felt like I'd started the book in the middle. I was totally lost. I'm guessing I need to read the books in this series in order. Because of this, I couldn't rate this one at this time. I'm hoping to rate it after I go back and read the first book.

**Carrie says**

This one is filled from beginning to end with hot sex. I'm not sure if there was a scene without it.

---

**Brandi Porter says**

Wow! What a threesome and lots of it! Antonio introduces Santos to Jane. I didn't think I was goin to like that but I did rather enjoy the read ALOT!!!!

---

**Nea Barabea says**

It's more of a short story, than a book. And it tooks off where the first one ends. I guess the third one will start of where this one ends. :P There wasn't really an ending. But I really enjoyed it! It's sexy and hot and I really wanted to read this one. Dominique Adair really knows how to write hot stuff ;) I was one fire :P :P

**Tia says**

Okay, only a couple comments. HOLY SHIT, can those boys fuck or what? I mean if it was possible for a man to exist that could pretty much screw you wild without stopping or very close to the fact I'd like to meet him. I thought the book was a bit unbelievable with some added overkill.

This was hot.

I fell in love with Jane Porter and couldn't wait to be educated myself. Enter into a world where being a submissive is an honor most women crave and being tutored at the hands of Doms is a priceless gift These stories capture your attention from the very beginning, build your anticipation, engage your emotions - and then you discover that you'll have to wait for the next story to find out what happens next - and believe me, you'll want to know what happens next. These characters are highly memorable, the sex scenes are beyond hot and conversations are delightfully wicked. I've got a real fondness for Jane, Antonio and Santos.

**Nicole says**

Loved it! Its intense and incredibly erotic and so depictive that I could see the story in my mind as I was reading, just as if I were really there. The heat and the passion are incredible and I absolutely can't wait to read the next couple books to finish the series!
