## **Freaky Hearts** Amanda M. Lee

Poet Parker his having a rough time of it ... and then some.

She owes her boss Max Anderson everything for saving her from a life on the streets, but Mystic Caravan's favorite psychic is struggling because that loyalty caused her to lose a shot at true love.

When the circus hits Brigham City, the nature lovers in the troupe are looking forward to visiting the Great Salt Lake while Poet can't shake the feeling that someone ... or rather some dark thing ... is watching her. Her discomfort doesn't ease back at the circus, where Kade Denton is busy pretending she doesn't exist while he grapples with the truth about his parentage.

When a local boy goes missing, the police show up at the circus and announce that everyone is a suspect. The suspicion only grows when the missing boy turns up alive in an adjacent field. Even after returning him to his parents, the police refuse to back down and Poet finds the walls closing in.

Between a shady cabin in the woods, local legends about saltwater monsters and angry ghosts that may be waging war on outsiders, and Kade's inability to stay away even though his anger still festers, Poet has her hands full.

As always, though, the show must go on. The circus runs like a well-oiled machine ... until trouble comes calling. Poet finds it's difficult to straddle the line between magical demands and emotional reality and when the enemy becomes clear she finds she might be the ultimate target.

Can Mystic Caravan's band of merry mischief makers hold it together long enough to take down another foe? Only time will tell whether Poet's happy ending is within her reach ... or if death will find her first.

## Diane ~Firefly~ says

The circus goes to Utah, has to deal with picketing and then they find a missing child, which makes them the main suspects in the cop's eyes.

What I enjoyed:

- \* I still just love the entire premise of this series. The constantly moving circus that also hunts monsters.
- \* We got a bit more of supporting characters this time
- \* The baddie was real bad and backstory interesting
- \* Ends without personal conflict finally!

What could have been better:

- \* I don't understand Raven. I really wish we would learn more of her backstory. (view spoiler)
- 

## Carin says

Too much time spent on relationship drama. I can't decide who annoyed me more, Kade or Raven (can anyone really be that full of themselves?), or even at times, Poet. This same kind of drama plays out in every series (including the ones written under Ms. Lee's alter-ego) and it really distracts from the overall plot of the book. Don't get me wrong, I like the romance, but I think it can be played out better.

The story gets better once the focus is put more on the underlying plot, the mystery. Unfortunately, that happens too close to the end and it's not enough for me to want to give it a better rating.

I really hope book 4 is better.

---

## Mike Lewis says

### Great story

Great series with a great cast of characters. A traveling circus during the day and evil monster hunters at night a band of magical and mystical monster hunters travel the country entertaining during the day and destroying evil at night. Fun and entertaining check them out

---

## Jeanne Pocius Dorismond says

### Another Great Story from the Mystic Circus

Amanda M. Lee delivers again. This time the antics that matter happen in Brigham City, Utah. The story is complicated, but don't worry: it all works out in the end. Supernatural good guys do battle against

supernatural bad guys, and more of the mystery behind it all gets revealed. Read the book, and though each of these books reads well on its own, I encourage you to read the entire series. You won't regret a single moment! A+ Bravo!!!

---

### **Melissa Smith says**

I read at least 1 book a night so I go through a lot of books. However every time I read an Amanda M. Lee book I always find my self laughing the whole time and stuck on each series. The books are different and hilarious. I can never move to a different series or book until I finish her series first.

---

### **Rebecca Waldron says**

**?? Finally!!**

First off, I sat and read this book most of the day yesterday. I finished it at 2:30 this morning! I just couldn't put it down for longer than a few minutes.

I love the humor in these books. Probably because it reminds me of myself and my friends. I'm more pervy than them though so I'd probably be Luke. Lol

Aside from the humor there was a bunch of heartfelt moments in this book and FINALLY! Poet and Kade buried the carrot! Ok, that was lame, sorry. I'm glad they made up! Moreso that Kade forgave Poet.

I can't wait to see what comes next in this cute, funny and freaky series. Hopefully Made can forgive Max too and build a relationship with him in the father son capacity.

I also need to see what other twisted creatures and havoc await the Mystic Caravan crew.

---

### **Librarygeek says**

This is another zany tale following a rag tag group of circus performers who are actually magic creatures (or magic wielding). Poet and Kade's romance (or non romance as it may fall) continues in the midst of yet another supernatural mystery. The group must suss out the real monster before the town pins a local kidnapping on them. (they are strangers and \*strange\* ones at that after all).

The town people are portrayed a bit over the top. It is hard to imagine an entire town of people being this insular in this day and age.

I liked the first 2 books better, but this is still better than average fun!

This is book 3 of the series, and it is best if you read the other books before you read this one. The background will help you enjoy the book better. The entire series has been a fun, light read. Even the suspenseful and murderous plots don't stay tense too long and don't interrupt the books' fun.

---

### **Sarah Leenart says**

Poet is in a bad place emotionally and it's also having a physical toll on her too. So it's not good timing when they land in a new place that is not exactly welcoming. In fact it becomes downright hostile, especially when they are suspected of being responsible for the missing local children. So it seems only fitting that they

should all sort their problems out and solve the murders. Fortunately the circus always come though best as a team and even better if they would only let Nellie weld his axe a little! Fun and mayhem once more. There were also moments to melt my heart :-)

### **Sherry says**

#### **A Wickedly Exciting Paranormal Mystery!**

Take a suspenseful plot, add in snarky dialogue, quirky but deadly magical characters, mix in lots of high energy & just the right amount of romantic angst, & you get one wickedly awesome Paranormal mystery. This series is one thrilling & complex adventure ride! Do not miss it!!!!

---

### **Munira Vahed says**

#### **Another amazing read!**

Wow fantastic book. I'm loving this series. Its full of adventure and mystery.

This book starts 8 days after the last book ended. Kade is keeping his distance from Poet after the revelations from the last book.

The circus lands in a place called Bingham City in Utah where they have never been. Its very different to places they have been to before.

Children get abducted and the circus people are in the crosshairs of the local police.

With this mystery get solved before they leave to the next venue? What will happen to Poet and Kade's relationship? Will Kade ever forgive Poet? All of these answers are answered in this installment.

---

### **JadeShea says**

Freaky Hearts begins with Poet being heart broken because of what happened in the previous book. Also, Kade is spending more and more time with Raven and that is like a knife to the heart for Poet. But when Poet is attacked and Kade comes to the rescue, he can't stay away from her after that. And as some more truths come out things get more complicated between them.

This book was really good! I thought it was better than the previous two books, and I adored Kade and Poet together. I still hate the stuff that went on with Raven, but I was happy with the outcome, and the story line was really interesting. I look forward to more in this series now!

---

## **Ghadeer A says**

I swear poet was acting exactly like Kate hudson in (how to lose a guy in 10 days)

I mean even her maturity level and self esteem was down the drain WTF

The thing that helped this story was the way she acted with strangers and the killer that is the only saving grace

And although it confused the hell out of me that she had split personality at least i liked one of them .

## **Randy Aldridge says**

### **Love to see the authors E.V.**

I've read quite a few of Lee's E books. . Very light easy reading. Great price. No connection to reality ( which I get my fill of). So perfect escape reading. You can't help but notice most of A.L.'s books rotate around the same theme. Just change locales and names at times. I found, especially in this story, many times a word usage where clearly, " I don't think this means what you think it means". And since its an alternate, we can live where whales spawn. Happens several times. If Lee cares she might ...well, the author know better than I her choices in these matters. I'd address them. It is distracting and being amused for the wrong reason? I'm not sure why the characters dialogue is often circulator. Filler?

## **Dharia Scarab says**

Since I don't normally write reviews unless I have something specific to say, here's the break down of how I rate my books...

1 star... This book was bad, so bad I may have given up and skipped to the end. I will avoid this author like the plague in the future.

2 stars... This book was not very good, and I won't be reading any more from the author.

3 stars... This book was ok, but I won't go out of my way to read more, But if I find another book by the author for under a dollar I'd pick it up.

4 stars... I really enjoyed this book and will definitely be on the look out to pick up more from the series/author.

5 stars... I loved this book! It has earned a permanent home in my collection and I'll be picking up the rest of the series and other books from the author ASAP.
