Having Patience Debra Glass

Throughout their long engagement, James Camplyon, Earl of Somerset, has fantasized about Patience Hadley Mims' silken skin and voluptuous curves. He expects his witty, beautiful bride to be timid on their wedding night. But Patience is far more than shy. She's terrified.

James presents his reluctant bride with a box of risqué novels, ordering her to choose a passage each night for them to act out. Despite her fears, Patience thinks being bound and blindfolded will undo the hard-learned lessons of a lifetime. But she doesn't count on her husband's patient resolve to strip away the dark secrets threatening to prevent her from giving herself to him completely.

Jennifer says

Great characters and premise. Loved it.

Kimberly says

It's his wedding night and James Camplyon, Earl of Somerset, can't wait to bed his new countess. But while it's understandable that his bride would be nervous on their wedding night, what surprises James is that Patience isn't flat-out terrified. Unwilling to force himself on her, James instead gives Patience a box of salacious novels and instructs her to pick a scene for them to act out each night. Patience discovers she loves giving up control to her husband, but still she holds back. It will take all of James's patience to strip away the layers and discover the source of his wife's fears before he can truly have Patience, mind, body, and soul.

Debra Glass weaves an erotic spell over readers in the sensual *Having Patience*. James and Patience are two newlyweds who are a perfect match – or will be once James learns why Patience is petrified of sex. I won't reveal why Patience fears sex, but I will say that Ms. Glass makes her problems understandable. James endeared himself to me with his efforts to get through to Patience. He's by turns tender and commanding, caring and sensual, but Ms. Glass gives him all these traits without making James seem superhuman. It's easy to like both protagonists, which is why I read *Having Patience* in one sitting, not stopping until James and Patience had their happily ever after. As with all of Ms. Glass's stories, I finished *Having Patience* a thoroughly satisfied reader and I cannot wait to see what new tale Ms. Glass delivers next!

Reviewed for Joyfully Reviewed.

Agustina Cartagena says

All the stories by Ms. Glass have really well written BDSM scenes. The only problem I have with this story is that the hero seems to be a bit too abrupt. *Shrugs* I like the Dom/Sub play, but he just seems to take it a bit too far for me.

Neus Gutiérrez says

Normalito, hay cosas que chirrian y no me ha temrinado de convencer.
Los golpes no me van.

Dewi Read says

Buku Debra Glass yang ke 2, setelah suka sama buku pertama yang dibaca, semangat cari buku DG yang

lain, terpilihlah buku ini, karna covernya keren terus sinopsisnya menarik. Cerita singkatnya nama Heroinenya Patience emang cocok sih butuh kesabaaaraaaaan banget menghadapinya. Untungnya suaminya James super sabar, baik etc...ternyata ohg ternyata Patience dulunya dididik sama guru private yang salah "ngajar", dan cenderung membuat trauma Patience hingga takut untuk "intim" dengan suaminya. Sebetulnya aku suka cara DG membuat alur cerita, tapi Patience agak terlalu "berani" untuk ukuran wanita yang blm menikah.. tapi dari segi cerita ngk bosenin dan sangat menghibur, walau ada adegan pintu belakang wakakakaka

Noor says

It was good the sex was great, the only thing is i did not like how easily james forgave her, should had to work for it, I really liked james character he was the perfect man =) hot and sweet

Fran Alsaud says

Me gustaron mucho los protas y la ambientación de la historia muy detallada.

Karen Blanquicet says

muy buena me conecte con los personajes

Steph Juarez says

Me gusto!!

Cindylisse says

Muy buena, a pesar de ser corta logras engancharte con los personajes....

diana marcela Ballestas says

En este libro Debra Glass se anotó un hit. He de decir que el tema BDSM en la actualidad en algunos sectores aún se considera tabú, ahora aterrizar este escenario en 1838 es un gran reto. En esta historia tenemos un típico matrimonio por conveniencia, muy usual en la época, a lo que sumamos unos poco usuales gustos sexuales, que ademas se suman a una restrictiva educación y tenemos a Patience, una protagonista temerosa de sus deseos y desconocedora de su propia sexualidad. En este camino de conocimiento juega un rol increíblemente importante el apoyo de James, quien poco a poco fue descubriendo el origen de los miedos de su esposa.

Mas que erotica o BDSM, este libro trata del autodescubrimiento de las pasiones y las limitaciones que puede crear la sociedad en temas polemicos o tabú.
