## **His Desire (The Billionaire Dom Diaries, Part Two) Ava Claire**

Billionaire Jacob Whitmore's quest for revenge was so close to completion--until he came face to face with the fallout from his choices.

Leila has every reason to abandon ship but somehow, she still looks at him like she sees a love worth saving. A man worth fighting for.

He longs to be the man reflected in her eyes but his thirst for vengeance threatens to cost him the love of his life...

His Desire is part two of the Billionaire Dom Diaries. The Billionaire Dom Diaries is the sequel to the Billionaire's Wife series.

## **From Reader Review His Desire (The Billionaire Dom Diaries, Part Two) for online ebook**

### **Christon says**

Loved it of course! I have never been disappointed when reading a Jacob and Leila story. These two are one of my favorite book couples and they just keep getting better and better. Ava has completely surprised me yet again with the cliffhanger in book 2. Just when we start to fall in love with Jacob all over again as he makes amends with Leila for her forgiveness of deception, his resolve is tested yet again. How much more can this couple take? They have been through some very trying times, yet they remain strong and together. I can't wait to read the next installment in the series. If you're looking for a new serial to read, Don't miss out on Jacob and Leila Whitmore's story. It's fantastic and you should definitely start from the beginning with Ava Claire's His Submissive series!!!

---

### **Kit Arthur says**

(I received this book from the author in exchange for an honest review.) Though this installment of The Billionaire Dom Diaries was really good, I found it difficult to read. I may be a wimp or something, because the suspense about killed me a few times. I normally don't have trouble reading suspenseful books, but I found myself truly concerned for Leila and Jacob's relationship. Be prepared, folks; this one's a bit of a stressful read. Part of my brain told me I shouldn't worry. Ava Claire wouldn't break up the two main characters. Then again, she always seems to know the hearts of her characters; and this time, their hearts truly were a muddled mess.

I'll probably always love Ava Claire's writing. This one was a bit more stressful than I usually like to read, but it was still great, all the same. I look forward to the next installment.

---

### **SammiesBookBlog says**

So here we are. The moment we have been waiting for.

I truly knew in my heart Jacob would never kill his brother. Leila would never forgive him. And he loves her.

So, I'm glad he made the right choice. I'm glad the two seem to be working at things and that Leila finally told him about what happened and that without Cole, she may not be alive. The story was short and sweet and of course, HOT. Because Jacob Whitmore IS HOT! sigh. I love that man. And at the end was hot and then Cole walks in and...awkward...hahaha. Poor guy. And then Cole asks the ultimate favor from Jacob. To help the woman who nearly killed his wife.

AND BOOM! another cliffy.

Love it.

Love this series.

What will Jacob do? will he help Cole or will he bring Brittany to her knees?

Cannot wait for the next installment.

Must read series :-)

"For better or for worse,"

---

### **Angela McKinney says**

I received an ARC of His Desire for my honest review. I read the book a couple of days ago and had to really think about the story before I wrote this review. I have loved every book of Ava Claire that I have read. I have also enjoyed Leila and Jacob story throughout the series. But I can honestly say this story has been the worst. For some reason, I could not be kept captivated and I would lose my place right and left and would have to reread passages because it didn't make sense. I hope the rest of the series in Jacob's point of view is better. This one felt rushed and thrown together.

---

### **Bookhog says**

This series of books will let us see the life of Jacob and Leila through his eyes. In part one you can feel how deep his love for Leila is and what he is willing to do to help her get help with her recent kidnapping. He is furious with himself for not being there to protect her when she needed him the most and he seeks revenge on Cole and his sister now!!! Leila is trying hard to put the kidnapping event behind her, so she ask Jacob to take her on a trip. Jacob suggest Ireland because he can take her on the trip she wants and he knows that is where Cole and his sister have been hiding out. While in Ireland, Jacob starts to see a little more of Leila's walls breaking down until she finds him with Cole. Cole is tied to a chair and blood is everywhere. Jacob has a knife and a gun and plans on killing Cole & his sister. How will that effect Leila now?

### **Kashunna Fly says**

\*\*\*\*\*I received an ARC copy in exchange for an honest review\*\*\*\*\*

In this second installment you see true rage at its purest form. Under the guise of a romantic getaway with his fragile wife Jacob takes Leila out of the country so they can heal after her horrible ordeal. While wearing the outer appearance of a doting husband he is fighting with an inner rage that's is clawing him to get out. Lay sees he is hurting but is unable to get over her trauma to get thru to Jacob. Jacob will do anything it protect what is his & is even willing to do the unthinkable. Will Jacob be able to calm his inner demons or will he do something he will regret? This series is the best in so stoked to be reading about Whitmore's. I love Jacob & Lay!!!

---

### **Anita Powers says**

I am so glad that the author had Lay handle the situation the way she did. I am so happy that Jacob opened up and let her see every piece of him, how raw he was. She tells him "You are the man I see, Jacob. Beautifully flawed, stubborn...but you love fiercely. You're a good man, not a villain. Not hopeless. You're human." Then she goes on to say "That wall isn't as impenetrable as you think. Because I see you. And I love you" It could not have gone better and I left out a huge breath I was holding because I was scared of her

leaving him. Then I start to feel bad for Cole because he felt such guilt that it was killing him but at the same time he did get himself into this mess. I love how feisty Leila is in this book, I like how she tells them both what trouble their lies have caused and that she wants it to end. I was glad that she finally shared what happened during the time she was kidnapped and how she tried to just forget it and that she was too nervous to tell him. I was shocked but happy when Jacob told Cole thank you when he found out he actually tried to help Leila. Then Jacob and Leila are back at their hotel and she wants him, and wants him to take her, I love how she is actually the one in control and how she coaxes him to give in and then we see the dominant Jacob we all have fallen in love with. I was so happy when Jacob shared with her his bad dream and she told him "I know you're human and you're flawed, just like the rest of us. And it's okay to be broken. I'm broken. But together, we can be whole." Loved that quote. I will say the ending is just wow, I cannot believe Cole is asking him for a certain favor, he has a death wish lol We will see what happens in the next book.

BOOK DESCRIPTION: I received this ARC copy for my honest review.

This is book 'His Need (The Billionaire Dom Diaries)' is part 2 of a 4 part series. This series is the sequel to the 4 part 'The Billionaire's Wife' which was a sequel to the 'His Submissive series', so please read them first.

This book was beautifully written from Jacob's perspective, and continues from where we left off in part 1. This installment reminds us of the deep love and devotion that Jacob and Leila have for each other. It's a story of two broken people fighting for the future they dream of together.

At the end of book 1 Jacob remembered that since Leila was more important than anything/anyone else he would have to trust and rely on her as much as she does in/on him. We see glimpses of redemption, forgiveness and undying love all wrapped together.

Part 2 ends with a cliffhanger - What will happen between Jacob & Cole? I can't wait to read to book 3 Ava Claire never disappoints!

## Robyn says

Sitting on the edge of my seat! WOW Ava Claire does a great job of bringing us great suspenseful moments throughout her story. I was so happy that Jacob is finally learning to trust in Leila. This is his breakthrough time. Jacob thinks that all is going to go the hell but Leila has some surprises for him. He thinks that she will be like every other woman; Jacob soon sees that Leila is NOT every woman... Leila finds her voice and finally has that moment when she reveals to Jacob what happened during the kidnapping. Can Jacob find resolution with his brother Cole? Can Jacob release that hate, anger and killer? Leila and Jacob finish out the rest of their trip wrapped up in love or at least try too. I could not believe the cliffhanger that was dangled at the end.

## **Jenny Brightman Harris says**

I received this book as an ARC for an honest review.

In this book we find out what Leila really thinks after she has walked in on Jacob and Cole. Jacob finally gets to hear what really happened to Leila in that motel room and they think this is something that they might be finally able to work through but things are never that simple with this couple there is always more to come.

This is another piece to the story. I don't want to say too much because it is a short story I feel like I will give too much away and as a reader you really want to experience all of it for yourself. You need to read them all in order to understand what is happening to these characters. It can not be read as a stand alone in other words. This is another great part to this story. I would recommend it. It is short though.

---

## **Jennifer Finn says**

This series of "books" picks up where The Billionaire's Wife left off. Leila is safe at home with Jacob after being kidnapped by Cole (Jacob's brother) & his crazy sister Brittney. Leila won't talk about her ordeal to Jacob & every time he asks if she's okay she says she's fine. He is frustrated because he knows she's hurting & he just wants to help her heal. The rage inside him is growing & he is trying to track down Cole so he can get revenge on him. Jacob takes Leila to Ireland telling her it's business but really he has tracked down Cole. Leila knows exactly where Cole is & when Jacob leaves her at their hotel she follows him. She doesn't expect to walk into Cole's house in & find him tied to a chair with Jacob trying to behead him. Thankfully Leila stopped him before he went too far & did something they couldn't undo. Leila finally breaks down & tells Jacob everything that happened to her & how Cole helped her. Jacob admits he didn't know how to handle not being in control & how lost he felt when she was taken from him. The day they are leaving Ireland Cole comes to their hotel & begs Jacob for help. Someone has kidnapped Brittney from her hotel room in Paris at gun point leaving her boyfriend behind. When they get to Paris they find out a very dangerous criminal who is a well known human sex trafficker has Brittney working in one of his Brothels. Jacob is horrified when he sees the condition Brittney is in when they find her & even more horrified when he finds out who paid for her to be kidnapped.

---

## **Lewlin says**

Jacob is out for revenge and will do anything to right the wrongs done against his wife Leila. This book really projected the pure hatred that Jacob had towards his brother Cole. It was really quite scary how far he was prepared to go.

But if anyone can talk Jacob off the ledge, it is Leila. Through their love, Cole was allowed to live another day.

This book ends on a cliffy as Cole asks Jacob for a favour. A favour to help save the woman who tried to kill the love of his life. What will Jacob do?

---

**Michelle ♥♥♥♥ says**

Ava's writing gets better each volume, each page... One minute your fighting your fears, than tears, smiles of joy and freedom, giggling and blushing and that's just in the first ten pages ;)

I absolutely recommend reading this series. It truly makes you see Jacob in a whole new light. What I loved the most about this was learning his first feelings - if you've read this you know what I mean. If you haven't while you have your curious George suit on, don't you?!?

Please take a few hours to yourself to indulge in another lust worthy, mystery seeking and fulfilling volume!!!

Thank you, Ava! Kudos!
