*Vanessa Vale*

**Hyacinth** Vanessa Vale

Montana Territory, 1885 - Unlocking her heart will mean a battle of wills, but love is worth the fight.

When handsome soldier Jackson Reed returns home from the Army, one woman catches his eye. She notices him as well but why is she doing everything she can to avoid him? Hyacinth Lenox can't stop thinking about Jackson Reed, she wants him but she can't have him. Guild from a tragic childhood incident follows her everywhere and she feels undeserving of Jackson's love. He's a man who gets what he wants...and he wants Hyacinth.

Warning: Panty melting! Hyacinth is the second book in the Wildflower Bride series. It's is a wildly dirty romance with a shy heroine and obsessed war hero determined to make her his.

## **From Reader Review Hyacinth for online ebook**

### **Christine Lee says**

Hyacinth is a quiet, sweet girl, always willing to help her sisters. The moment Jackson saw her, he knew she was his. His only problem? Convincing her.

Another HOT impossible to put down read from Vanessa Vale. She has become an automatic 1-click for me, and she should be for you too.

---

### **Pennie Morgan says**

This is the second installment in this series and just as H-O-T as the first. Hyacinth is the responsible sister who is not only shy but feels she is undeserving of having a love of her own. Jackson is home from the Army and has the attention of all the Lennox sisters but the only one he really sees is Hyacinth and he will do anything and everything to get her attention. I really love how all the sisters have flower names and they certainly seem to live up to their namesakes. This is a sexy read and will definitely keep you warm, or H-O-T on a winter's night.

### **Sharambeth79 says**

I recieved a copy of this book in exchange for an honest review. The opinions in this review are my own. I was thrilled to find that Vanessa Vale was going back to the world of Rose and her sisters with this book. The steam does not only come from the blacksmith's-forge that I imagine the town has, since this is another historically set romance, or the train that might be somewhere in the territory. I enjoy the feel of escape and time travel I get when I am reading Vale's delightful tales of dual desire. Vale has a great way of portraying the relationship between male and female when she writes her storylines. I enjoyed reading more about Hyacinth and being introduced to Jackson Reed. Jackson is so bold for such a unique time in history. I found myself thinking about Vale's characters and setting even when I was not reading. I often like to imagine what the town is like that the characters live near as well as the farms/ranches they live on. Vale has created a great place to visit as one reads her latest tale. I recommend this for others that enjoy a romance with some historical setting.

### **Liz Gavin says**

Addictive series of standalone novellas

I didn't think it would be possible but book two in the Wildflowers of Montana series is even HOTTER than the first. And just as addictive. I'm telling you guys don't start reading these books if you don't have a little spare time because you won't want to put them down. Jackson and Hyacinth is the perfect couple if you're

looking for a scorching read. You'll get the chills but winter will be the last thing on your mind if you know what I mean. LOL They kept me up for most of the night last night.

As usual, I don't like to give away spoilers so I'll just say I thought Hyacinth was the sweetest of the Lennox women and the one I personally identified most with. Jackson Reed is just PERFECT and officially my newest book boyfriend. He's sensitive, intelligent and H-O-T. Once more the author did a great job creating multi-layered characters – both the main and the secondary ones – and a well-rounded plot. Throw in a lot of steamy action and you'll get an explosive erotic novella. Just the way I like it!

Final thought – even though this is a series each book is a standalone. Although I don't believe you'll want to stop reading them.

## **Irisdiana says**

Second in a series-about a makeshift family of girls not blood family but adopted after the The Great Chicago Fire and raised by two women that wanted a new life and a family. All the girls were named after flowers when adopted.... Hyacinth never thought that she deserved to be married and happy. A childhood accident made her guilty for even considering that a family was even an option for her. However, the tall yummy drink of water, Jackson that came to work on her family's ranch really wish she deserves happiness and him. She tries to stay away from him even to the point of hiding when she see him. He will have no part of it and in his alpha ex-army sharpshooter way forces her to court him. Jackson pushes her way out of her safety zone and into his arms and experiences that she never knew she could feel or have. He has his own guilt that he is struggling with as well, and these two help each other in ways they didn't think possible. Love this series and can't wait until the next one comes out.

I was given this ARC for a free and honest review.

## **E Reader says**

### **Lovely Wildflowers**

This family of 10 women in the time of Western Expansion was not a place women had many rights, but they had each other. For a woman to flourish she needs a man, but these women are no wilting flowers and they need a strong man to deal with a strong woman. This is the story of that and this is a great story. Totally loved this story and the characters. Such a fun read.

---

## **Kirsten says**

Hyacinth is, most likely, the sweetest of the Lennox sisters. She's not the type of girl who draws attention to herself, and she feels especially self-conscious whenever Jackson is anywhere around. Jackson is interested in Hyacinth, and he is not willing to let her get away. He pushes her to meet with him even though she believes they would have no future together. Jackson is willing to court her in an unusual fashion and won't give up until she is his. This book is a bit tamer than many of Ms. Vale's works, and I enjoyed it.

---

## **Valerie says**

Just when I wasn't sure Ms. Vale could make things any hotter with her m/f erotica she surprises yet again and in the most pleasurable of ways. This is the second story in this series and while it is very hot and does not let you forget it is erotica, the story is so intense it can wring the emotions right out of the reader. While her hero is a gentleman, he has a deep dark secret that he tries to hid from his heroine which of course leads him only into trouble and as most times he pays. While yes this is a story from an era gone by the plot is relatable and again the characters are so real and so relatable you will find yourself making friends with them. The book can stand on its own but once you've ventured to the Lennox ranch you will want to keep going back.

## **SH says**

### **Fantastic!**

Book two brings us the story of Hyacinth and what a steamy story it is. This is a smoking hot western romance series, if you haven't read book one you should and then follow up with this one. They stand alone nicely but why not read them all?! I can't wait for the next!

## **Chitra \*CJ\* says**

Jackson and Hyacinth were sweet- pretty good read on a rainy day ♥?

---

## **Heidi says**

I was given this book in exchange for my honest opinion and a review.

We are back again with another instalment from the wonderful Vanessa Vale with her Wildflowers Of Montana this time it is Hyacinth turn.

When Jackson Reed comes back home from his time in the army, he catches the attention of the seven lovely Lenox daughters. But he has eyes for just the one ... the beautiful Hyacinth Lenox. It's obvious that she has noticed him also, so why is she avoiding him?

Hyacinth just can't stop herself she thinks about this handsome sandy-haired newcomer so much its scares her, but whilst she longs for her happy ever after with Jackson, she feels that she is not worthy enough to marry let alone him the one she desires the most. Guilt mares her from a tragic incident from her childhood it still scares her now in her adulthood, It leaves her feeling that she is undeserving of Jackson's love.

But Jackson isn't a man to give up so easily. He is determined to help Hyacinth overcome her past and her pain and make her his wife. Will he be able to succeed in awakening her to the carnal pleasures that he wants just with her?

He has sensed a great capacity for love and sizzling hot passion in this fair Lenox flower.

Unlocking it will for sure mean a battle of wills, but this love is worth the fight and then some.

Will they both get the Happily ever after they deserve?

Another great story it will make your heart skip a beat. In this book I loved how it was softer than Rose's story Hyacinth is rather delicate just like her name sake the flower, I loved how patient Jackson is with her and how he takes charge so perfectly he knows just the right buttons to press, and who would stop him huh .... lol I no I wouldn't.

Hyacinth as I said above is rather delicate she is also rather cool and calm she has had to endure allot in her life, but then she never thought she would find a man such as Jackson either. I love how Hyacinth is so unflappable especially with her sisters she makes me smile at times I couldn't believe she is a perfect lead character and the type of person I would love too be friends with.

Now Jackson he is sinfully handsome and strong he sets his eyes on Hyacinth and he will not waver, if one thing the army has taught him is not to give up or in..... good thing too as Hyacinth is so unsure of herself her life and him and he is the right man to help her. I loved his softness and the edge of tough guy, and how he sees the real Hyacinth he totally had me from the get go, in fact he was my favourite character.

One of my most favourite parts is how Miss Trudy lets them have alone time and Jackson catches Hyacinth in the most surprising of way's. I wont give away how as it would be a major spoiler but its a doozy and then some.

I just love Vanessa Vale she sure knows how to lure you in to her magical books.

## **Kathy Heare Watts says**

### **WILD AND CRAZY**

I really loved the chemistry between Hyacinth Lennox and Jackson Reed, the way he is so compassionate and gentle, sensing her hesitancy in any type of relationship. He forces her to meet him twice a day and engages her in a shocking and erotic manner for coaxing her to open up, share her fears and then to teach her desires between a man and a wife. The plot kept me captivated and the pages turning with their beautiful love story, full of passion and emotions. Both have something in their past haunting them, but together they will heal those wounds and work on a future. I love this series by Vanessa Vale, her characters each has their own distinct personality and she writes where you can feel their emotions, their passion and also envision the steamy sex scenes that sizzle off the pages. Each of these books can read as a standalone. I can't wait to read the next story in this unique and erotic series of Wildflowers of Montana. Disclosure: I received an e-copy of this book in exchange for an honest review. All thoughts, opinions, and ratings are my own.

## **Stephanie says**

Oh my god. I loved this book. It was straight up hotness. There was a great mixture of true emotion between Jackson and Hyacinth and there was so many amazing sex scenes.

Hyacinth was a great mixture of a woman who needs saving and a woman coming into who she really is; a strong woman not afraid to do what her heart says.

Jackson is a man with a haunting past but when he first sees Hyacinth he knows she is his. He goes all out to get her to be his wife.

These two were great together. The perfect mixture of spicy and sweet.

---

## **Christine says**

Omg I love Hyacinth! She's so sweet and nice and Jackson was so patient with her. They both had pasts they needed to put behind them to be together but they managed with love and acceptance from each other. Near the end of the book there is a plot twist I was not expecting! I was like nooo! And then things get twisted around again. Really liked how things turned out. Can't wait to read the rest of the Lenox girls stories.

---

## **Romazing Reader says**

Oh. My. Wow! Straight up hot sexiness!

Book two of my new favorite sexy old west series just cranked up the heat to be even hotter than ever! I love love love the pure sweet passion between James and Hyacinth that just sizzles off the pages... it's such a honest to goodness pleasure to read! And so heart melty romantic too!!

It's always the quiet and shy ones that you have to look out for...Hyacinth is the responsible sister of the eight, the bookworm, the seamstress...the one who blushes beet red and runs away whenever James Reed looks in her direction. When James decides to start to court and woo Hyacinth with his sweetly salacious seductive charms and makes an offer for her hand that she wouldn't dream of refusing...Surprise! James suddenly finds he has an extremely insatiable wife on his hands, not that he's complaining..at all... James knows exactly how to tie up all that passion and Hyacinth is in for a spanking hot honeymoon...crazy awesome quick read with plenty of sexy action and a bit of edgy drama to keep this a major page turner till the very end!! Loved it!
