**Ironheart** Rachel Lee

DREAM WARRIOR...

Sara Jane Yates was a black satin sheets woman hidden in the guise of a pistol-packin' peace officer. Gideon Ironheart could tell that just from the sound of her voice. No other woman had ever made him want to quit his wandering ways before. But then, no other woman had ever rescued him at gunpoint from a barroom brawl, either.

Tall powerful--and ready to take on the whole town--Gideon Ironheart was "an Indian with an attitude," all right. Deputy Sheriff Sara Yates was sure of it. But there was something else about him--something hidden, sensual. Something that made her want to tell him her darkest fears. And her deepest desires...

Iron Heart: Conard County (Silhouette Intimate Moments 10th. Anniversary #494) by Rachel Lee (1993)

---

## **Saly says**

3.5 stars

This book follows the same pattern as the other books in the series: large-age gap (here h is 28, H 41), virgin or virgin-like heroine and just accepting they love each other in the last 10-5% of the book. Our hero comes into town looking for the brother he has never known, the hero from the second book in the series. But he isn't sure he wants to know him, so he decides to stay around town working at the heroine's ranch. Our heroine is a Deputy Sheriff, who was put off men after being jilted at the altar when she was 18. She also has a lot on her plate trying to figure out what is up with her troublemaker brother. The plot & the romance in this one was decent.
