Life, Vol. 4 Keiko Suenobu

Katsumi has gotten into Ayumu's school life, he's gotten into her private life, he's even gotten into her head. Now he's gotten into her room and only a miracle can save her now. And if being pursued by a sexual predator wasn't enough, Manami's campaign against Hatori will seem light compared to the horror she will unleash on Ayumu.

Álvaro Fernández says

9/10

Mazohyst says

I knew girls could be mean, but in this manga, the girls are straight up b----s. They anger me so much. Is there really no one persons other than Hatori who would stan up for Ayumu? The school disgusts me. The teachers are oblivious. And I can't believe the mom won't believe her own daughter. It makes me sick. And it makes me even more sick when I realise that this is probably happening somewhere in the world.

Fantine says

I want to cry

hissi says

I can't believe there are girl that are THAT WEAK. For santa's sake! Stand up for Ur self -.- I'm getting pissed !!

Unicat says

Une série très touchante à propos de la persécution à l'école. Manga très éducatif et prenant, bien qu'assez violent.
