## One Night With You Shiloh Walker

Logan knew from the first time he saw Bo Martin that she was the one for him. They were just teenagers then, but he knew. He spent years quietly waiting for her to grow up and when he finally made his move, he moved too fast and scared Bo away. She stayed away for four years but circumstances outside his control kept him from going to her when she finally returned. Now it's too late. Bo's engaged to one of Logan's best friends. But he'll be damned if he lets that wedding happen. All he needs is a little bit of luck, and one night to convince Bo that she belongs with him.

One Night with you by Shiloh Walker 3 stars

Started out really good (and hot). Logan was an amazing hero. Bo annoyed me with her stubbornness. The ending was a little abrupt.

Logan waited years for Bo to grow up enough that he could pursue her. And once it happens, he moves to fasts, spooks her and she spends the next 4 years avoiding and running from him. When she does return and Logan seeks her out, he finds out that she's engaged to his cousin. But he's not about to give up - not on the woman he's been in love with for 8 years. A bit of kidnapping and seduction should convince her she doesn't love anyone but him.

This was fairly short and very sexy. Not much in the way of character development (probably due to its length) and the characters reactions are pretty extreme. Bo's panic about love is extreme (not unbelievable necessarily) but not my thing really. I got almost all my enjoyment out of the steam and passion between the characters.

Buffff demasiado corto como para que me pueda meter en la historia, sentirme identificada con la prota y amar al chico.... Definitivamente me faltó historia, me faltó sentimiento y me faltaron hojas para hacerla mía. Una pena porque podría ser un buen libro romántico, pero no llega.

Hootie-HOOOO... I loved this story. It had everything I LOVE in it.. a little restraining, a smoking hot bad ass of a man that wont take no for an answer. Throw in some sexy sexy sex and you have the combination for a Alisa Favorite!!!

Hmm. Weird.

I didn't get into this. I felt like the history was to big to be really touched on in this short story, but it mattered. And then I didn't feel like much changed yet they were committing to each other. AND THEN the book just sort of ends. Sure, I filled in the blanks because I'm clever like that, but no. It wasn't executed well.

This was a verra hot & steamy short read!! For not being very long, it gave a decent background of the two main characters, which I liked. The fact that he literally kidnapped her using chloroform was amusing yet a little disturbing! It was a lol moment though :) All in all, great book for a quick & quiet afternoon read.

Im Grunde ist es so wie beim letzten Lesen auch. Eine nette Geschichte mit einigen Schwächen und ein bisschen zu kurz, um Tiefe sowohl bei den Charakteren als auch in der Handlung zu entwickeln. Aber so für zwischendurch, morgens im Bett vorm Aufstehen, war es schon ganz nett.

Not mind-blowing but it does the job. A quick romance, that works perfectly so long as you don't think about it too much. Don't. I know you want to, but don't. Just read, eat your biscuits, then close the window and go to bed, no second thoughts. You'll love me for it.

This is a re-read for me and just as good the second time around. Logan wants Bo and nothing is going to stand in his way. He has wanted her since school but that was a problem since she was younger than him. Finally, one night he loses control and after a night of loving Bo runs. And she runs for 4 years! She is now back and engaged to his cousin. Logan is a one determined dude who knows what he wants and goes for it and Bo is scared. These two make a great pair together and the passion and chemistry is combustible.

The entire premise of this story aggravated me. Was there a point to this other than avoid people like these two at all cost?

This was a good book but it was way to short. :( I LOVED Logan!! He was a SEXY bad ass that wouldn't take no for an answer. He wanted Bo and he would do anything to get her. \*swoon\* What a man. lol I just really wanted to see what happened to their relationship in the future.....

I would give it ~4 Stars~ for being SEXY but ~3.5 Stars because of how it ended.

Ending was very abrupt but with good character background. Nice short ( very short) story
