# Repo

*Jessica Gadziala*

**Repo** Jessica Gadziala

MAZE:

In concept, the plan was simple: prospect at The Henchmen MC. In practice, however, it was anything but. One, because I was a woman. Two, because it was a brotherhood. And three, because Repo, the man who was in charge of making my life a living hell until I quit or screwed up enough to get thrown out, also happened to be the hottest guy I had come across in ages.

The problem was, if I didn't get in and stay in despite the hazing from the members and the undeniable attraction building between me and Repo, there was a very good chance I would be found by them. And if I was found by them, well, I was dead.

REPO:

How the hell was I supposed to get her out of the MC when, one, I didn't agree with the fact that because she was a woman, she had no place in The Henchmen. Two, because she was strong, smart, capable, and determined to get a patch. And three, because, well, I wanted her.

The problem was, if I didn't get her kicked out, I would be screwing up a job that was important to the prez. But the problem was also that if I kicked her out, there was no way I was going to get a shot with her.

I didn't know, however, that the real problem was a lot more complicated and a lot more dangerous than disappointing my boss or not getting laid... the problem was Maze had demons and they were hot on her trail...

\* This can be read as a stand-alone and has an HEA but has side characters from the other Henchmen books.

## From Reader Review Repo for online ebook

### Bev says

A quick easy read that was more relationship driven rather than club focussed. I was so curious to read about Maze when she was introduced in an earlier book and she didn't disappoint. She's a brilliant character, strong and kickass when needed but underneath it all a vulnerable girl living in fear and trying to make the best of a bad situation.

I had hoped to love Repo, and whilst he grew on me I just couldn't forget that regardless of whether he agreed with making Maze's life a hell till she left, he .... still ..... did .... it, and that burned his bridges totally. Being deliberately cruel, mean and unkind to a woman does not an alpha make. I got my WWLND (what would Liam Nightingale do) yardstick out and Repo didn't even begin to measure up, sadly. **An alpha male is all about protecting his woman above all else, not seeing her brought down low day after day.**

And after reading this I really can't wait to learn more about K.

3.75 - 4 stars

---

### Deborah says

As soon as I finished 'Wolf' I moved straight onto this and since I've liked the bits we've seen of Repo in the previous books I was looking forward to it especially after the ending of 'Wolf' where we're introduced to Maze for the first time.

I enjoyed this book and I absolutely loved Maze, she's yet another strong female set to tame her Henchman. This was a quick read, it's actually the longest book page wise but probably because it's not as dark it's a quicker easier read.

While I started this book with really good feelings about Repo I wasn't happy with his treatment of Maze not only because she's a woman but she's a woman he has feelings for and the fact that his treatment made her ill was difficult to read, yes he was following orders and I could understand the reasons behind those orders but it was still hard to read.

Despite this I really liked Repo, this book and these guys, the girls club, all the epilogues and of course the ending, getting us ready for the next book which I suspect will be Dukes but I'm very curious about Renny.

---

### Dianne says

Good grief, you think the previous Henchmen stories were swoon-worthy? Jessica Gadziala is back with **Repo** and um, just hand me the smelling salts as this Henchmen falls for the feisty mystery woman who wants to ride with the big boys as a full-fledged member in a world where men were men and women were their respected treasures, NOT their brothers.

With some toned down angst and a little less violence, this time out Jessica Gadziala has captured the warmer and fuzzier side of a biker, as Repo seems far more civilized than some of his brothers. When it became his job to ensure that Maze didn't stick around as a probate, the fire and determination he sees in this

tiny spitfire is a huge emotional magnet for him that traps him between loyalty to the club and loyalty to his heart.

Maze has a secret, and keeping it will keep her alive. Brilliant, educated and desperate to belong in an environment that will keep her safe, the Henchmen came highly recommended, but she needed to make it on her own. Little did she know the one man who could make or break her would become the one man she wanted to trust with her heart, her past and her future.

Talk about a blaze of glory! These two are beyond hot together, and yet, they are also sweet enough to satisfy any sugar craving! Jessica Gadziala keeps raising the bar on her writing by bringing another badass biker to his knees by one tiny little woman who can be as tough as nails and soft as silk. Each tale just keeps getting better and winning the heart of a Henchman is like holding out for a hero, well worth it!

I received an ARC edition from Jessica Gadziala in exchange for my honest review.

Series: The Henchmen - Book 4

Publication Date: June 4, 2016

Publisher: Jessica Gadziala

Genre: Romantic Suspense

Print Length: 302 pages

This was very meh for me, sadly.

Still enjoyed it, just not all that much lol.

---

### **Jen says**

Been so darn busy since I got back from camping and just not much time for a review.

I will say this; I have thoroughly enjoyed this series, and of course this book. Repo is an extremely loyal MC member, and he takes a bit to fall for his heroine; but when he does he falls hard for her and the sparks begin to fly!

This is a series worth looking into, and I can't wait for more, more, more!!! LOL There are so many other characters that I'm dying to learn more about and see them get a HEA....hopefully! As long as Jessica Gadziala keeps writing them, I will keep reading them! I loved the epilogues at the end. They were great, as they started at a few months, and then had a few years later too...Loved that extra look into the couples future!!!

---

### **NMmomof4 says**

#### **3 Stars**

**Overall Opinion:** This was a pretty unique story, and I'm still enjoying the author's storytelling skills with this series. It was fun to see the two fight their attraction, and it was also nice to see some of the old characters again. I think even though this is part of a series, it isn't all that necessary to read all the books to follow along with this one. While I did enjoy it, I wouldn't say it's my favorite of the series or will be all that memorable in the long run...so a "just ok" 3 Stars

**Brief Summary of the Storyline:** This is Maze and Repo's story. They meet when Maze shows up at the mc compound asking to become a prospect. Repo is assigned to make her life hard to get her to quit just because she is female, and even though Repo feels it is wrong he cannot deny a direct order. They are instantly attracted, but they fight it for as long as they can until they eventually give in. They fall in love, but there are some past secrets that come out that they have to deal with...but they do get a HEA ending.

**POV:** This alternated between Maze and Repo's POV.

**Overall Pace of Story:** Good. I never skimmed and I thought it flowed well.

**Instalove:** No. Instalust? Yes.

**H rating:** 4 stars. Repo. I liked him and how he cared for Maze.

**h rating:** 4 stars. Maze. I liked her determination and attitude.

**Sadness level:** Low, no tissues needed

**Push/Pull:** Yes (view spoiler)

**Heat level:** Hot. They have some hot tension, chemistry, and scenes -- but not so much it takes away from the story.

**Descriptive sex:** Yes

**Safe sex:** Yes (view spoiler)

**OW/OM drama:** Yes (view spoiler)

**Sex scene with OW or OM:** No

**Cheating:** No

**Separation:** Yes (view spoiler)

**Possible Triggers:** Yes (view spoiler)

**Closure:** This had pretty good closure with what I would call a HEA (view spoiler).

**How I got it:** It was part of my kindle unlimited subscription.

**Safety:** This one should be Safe for most safety gang readers  
(view spoiler)

### **Dusti Hanrahan says**

Loved. Repo!

Finally I get my review in :)

Yet again- JG has left me totally mad about one of her bad boy bikers. It is no secret I adore this author and 'Repo' is just another reason why.

From other books in this series I had the idea that Repo would be damaged with a troubled past. I looked forward to learning about what broke him, I knew that Jessica could put him back together through the magic of her words.

I assumed Repo would be the usual foul mouthed ass hole- man whore, biker with zero respect for women with even less desire to be tied to one. He was indeed a foul mouthed ass with a love of women but he was also extremely loyal to his Henchman superiors, he was stubborn yet devoted, kind and sexy, with a heart of gold.

Maze was a bad ass hellcat of a heroin, strong and fiercely independent. She needed protection and with proper training she was determined to enter into a man's world, driven to go where no woman had before, she planned to be patched in to the Henchmen MC. Maze was more than a club whore, she would prove that a woman can be as strong as a man in all the way the club requires.

Repo gets assigned to make Maze's life hell. The Henchmen MC is no place for a woman and years of brotherhood allows no room for change. Reign, the club Prez tells Repo to do anything necessary to get

Maze to quit, and for no reason is he allowed to have sex with her. (of course 'the girls club' catch on and make the men suffer).

Quitting was not an option for Maze, she needed this MC- she needed a safe place, the protection that these men could give her.

As her secrets unfold, lines are crossed and loyalties/trust tested. I love the way Repo handled it and I love that it was not over angst.

As usual, there is a little suspense, a little drama and a whole lot of hot SEX.

The tension between Repo and Maze is off the charts hot, the connection was instant. When they get together there are fireworks and perfection.

Jessica's books remind me of a fine whiskey- they go down smooth and easy- a slow burn leaving you sated yet craving more. She has a way of making the baddest, scariest men end up beautiful and strong and totally worth fighting for!

\*\*Aaaaaah!! I see what u did there at the end, damn you!!!\*\*

Just a tip: These men are so much better if you read the series (as well as Savages) in order.

---

**The MC slut goddess visited my inbox!!! Thank you JG for the ARC!**

---

**~Nichole~ Sizzling Pages Romance Reviews says**

Ok I'm seriously so happy to find another author that's just so crazy good at building up this "universe" of deeply interesting and complex, faithful, loyal characters that just all together make an addictive world. Repo and Maze were absolutely phenomenal together. He's such a freaking good guy . I loved how tough she was too . I almost dropped my kindle at the end. Wow. Just wow

Safe completely. No ow, nothing that gave me one moment of issues. Even the heroine had a healthy history with sex. Just loved how safe this was. Not even a club whore. Nothing

---

**XxTainaxX says**

3.5 Stars. While I really liked Repo, I think it's a shitty thing he was made to do and I think he takes the loyalty thing to its extreme. That being said, I get that it's how he was built. Maze was one unfortunate girl. One person after another kept letting her down in a big way. No wonder she had trust issues. In her own right, I liked her determination and perseverance. When she starts as a prospect to the Henchmen, the life she's fighting for gets even harder and to top it off, she's also fighting an attraction to her "boss", Repo. Lucky for us, they can't resist each other because let me tell you they come together quite sexily. However, I didn't really feel their connection as strong as I've felt the others. Though I do sense something there, I just felt like they didn't really get much of a chance to develop outside of repeated encounters for sex. I loved K and Rus' roles. I feel like this author really puts love into not only her MCs but secondary characters as well.

The epilogue left many questions that I eagerly await the answers to. Safety: No OW/OM/Sharing. Though H makes a statement as to getting a OW in his bed, nothing happened. Neither are Vs. No rape/abuse.

### **Michelle says**

\*ARC provided by the author for an honest review\*

Got to luv a hot biker

I was dyin for this book I 've luvd Repo since we got a lil bit of him in Reign an well Maze I was dyin to know her story an it was great she as been through a hell of a lot in her life an now her life was just a total mess an she needed protection more than ever an she was goin to try an seek it from The Henchmen MC she knew it was goin to be hard but she would try her hardest to get into this gang see no men were ever patched in a MC it just wasn't done but she needed help an she would do anything she had to they put her through hell to try an break her but she wouldn't break they didn't know what she had been through so she just carried on but the person who had to try an break her was Repo an he didn't want to do it but it was his job an he would do what he could but Maze was sexy an she made Repo feel things that he had before he would try to fight it but bein in charge if the probies did help

Repo is a great guy but he is mad he is a loyal guy an alway as been loyalty means a lot to him even when he was young his child hood wasn't great his mum didn't really give a crap about him so when his uncle found him an took him in life got a bit better he learned a lot of things from his uncle an he luvd him but when his uncle's life was taken Repo would let it go he had to find out what happen an God did he I wouldn't mess with him he can b super scary when loyalty is broken

I really enjoyed this book it wasn't as violent as the others and I did miss it a lil but it didn't really matter it was still good Repo an Maze's story was still gripping an I was dyin to know what had happened to these 2 but I knew they were meant to be Maze had trust issues an Repo found it hard to read her but he did know that he wanted her even though he wasn't meant to but when it's meant to b it meant to b the sexual tension between these 2 was crazy I wish they would just get it on but when they finally did God it was so hot get a room peeps no seriously get a room haha u will understand when u read it ;)

I have to say I just luv this group of people I even feel like I m part of there family at this stage after reading al there stories there just such an amazing group I would highly recommend this series an author the books r just brilliant an the writing it awesome i just can't get enough an the way this ended I just can't wait for more it the next book out yet xxx

---

### **Nikki ? Navareus says**

#### **\*\*\*FIVE STARS\*\*\***

I loved these characters so much. Repo is a mega hottie/badass, who handles a gun supremely, and despite his extremely dark past, he also has a hidden caring side to him. Maze is a strong spirited girl, with one hell of an attitude, who shows up just to announce her desire to pledge into the Henchmen's MC Club. Of course, Reign instantly shuts this idea down the minute the request leaves Maze's lips, but lucky for her, the "Girl's Club" throws a shit fit, demanding Reign lets Maze pledge. Reign reluctantly agrees to the girls, but secretly he's planning and squashing any of Maze's ambitions, by making her as miserable as possible so she'll give up this insane idea of hers. Reign assigns Repo the task of making Maze as miserable as possible, and getting her to quit. Only problem, Repo's strong attraction to Maze kind of gets in his way.

This was a pretty sweet story. Repo revealed himself to be a total sweetheart, with a protective side, and in those protective moments he treats Maze like gold. Their attraction to each other is apparent from first sight. It was fun to slowly watch them start to act on their attraction to each other. And of course, the sex is smokin' hot when they finally experience it.

This story had a bit of everything to it. Good guys, bad guys, a couple of morons pledges, a bit of action, and twists, and we get to revisit the whole gang again. We also get to meet a couple of new characters in Repo's story. I personally fell in love with Ruslan, and I would be thrilled if he reappears in a future JG story. (Hint, hint!). I loved the way everything came together in the end of this story. It was perfection. And that last few lines. **HOLY SHIT!!** Completely blew me away! I cannot wait to see what JG has planned for her future stories.

---

### **Sabrina says**

The Henchmen MC is the toughest biker gang in Navesink Bank, so they're the perfect people to use as protection when you're on the run, right? Well that's what Maze is thinking when she rides up to the Henchman gates and demands to see Reign to ask for a chance to prospect. She's lucky that the girls of the group are there to back her up and demand their men give her a shot, or she would have been turned down right on the spot.

So here she is, a prospect for The Henchmen MC, safe from the people after her. But not safe from Repo, the guy determined to make her days as a prospect the hardest ones she'll ever live. And the man she wants in her bed, between her legs, and holding her close. Only one of them can come out on top in this battle, but which one?

Jessica Gadziala is a newer discovery of mine but ever since I read my first book by her, I've been hooked. And *Repo* is just yet another reason why I can call her one of my favorite authors only months after learning about her books. I love the characters she creates and the world they're in.

*Repo* and *Maze* were great, I loved the strength they both had and that it wasn't an easy relationship for them to start. They both had to fight for the other and, to me, that shows true love instead of making it a simple, non-complicated, relationship. It was great to see how much strength they had, and it made them the perfect couple for each other.

---

So bottom line, loved the book, loved the characters, and I love this author. I highly recommend this series, and all of this authors work to anyone that likes...well just to anyone. If you can read, pick up this book!

### **Maria... says**

***"You're kinda cute when you're offended."***

***"You're kind of an asshole all the time."***

This was a great reading. I really enjoyed *Repo* & *Maze*. I was waiting for *Repo*'s story for quite a bit and wanted to know his demons and how he got his scar. And of course I loved *Maze* too. She was a strong and determined heroine wanting the impossible to be patched in the Hechmen MC which is something you don't see everyday, especial when the club she wanted to join wasn't a legal one.

Just kidding she had her reasons to go there. And they were pretty good, but still not very smart for a woman. The story line was easy and nicely done by Jessica who I have come to love as an author. She portrayed them very well and they were two characters who had some hard pasts and hoping for a brighter future.

***"Maze, I want to give this a shot."***

***"Give what a shot?"***

***"Whatever this is."***

***"This is nothing. We had sex. That's not a big deal."***

***We can be adults about it and move on."***

I loved *Repo* and how loyal he was to his brothers even when he didn't agree with them 100% about *Maze* joining the brotherhood. He had his demons and even though he did the right thing back then, he still felt guilty about his actions.

And *Maze* was great trying her best in the club without complaining, with whatever they had stored for her. She had been through a lot because she trusted people too easily and therefor she didn't question things that seemed suspicious. And now she was running for her life...

**Being with her, kissing, holding, being inside her, it had been the best experience I'd had in a miserably long amount of time.**

One of the best parts of this book beside the angst about what was going to happen with Maze and her demons, were the sex scenes...Oh My God!Jessica was very inventive with the places they had sex...on the field during a thunderstorm, on roofs, in the laundry room you name it.

No it's damn true!!!Read the book and you'll see!

### **H.O.T, D.I.R.T.Y, R.O.U.G.H SEX EVERYWHERE!!!**

*"I got one rule with sex, Maze."*

*"Rule?"*

*"You always come first."*

*"Well, I think I can get behind a rule like that."*

HOOOOT RIGHT....????

*"I didn't even know your real name when I knew you were it for me. I didn't know where you grew up or your favorite flower or what song makes your soul hurt. But I didn't need to know those things to know you, Maze, to know you're determined and strong and stubborn as all fuck, but that you're also giving and sweet and snarky and sexy as all hell...There's only one thing in this world that means more to me than my brotherhood, than The Henchmen, and that's you honey. So I figured it was time to..."*

I loved that we saw the previous characters too and their crazy kids running around!  
I can't wait for Renny and Duke's books! They have me very intrigued...

Enjoy!xxx

---

### **Olga therebelreader says**

I am a sucker for a good biker romance. I like the feel of community in a mc club and the brotherhood aspect. There is just something about a bad ass tattooed guy on his bike that makes the story even more enjoyable.

This is the story of Repo, member of the Henchmen MC, and Maze, prospect at it. I really love the male perspective in a biker romance, but getting the view of a woman who wants to join a mc club well that makes the story even more interesting. Maze's life is in danger and becoming member of the Henchmen club is gonna offer her the safety and protection she needs. But usually women are not allowed to be full patch members and the members of the club are determined to make it difficult to her.

I love Maze, she has an attitude and she does not put up with no one's crap, she speaks what's on her mind, and she is not afraid to tell you what she thinks.

Repo is tough but when it comes to Maze he is all soft. He is one deliciously sweet bad boy biker and I loved him!

This book had just the right about of suspense, MC background and romance to capture my attention and my heart. I was actually expecting a lot more angst but it turned out to be perfectly balanced storyline. Thank you so much Jessica for letting me read your awesome kick ass book.

*Provided on behalf of the author for an honest review.*
