Rookie Mistake Misha Horne

Kyle Kelley is a center fielder with an ego as big as his potential. He's always been the star of his team, the star of his school, the star of his town. But he's finding out college is different.

Coach Mackey is gorgeous, but wow, what a jerk. He doesn't seem to appreciate just how lucky he is to have someone like Kyle on his team. He accuses him of slacking off at practice, expects him to follow every stupid rule, and benches him during a game, just for mouthing off.

When his teammates warn him the coach has an interesting way of disciplining rookies with bad attitudes, Kyle thinks it sounds too good to be true. Until Mackey calls him into his office and gives him a choice. He can get cut from the team, or he can learn to behave. The old fashioned way.

This 8500 word M/M story includes college baseball, locker rooms, sexual situations, and an over the knee spanking of an arrogant ballplayer by his no-nonsense coach.

Rookie Mistake is the first book in the BENCHED series.

Look for BENCHED #2: Double Play in July, 2014!

(This is a stand alone story and does NOT end with a cliffhanger.)

That was fun. ;)

Yum.

Got it with the discount from ARe, as normally the price is much too high for the word count. Nevertheless, it was a short read in between. I just found it much too short, it's more like a snippet. Other than that it was ok.

Liz (Bugetta) says

Much better than I expected for a freebie! The writing was good and the story actually had some (just some :)) substance beyond the smexy-factor. So glad the other books are available via Kindle Unlimited because they're expensive considering the word count.

Brice Jale says

When cocky baseball jock, Kyle, disobeys his coach for the last time, he's in for some hard spanking discipline.

Overall, not a bad book. I understand it's the first part of a book or a first book in a series so there's still a lot of things to develop and evolve. So I am definitely not shying away for some part two.

Trio says

oh yeah, hot virginal college freshman discovers his need to be disciplined by his coach - it's all good!

Marcie says

3.5-4 Stars

You have Mackey, a no-nonsense coach.

Then you have Kyle, a rookie college baseball player with one hell of a cocky attitude.

Ooops. Let me get you a better view.

Im sorry. Let me try again. The third time is the charm.

Ahh. Here we go.

Where was I? Oh yeah...despite his teammates warnings about coach having an interesting way of disciplining, Kyle found himself being interested and turned on rather than scared.

"He knew the elastic straps of his jock framed out his ass like a target, curving around the tops of his cheeks and the backs of his thighs. He wasn't the only guy on the team who went commando under his jockstrap. But he was the only one about to get spanked that way."

You will not find an relationship status int his one other than teachet/student. But there's 4 books in the series, so there's definitely room for things to happen. I for one am looking forward to finding out.

Optimist ?King's Wench? & MANTIES Champion says

I confess I'm a baseball fan. It's the offseason and my team IRL is making enough maneuvers to put a champion chess player at one of those tournaments to shame which is making me jones for spring training.

He could stand to lose that hat and... well, I'm sure you know where else I'm going.

IDK if this short helped or worsened my jonesing, but it hit the spot. Kyle is a freshman used to being the star of his HS baseball team and getting away with murder. Coach Mackey's having none of that. Mackey's not above taking some unconventional measures to get the best out of his players.

Kyle, of course, mouthes off to Mackey when he tries to reign him in during a game and gets benched. Does Kyle learn his lesson? Nope. Guess what? Benched again. *smh* Stubborn kid. His teammates warn him that Mackey has been known to take matters into his own hands. Surprised by his own reaction to the idea of corporal punishment Kyle pushes the envelope. Of course he does because Mackey turns his crank.

Mackey's a former baseball player himself who's slightly older and has kept himself in tip top shape and he has Kyle's number. Big time. The smile gave it away for me.

This was well-written with actual meat on the bones of the corporal punishment. Kyle's a virgin who has never been spanked and doesn't understand why he's so turned on by it, but once the spanking commenced his feelings had an authenticity to them that I wasn't expecting.

My thanks to Heather K. for pointing out this freebie. Now, I'll have to dig in to the rest of the series. I'm hooked and I need something to tide me over til spring training begins.

Skye Blue ?*~??(`?`?)~*? says

This has potential. I like it. Guess I'll have to read book 2 just to be sure.

Kyle is cocky, and won't listen to what his coach says. Coach gives him a spanking.

No sex, just a couple fantasies. I can't wait to read the next one.

Deanna Against Censorship says

A coach has to teach his new team members to follow directions. One baseball player likes the lessons more than the other guys. The story of a cocky athlete with an interested cock. Enjoyable short story.

There is just something inherently wrong with this flat-pancake-ass cover for such a baseball-bubble-booty-licious story. The writing's catchy and competent, and the content is spank-me f'ing hot.

Got it FREE on Amazon and fueled up with some garden variety booty shots..which complimented it much better.

Simon Strange says

I adore Misha Horne!

This lady knows tension like nobody's business. This story is hot, the two central characters are wonderfully crafted and living on the page, and I was excited for most of it... If you know what I mean. I never miss one of Misha's books, and neither should you. Brilliant-- five searing hot stars lady, you earned 'em.

Sarah_loves_books says

Meh. Not interesting at all, maybe because this wasn't even a relationship. I found these stories by this writer *much better*:

Failure to Communicate

Asking For It

Cassie Hess-dean says

This was a short story that really has the potential to be a great book! Story about a baseball player named Kyle who thinks he is a gift to the team. Mackey the coach will spank him into the realization that baseball is a team sport not an individual one.

So wish this was longer:)
