From Reader Review This Beautiful Escape: Volume One for online ebook

Esha says

My favorite one among this is the short story Embrace by Komal Chandwani and I was happy to read it.

Her writing skill is very powerful and addictive. The story was very beautifully presented. While reading the story, it was like living those emotions yourself instead of the characters. You could feel the pain, heartache and at last but not the least hope. It was a story that showed life gives us second chances too.

I didn't want the story to end. I wanted it to be turned into a novel instead.

A five star read definitely!

Jodi Cain says

I received an arc of Embrace by Komal Chandwani for an honest review. The book was very heartfelt, and Imogen has had so much tragedy in her 21 years of life. The day she met, Thea was a turning point for her. After 6 years of therapy she was finally released by her therapist Lance, after she finally opened up about her parents. I am so glad this story had an happy ending for Imogen, Thea & Lance. I highly recommend this book, but make sure you have something to wipe the tears as you are reading this..

Ebony says

I think that this anthology is for a great cause!! I was so excited to read Komal Chandwani's submission - Embrace. It was a very sweet story that made me feel all warm and fuzzy by the end. Her story made you feel and relate to the main character. The death of your parents is something so painful and also something no child should ever go through!! Komal wrote about it with empathy and left her readers walking away with hope!

I highly recommend this anthology and look forward to reading more stories from it :-)

Vaibhavi says

This book is quite special to me. I am very proud to say that my close friend Komal Chandwani is one of the authors in this amazing book.

She trusted me to edit and proofread her story which is obviously a huge responsibility. The outcome of this labor of love is 'Embrace' - a story I am proud to be part of!

The story centers around themes of personal growth and hope. The central character is Imogen, whose inspirational journey we are part of as she transitions to a better place emotionally.

The themes, characters and the tone of the book ties in wonderfully with the purpose of the book - to spread love and inspire hope!

Embrace most certainly accomplishes this goal!

Kathy says

Thank You ...
