The Other Brother Part 2: Taboo

Lauren Hawkeye , Tawny Stokes

The Other Brother Part 2: Taboo Lauren Hawkeye , Tawny Stokes

From two New York Times bestselling authors comes part two of the scandalous story started in The Other Brother Part 1: Forbidden...

Nothing has changed... and everything has.

I've tried to forget him. I know I never will. But that doesn't mean I should welcome him back with open arms, right?

But the heat that once sparked between us has become an inferno. He's changed... but so have I.

I don't know if I can resist what was once so taboo. But first?

We have some seriously unfinished business to take care of.

The Other Brother is a novel told in three parts. This is part two of three.

Contains graphic sexual content and harsh language. It is only appropriate for adult readers age 18+

Tina says

I have chills all over and I am beyond freaking out! Wow do these authors know how to write a story. Not only do they write amazing characters, but they also write a plot that goes beyond anything I could have imagined. I feel like I may lose my mind waiting for book 3. I have to know what happens. The ending is so intense that I seriously want to run and lock all my doors and start taking a self defense class.

On a hotter note, Seth is even sexier in part 2. I know that's hard to believe, but oh my, he is all grown up and has an appetite for dominance. I seriously loved the steamy scenes and I know who will be starring in my dreams tonight. He is just so seductive and a bit naughty, the perfect combination.

Great series, one I don't think I could ever get enough of. Highly recommended!

Read. Write. Ripley. says

This book picks up a few years after the ending of the first one and nothing is the same.

Allegra is nothing like the young naive girl we met in the first book with super hot feelings for her step-brother. This girl is no stranger to men or booze. But that's all in the past, now she's attempting to get her life back on track.

Her regular workouts at the gym also gives us the opportunity to find out what happened with Seth's friend, Tristan, and possibly hinting at his own book. *crosses fingers*

Seth is in a different place than I assumed he would be and if you can believe it, he's even hotter! You will definitely enjoy the tension, sexual and otherwise, between him & Allegra.

This book answers a lot of lingering questions but also leaves you with a whole lot more. Like, Theo: what the heck happened to Theo and also, where can I sign up for a kickboxing class-just in case?

I've already one-clicked book 3 and you will too after you read that OMG ending!

Tracy Buttles says

The Other Brother Part 2: Taboo: Stepbrother Billionaire Romance by Lauren Hawkeye, Tawny Stokes

** I received a copy of this book from the Author in exchange for my honest review **

WOW talk about intense! Part 2 picks right up where part 1 left off. All I can say is the story continues to be extremely engaging. A very intense, steamy fast-past read that ends with a tension-filled cliffhanger. Part 3 cannot come out soon enough!

Jodie says

wowzer really was addicted to this book once i had started i couldn't stop.full review to follow.

Review originally posted at Ramblings From This Chick

Taboo is the second installment in The Other Brother Serial by Lauren Hawkeye and Tawny Stokes. These have to be read in order, as Taboo picks up right where Forbidden left off. Theo has just been released from prison and Seth is back after being gone for years. Allegra feels uneasy around Theo and has no idea why. She knows that he has changed, but can't figure out what is going on with him. Allegra is also struggling with her feelings for Seth. She has always been drawn to him and that hasn't changed, but she knows that she should hate him for destroying their family. She wants to know what happened all those years ago and why Seth almost killed her brother Theo. Seth wants to keep Allegra safe, but he also wants her more than he has ever wanted anyone. He knows that he should stay away from her, but the passion between them is more than either of them can fight.

The chemistry between Allegra and Seth continued to get stronger in this installment. Even with so much history between them and the time apart, there is a pull between them that neither of them can fight. These two click on so many levels, and their desires are a perfect match for one another. While Seth wants to keep Allegra safe, he also doesn't want to tell her the entire truth of what happened so many years ago. It was clear to see how much he wanted to protect her, and part of that was keeping the truth about Theo from her. She was so much more than just a former step-sister to him, and it was easy to see how much he cares about her. Allegra has had her ups and downs, and we got to see more of her in this installment. After everything that happened years ago, she had some really tough times. She had set herself on a destructive path, and was finally starting to put her life back together. You could really tell how much she wanted to hate Seth, but she also couldn't help but feel as though he had to have had a good reason for his actions. She had always felt a connection to him and he was exactly what she needed. I love that we get to see both of their POV's, and I think that it really helps the reader feel invested in these two.

I have to say that Theo absolutely creeps me out. The more we see of him, the more I dislike him. I don't necessarily agree with Seth's approach when it came to how he dealt with Theo, but I do understand his motivation. Theo is clearly sick and disturbed, and I really hope that Seth is able to protect Allegra. These two have such a strong connection, and I think that Seth would do absolutely anything for her. I hope that they are able to figure things out. Since this is the second part of three, this does end with a cliffhanger. Part three is already out though, so don't let that stop you from reading these. I am really curious to see where this goes next, and I couldn't put this one down. Each installment is short and filled with tons of action and steamy scenes. I am enjoying this serial so far, and there hasn't been a single slow part yet. I can't wait to read the final part and see what Lauren and Tawny have in store for us next.

Babel says

I still had fresh in my mind the gloriously wicked reunion that Seth and Allegra had in the dark. Even more in my mind was the slightly chilling presence of Allegra's brother, a mean man that's about to be unleashed.

As much as I wanted to see that happening, I was more excited about the way Seth and Allegra's relationship would proceed in those naughty terms we got a glimpse at in part 1. OMG, it was so worth the wait! I felt the tension, the prey-predator anticipation, the exhilarating release. So good!

As I said before, the dual POV is a bonus. I love to see how both characters feel and think. Allegra is confused, but trying to pull herself together while her two brothers collide with her in the middle. Seth is one hot man intent on protecting and claiming the only woman who has ever moved him. It was gripping to see the way they hurt each other, the way they gravitate to each other.

The sexy times are just amazing. The scene at the hotel is all senses and tingling. Oh, Allegra, you lucky girl. Taboo is a really good episode that ends on a thrilling and menacing note. I loved it with all my heart. Where's part 3 now?

Alex says

Damn!

Reading the story from each Seth and Allegra's POV allows you to become fully immersed in each character. It provides you with a raw look at how each person is dealing with their emotions, balancing the needs of the others in the relationship and maintaining their day-to-day lives.

Allegra has grown as a person but still needs answers. Seth wants to protect her and remove Theo for good. Theo is a total douche bag who will hopefully get what he deserves.

The cliffhangers in the story are maddening but I'll be there next week when Part III is released.

This story is amazing!!!

I received an ARC for an honest review.

Romance and Fantasy for Cosmopolitan Girls says

Romance and Fantasy for Cosmopolitan Girls

Avevamo lasciato i protagonisti di questa serie, Seth e Allegra, impegnati nel rifarsi una vita dopo il disastro avvenuto nel primo libro. Dopo che Seth ha quasi ucciso il fratello biologico di Allegra, reato per il quale è andato in prigione, Theo, la famiglia allargata (la madre di Seth ha sposato il padre dei due fratelli) si è frantumata.

Dopo il divorzio e alcuni anni dopo ritroviamo Allegra in piena analisi dopo un'adolescenza trascorsa a bere, cattive compagnie e un comportamento libertino disdicevole. Anche Theo è cambiato, non ha più l'atteggiamento rassicurante di quando erano bambini, adesso le da letteralmente i brividi per come la guarda e i suoi comportamenti "viscidi". Anche per lui le cattive compagnie hanno compromesso la sua adolescenza portandolo in prigione più di una volta.

Al "present day", Seth, uscito di prigione, è diventato, non si sa bene come, un multimilionario e vive a New York. E' un maniaco del controllo, non solo in ambito professionale (mi piacerebbe dirvi quale ma non è stata menzionata nel libro....). Il suo pensiero è sempre Allegra e proteggerla dal suo psicolabile fratello. Mentre Seth ha solo a cuore la sua incolumità, Allegra trascorre il suo tempo in palestra a sfogare la sua rabbia nei confronti dell' ex-fratellastro e sedute di analisi. Sarà proprio la sua analista a consigliare alla sua paziente una pratica alternativa all'esercizio fisico come metodo di sfogo. Una casa del sesso "kinky", per chi non conoscesse il termine è quell'aggettivo inglese per definire il sesso BDSM, dominazione e sottomissione. Chi sarà il suo misterioso primo "cliente" che l'ha voluta mascherata e che le sta facendo l'immenso dono di perdere il totale controllo permettendole di sentirsi libera per la prima volta da anni?

Come descritto nella recensione del primo libro, questa storia è suddivisa in tre parti composte ciascuna da nove brevi capitoli. Tutto è molto compresso ma scritto in modo essenziale e esauriente. I dialoghi sono, in certi punti, davvero esilaranti e la suspense, creata principalmente dai modi "strisciati" del fratello lasciano sempre il lettore con il fiato sospeso.

Tutto sommato niente di particolarmente eccezionale ma al tempo stesso intrigante ed appassionante!!

Anita Byars says

I received an ARC in exchange for an honest review. This story picks right up from where the first one stopped. Theo was released earlier from jail than expected and although Allegra knows Theo is different,

acts different, looks different, she thinks it is from being in jail. But it is setting all her alarm bells off. Allegra is obsessed with thinking about last night when she was in Seth's arms at the BDSM club and the feelings she still has for him.

I love reading from each of their characters POV, you become fully immersed in these characters and how they are feeling about each other and what they are thinking in regard to the other characters it just takes the story into a more real dimension for the reader I think.

Allegra still has questions and concerns about her feelings for Seth especially in regards to that fateful night so many years ago and what caused Seth to act the way he did. Seth is concerned about Allegra's safety and is obsessed with trying to get her away from Theo. He also can't deny his feelings for Allegra she is everything he wants and needs. Theo is messing with Seth about what he is going to do to Allegra and the suspense is Intense.

Wow! I thought Seth and Allegra's chemistry was hot in the first book but in this second book they are STEAMING HOT. Can't wait to see how this all ends in the last book. Such a Great Read couldn't put it down. Loved these two authors together and this STEAMING HOT STORY.

Jody says

Years have passed since the dramatic showdown between stepbrothers Seth and Theo over Allegra. Lots of emotional upheaval with a family torn asunder. In the aftermath Allegra became lost, falling into an abyss of drinking and meaningless sex which she's finally recovering from after intense therapy. Some of that therapy is unconventional and has her connecting with her former stepbrother Seth in an unexpected way after he returns to town to deal with Theo once and for all. Things between Seth and Allegra are just as scorching and with Theo's return from jail everyone's heading towards a fiery conclusion that kept me on the edge of my seat creeping ever closer to the end.

Seth may have left for jail down on his luck but he returns a very rich and powerful man still obsessed with Allegra and bent on keeping her safe no matter what. An unexpected encounter with her at a BDSM club reinforces his belief that they're meant to be together and leads to scorching encounters that are laden with sexual tension and banter crackling with sensuality. Seth's a sexy and powerful man exuding confidence and desperate to keep Allegra safe which brings out his Alpha nature. He forces her to admit her feelings, and arouses her doubts, as the truth about what sent him to jail is finally revealed. He's not alone in his battle to keep her safe though as friends from his past help him watch over her. It might not be enough though as Theo's obsession grows stronger with a final act that leaves readers screaming from the final installment.

Allegra was crushed when Seth went to jail and her family fell apart. She was left in pieces that led to a deep depression that she's slowly recovered from. With the return of Theo and Seth though she's once again on edge as Theo's a changed man...and not for the better. He unsettles her and Seth's confession about what happened all those years ago unsettles her even more. The hard-won strength she achieved is quickly crumbling in the face of so much emotional turmoil and I felt very sympathetic towards her. The feelings Seth arouses in her scare her but satisfy her like nothing else has before. It's only with him that she feels whole and unashamed and I'm rooting for them to make a future together despite Theo's subtle yet increasingly dangerous threats.

This was a quick read that kept me on edge from start to finish with its intense sense of foreboding. There's a great balance between the scorching sexual encounters between Seth and Allegra and the complex emotions radiating from this intense trio to keep me fully immersed in the action and fast pace. Theo continues to

show even more subtle depravity and takes even more dangerous steps to stake his claim on Allegra that takes him another step closer to villainy. Seth is a formidable opponent though and it's clear that with the gauntlet thrown down here their eventual meeting will be combustible and my heart's pounding in anticipation. Readers looking for a compelling blend of eroticism with a bit of danger will be drawn to this series that keeps me coming back for more.

wendy Shelton(obsessedbybooks) says

* * ARC given on behalf of obsessed by books for an honest review * *

This is an continuation of book one, Theo has got out of jail early and is home. Allegra is trying to get her head around seeing Seth at a BDSM club. Allegra knows things with her brother are different, he looks different, acts different. She just doesn't feel safe but just thinks it's where he's been gone. Seth hasn't stopped thinking about Allegra since they met up at the club, he still doesn't understand why she was there, but now he's had a taste, he wants more, he wants to make her his, but he's not the only one. Allegra agrees to a date with Seth, it's hot , real hot. Allegra realizes that Seth is exactly what she wants and maybe needs but it's wrong right? NO. Seth tells Allegra the truth about that night he about killed her brother and that he's watched out for her ever since, but when Allegra runs off Seth is afraid his lost her for good, but when realizes that Theo has been watching them he promises to never let her go. loved it , loved it . I'm so ready for the next one. This book has me on the edge of my seat. definitely must read.

Erica says

Goodness, these ladies are trying to kill us. The suspense is up, the plot is getting even better, and the romance is smoking hot! Taboo obviously picks up where Forbidden left off, but Lauren Hawkeye and Tawny Stokes pick right back up with playing with readers' emotions and hooking them right in.

I love the further development of Seth and Allegra's relationship; I'm wicked excited to see where it goes in the last installment (there better be more of what started in part 1 that's all I'm saying).

This e-serial is a must read from a dynamic duo who rock the romance genre. It's the perfect degree of scandalous.

Erin says

Okay, reading throughout the three parts, I didn't do my reviews after each one, which was a mistake. So I'm going to review all of it in a single review and copy/paste.

I was constantly confused by the ages.

I thought Theo was the younger brother.

I thought Allegra was going to be at least closer to 18 instead of the 14 years old she is at the start of this.

I don't even know how old I thought Seth was. Again, probably closer to 18 than not.

So in the 'present day' I kept forgetting that Allie is only supposed to be 20, and that Seth is supposed to be 24.

Seth is now a 26 year old Billionaire? Wow. Especially wow since it never actually goes into details as to how he made his money. "I got lucky" was the answer. SUCH a cop out by the author. THere is no way he would have as much money as he had at his age after spending a year in jail.

Allie is amazingly well adjusted considering how much of a 'wild child' she became. She was a slut. She literally became a whore, but yet she's still beautiful, and living a normal life. This is just too unlikely for me to believe as living as hard as she supposedly was, drinking, partying etc, does literally take a toll on the human body.

Note, in this book the club name was Solace. In the second book it was Velvet Underground.

By book three, I really did not like Allie. She was way too stupid to live. She was not a strong character (no matter how much time she spent in the gym punching a bag, she might have been physically strong but she was a fucking idiot.)

Literally an idiot who kept allowing herself to be in the bad situation simply because "he's my brother and would never hurt me." I have no patience for those women.

I have no idea if I will read the next one in the series or not.
