## Twin Obsessions LilMouse

Jesse has spent the last two years hiding from herself as well as everyone else around her but that changes when her boss's twin brother comes to town. Suddenly Jesse finds herself unable to resist the heat that these two men create in her. Thrown into their arms by circumstances that were completely out of her control, Jesse slowly becomes the person she used to be but will it last? Will she be able to get over her fears of getting hurt and take a chance on two gorgeous men who would do anything to have her. Anything . . .

**Note:** Extreme adult content.

### Pam Nelson says

I so loved this book and I want more LOU! She cracked me up something crazy laughed so hard I had tears :) I want her to get her men too!

---

### Rosanna Chwalinski says

I love the book. Where can I buy it

---

### Jessie Taylor says

Awesome Book! :D Loved it

---

### Dheeraj says

Definitely worth reading, amazing book. Does gives a hard on.

Recommended to all with even slight affection towards ménage. Ladies must read, it will gives your fantasies a real life.

The story covers a life of young girl, Jesse, living an ordinary life, and how her life rush in to dreams of all the women.

### Pei says

Does anyone find this twin relationship a little weird? But this is really hot and steamy and I like it like that!

---

### Caterina Faye says

I always come back to reading this book, again and again. It is so beautifully written and has truly helped me discover my inner freak and I am so thankful for that ;)

I am just hoping to find out where I could find this now since it has been taken down from wattpad and I'm not sure where I can read it again. I miss it so, so much.

### **Morgan says**

Does anyone know why the book and author is no longer on Wattpad? I even tried looking for it as a published book, but I can't see it anywhere. It literally just disappeared.

---

### **Courteney Fisher says**

My, my, my. Well this was a lot raunchier than I expected! Reminds me of when I was 14 and read Fifty Shades of Grey for the first time. I actually liked it but wished there was more development in the story and characters. Also I couldn't help but laugh at the guys names (thought it was a bit much) but it was a saucy little read. I'm intrigued to read more by the author!

### **Shreya Kishore says**

This story totally had me hooked. I loved it and I went back for more. The author is simply incredible and all her stories are good. I totally read all her works (the ones I could get my hands on).

---

### **Outcast Kid-Liyah says**

Did she delete this book I can't find it anywhere

---

### **Nour K. says**

I loved this so MUCH. I read it about 4 times and each time I fell in love more. I can't believe that the author DELETED IT. AND DELETED HER WHOLE ACC. I can't believe that someone can delete ALL their work like this it is a shame tbh
