## **Victorious M.S. Force , Marie Force**

He's a sexual dominant. She's sworn off sex. There's no way they can make a relationship work—or can they?

After surviving a traumatic event at age fifteen and the ensuing estrangement from her family, Natalie Bryant has worked for years to reinvent herself into the woman she is today—a happy teacher fresh out of college and enjoying her first winter in New York City with her faithful dog, Fluff, by her side. Natalie isn't expecting her life to change completely during a routine stroll through Greenwich Village on a blustery January day. But when Fluff breaks loose and charges into a park, Natalie gives chase and crashes into her destiny. Only after Fluff bites and draws blood from the man who accidentally knocked Natalie down does she realize Fluff has bitten the biggest movie star in the world.

He has no business being enthralled by the gorgeous, young, innocent teacher...

Natalie captivates Flynn Godfrey from the first moment their eyes meet while she is lying on the ground and he's fighting off her ferocious little beast of a dog. The only thing Flynn knows for certain is if he lets Natalie get away, he'll regret it for the rest of his life. After only a short time in her presence, Flynn is prepared to change who he is to be what she needs. He knows he's in big trouble when she says she won't sleep with him and he doesn't care if it means he gets to keep her in his life. But can he turn his back on the lifestyle that has defined him? Can he deny the desires that drive him to give Natalie the introduction to love and romance she so deserves? And most of all, can he keep his truth hidden from her long enough to have forever with her?

## From Reader Review Victorious for online ebook

### Jan says

It was nice for a change to read a trilogy with no stop.

Book 1 wasn't THAT good and I would stop at first book if I had to wait for the #2.

I am glad all the books were out.

Book 2 was soooo good.

It reminded me FSOG only this one happened in Hollywood and the H had no damaged issues. He was just a guy deep into

What stands out here is the H.

His character... swoon.

Gotta LOVE Flynn.

---

### Ann says

2 stars. Not much story to this one, just endless BDSM scenes that I got tired of along with Flynn's fascination with the butt plug. And then there are the scenes where Natalie is in such pain and wants to put a stop to it but she stubbornly refuses to say the safe word and Flynn just keeps pushing her to endure more. I personally just call a big ole bullshit to that. I found the whole thing hypocritical, and evidently Natalie does too.

Natalie: "I think I's only fair that you should have to do this sometime so you know how it feels."

Flynn: "Nope."

Natalie: "That's so hypocritical."

Flynn: "It's not something that interests me."

See what I mean?

Just seemed like mental/emotional manipulation to convince Natalie she wants it and will like it because he wants it. And I call another HUGE bullshit to that. What an ENORMOUS stretch of the imagination that innocent Natalie brutally raped at 15 has no other sexual encounters until she meets Flynn at 23 and goes from innocent to wanting to try BDSM because Flynn, Mr. generous, wonderful movie star, likes this shit and wants Natalie to want it too. I liked Flynn so much better in the first 2 parts of this bk when he was trying to live without his inner Dom. I got the sense that the Flynn I loved in the 1st and 2nd installments of this story was now only totally focused in getting his kinky jollies. Would Natalie have given over to the dark side if Flynn hadn't overwhelmed her as the rich mega movie star? This installment was BDSM overload for me. Flynn's obsessed and even makes her wear the "vibrating bullet" during their wedding. Puhleeze! Enough already. I was grateful the author pared down the 6-day naked honeymoon to just one scene. What the readers missed out on in the first two installments are now inundated with it. LOL! Natalie needs to read the ER scene in "The infamous Ellen James" to find out what endless anal play will get her.

I couldn't wait for this installment to be over which was disappointing since I liked the first 2 parts of this story so much and I dearly love this author. Ms. Force may or may not expand the series. If it's a go, this reader will pass.

---

### **MissCherry says**

Esperaba con ganas el desenlace de esta trilogía, quería ver como alcanzaba su cumbre la relación de Natalie y Flynn una vez que ella acepta la vida y gustos secretos de su nuevo marido. Ha sido una decepción. Al igual que los otros dos anteriores me parecieron buenos libros y bastante entretenidos este ha sido aburrido, insípido y al final hasta un sin sentido de novela. Lo que en las anteriores entregas de Celebrity me hizo seguir leyendo, que era la historia de amor entre Flynn y Nat, qué para ser una novela erótica tenía mucha fuerza y protagonismo, en Éxtasis desparece.

En un principio pensé que la novela iba quizás a centrarse en lo erótico, las escenas de sexo y el mundo oculto de Flynn, pero no llega a ser ni eso por lo que entiendo aun menos el que M.S.Force haya dejado por completo de lado todo lo demás. No hay ningún problema, ningún nudo y por tanto ningún aliciente que te haga querer ir pasando las páginas, no se cuenta otra cosa que “unos días en la vida de Flynn y Natalie, el actor sadomasoquista y su esposa sumisa”. Las escenas eróticas son descafeinadas, igual se podría justificar con el pasado traumático de Natalie y digo “podría” porque durante este libro ella no se cansa en dejar claro al lector que los gustos de Flynn no son ninguna barrera, que los ha aceptado perfectamente, que su pasado queda atrás y que no impide que se introduzca en el BDSM, disfrutando de este nuevo aspecto de su relación.

Una trama sin un nudo o una dificultad, problema o suceso que superar por los protagonistas es muy difícil que consiga captar la atención del lector, aunque sea solo durante 20 capítulos y un epílogo. Cuando digo que no hay nada más allá de escenas “domésticas”, es que no hay NADA más, adiós el pasado de Natalie, adiós los medios de comunicación metiendo las narices, adiós el trabajo y vida anterior de ella, adiós al problema de “¿Quién mató a Roger Rabbit?”. Tras leer las notas del autor al final, creo que el error ha estado en que cuatro meses para escribir una trilogía es muy poco tiempo, al menos para escribir tres libros con sentido y estructura. Dos libros mejor organizados habrían dado para contar la historia de Natalie y Flynn Godfrey sobradamente.

Aunque este final ha sido lo más anti clímax que he leído desde hace tiempo, no voy a dejar de lado a esta autora, como digo Escándalo y Fantasía me agradaron, además este fue el inicio de Force en la novela erótica que es otro punto a tener en cuenta. Probaré más adelante con el siguiente libro de esta saga (aunque aquí en España haya sido una trilogía), Hayden y Addie son una pareja que me interesa y su historia puede estar bien.

The final installment, worth's its title... love is indeed Victorious.  
Natalie and Flynn after their ups and downs, all secrets revealed and accepted, end together.  
I so liked this series!!!

---

### **◆\*Arianna◆\* says**

**3.5 Stars!!**

'Victorious' is the third and final installment in "Quantum" series and picks up where book2 'Valorous' ends. Natalie left Flynn because he lied to her about his sexual preferences. She wants to stay away from him, feeling betrayed, but in the end she realizes Flynn did the right thing not telling her about his Dominant side. Flynn never expected Natalie to be intrigued by his lifestyle. He hoped for her not to be disgusted like his ex, so he never imagined Natalie to want to try being a submissive, especially since she is a rape victim. She wants to be perfect for Flynn in every way and for him to teach her to be the perfect submissive. Humbled by her acceptance, Flynn is more than ready 'to play' with his wife.

And WOW...OMG!! He definitely knows how 'to play'. The sex scenes were so damn hot and intense. You can feel the sexual tension and the chemistry between these two every time they are together. This author knows how to write a BDSM sex scene as much as she knows how to write a vanilla sex scene. The BDSM aspect here is light, since Natalie is inexperienced, so they try different things to see what work for them, but nothing too much.

What I liked the most in this installment was the relationship between Natalie and Flynn. Their relationship changed with every sexy encounter. Natalie becomes more confident, discovering herself and as a couple they learn to trust each other completely.

I liked the fact Flynn is totally honest with Natalie about what means to be a Dom and the 'real' relationship between someone like him and a Sub. I totally liked how communicative they are with each other about everything – expectations, fantasies etc.

This installment is without a doubt the hottest installment in the series. But it's sweet and romantic as well.

'Victorious' was a great conclusion to Natalie and Flynn's story, but I must admit I expected something more. If the previous books in the series are more angsty, this one was pretty light. I guess I wanted more drama, more twists...something more. Also, I wanted more story and less sex scenes.

Overall, a great ending to a great series!

---

### **Alyssa says**

Hm... yeah, I gotta say this series didn't do it for me. The first book was okay, an interesting read, and of course I can't pass up a good Hollywood actor type story, but the second and third books of this series were snoozefests to me, and their only saving grace was that they were short and so I could convince myself to just keep trudging through it because I was almost at the end.

The conflict from the second book was seriously resolved like 10% of the way through this book, and from there on out it was just about Natalie and Flynn exploring BDSM, which didn't even seem to be that heavy BDSM, for all it was built up to be in the last 2 books. There were a bunch of scenes that made me squeamish too because it honestly felt like Natalie was in actual pain and not enjoying their "scenes" and was just trying things to make Flynn happy.

Still very puzzled by the extremely high ratings on this series. Sure Flynn can be swoony but there wasn't much plot, a lot of it was too flowery and fluffy for me, and I was honestly very bored and hoping for more action or angst or *something* to pull me in a bit.

---

## **Kjen says**

I enjoyed this series. I did think that Flynn and Natalie were hotter together before the kink, but that's just me. I did appreciate the connection and honesty between this couple after his big secret was revealed. I loved the way Natalie accepted all of Flynn, just as it was swoon worthy for him to give up part of himself to be with her when he thought he had to make a choice. Worth the read if you don't mind stepping outside the box a bit;

## **AJ says**

### **4 hot and swoony stars**

This final instalment of the Quantum Trilogy gives us the conclusion to Natalie and Flynn's breathtaking romance. The fairy tale of 'regular girl with a tragic past meets hot, Hollywood superstar' has been a whirlwind! Natalie and Flynn met, fell in all-consuming love, and have committed themselves wholly to each other. They are deeply, madly and passionately in love, and have both come so far in their relationship, even if it has only been a matter of weeks since they met.

The last book ended on a cliffhanger, with Flynn's big secret callously revealed, sending Natalie reeling. This book picks up immediately after, and we get to see the consequences of the big reveal. Again, the emotion is wonderfully written and I could easily empathise with what both of them were feeling. But as I have come to expect with this couple, it's not too long before they are back in each other's arms and determined to overcome their biggest hurdle yet. And as Flynn finally reveals his sexual dominant side to Natalie, it's time for the final walls to come down (after an EPIC reunion and an appropriately heart-clenching and swoony grovel... (view spoiler)

(hide spoiler))).

The whole series has been building towards this book. Flynn's need for sexual dominance and his BDSM lifestyle is a huge part of him. He has dreamed about sharing that part of himself with Natalie, but instead turned his back on the lifestyle, thinking that her traumatic past would mean that she wouldn't be able to accept it, and he was prepared to make that sacrifice to ensure her happiness. His heart has absolutely been in the right place, wanting nothing more than to be with Natalie in any way he can, so he gets the shock of his life when she shows an interest in exploring it with him.

*"I want to do what you dreamed about."*

*Her words stop me short. I raise my head to meet her gaze. "How much of it?"*

*"All of it. I want everything that you want. More than anything, I want to be everything you've ever dreamed of..."*

*I'm stunned and humbled to have somehow won the love of this amazing woman. "Christ, Nat, you already are."*

*“Not quite yet, but I will be. Will you teach me how to be everything you want and need?”  
I’m so overwhelmed by gratitude, I can barely speak. “Yes, sweetheart, I’ll teach you.”*

I really like the way the lifestyle, and the way that Flynn introduced Natalie into it, was done. He explains it beautifully, makes sure she is absolutely okay with everything that he is doing, and the whole time he is gentle, tender and loving with her.

*“People don’t understand that it’s not all about the sex. It’s much more about the emotion. When two people are fully invested in a scene, it can be the most intensely emotional experience you’ll ever have — and that’s before anyone has sex.” He cups my face and slides his thumb over my cheekbone. “That’s magnified a thousand times when you’re in a scene with someone you love.”*

And OMG, this book is SO freaking hot! There is a lot of sex, from both POVs, and it’s hot, descriptive and incredibly passionate. But it’s not pointless erotica. Because Flynn’s dominant nature is such a big part of who he is, and forms such an important part in the progression of their relationship, each encounter is incredibly meaningful. It’s kinky, but it’s still fairly tame – Natalie is new to the world, and because of her past, Flynn is slow to introduce her to it all, and I loved that while he took it seriously, he was still able to be playful with her (Flynn’s obvious love of the vibrating butt plug had me laughing out loud).

*“Try everything once and twice if we like it.”*

Unsurprisingly, Flynn and Natalie explore this new part of their relationship with complete honesty and absolute trust in each other, and it just reinforces how amazing they are together. They are both strong characters, and even though they are both willing to compromise in order to make the other happy, it doesn’t come off as being sappy or spineless. Their individual strengths just makes them stronger as a couple and the thing I like best about this series is the fact that their relationship is so damn functional! Yes, they have a lot that they need to get through, but their love and need for each other is never in doubt. They are open and honest with each other about everything that they are feeling, and they are committed to making their relationship work.

Their love story is fast moving, intense, incredibly swoony, and not necessarily realistic, but it’s fiction - and it’s so dreamily romantic that I was happy to get completely swept up in it. Their love for each other is so effortless that it makes it all seem so easy, and I loved the lack of stupid or unnecessary conflict. As a reader, it’s very refreshing, and I applaud the author for that.

The story ends beautifully, but I would have loved an epilogue. Thankfully, Marie Force has announced that she is going to expand on with the series with Hayden and Addie’s book up next, and I am so excited! I can’t wait to watch them come together, and look forward to seeing more of Flynn and Natalie as the series continues.

4 stars.

---

## **Floripiquita says**

Vaya por delante que la pareja protagonista me cae bien y el libro se lee en un suspiro... Entonces ¿por qué esa puntuación? Por lo poco creíble que es lo rapidísimo que avanza esa relación (un zas en toda la cara a las que se quejan del instalove) y que la protagonista lleve tan bien las inclinaciones sexuales de Flynn después de todo lo que ha tenido que pasar (una sesión de terapia por Skype y listo). Nope, lo siento, no me lo creo.

---

## **Nani says**

Me ha encantado, ahora quiero más de Hayden.

Me caguen .....

---

## **Angela (Reading Frenzy Book Blog) says**

While I enjoyed the conclusion to the Quantum Trilogy, the conflicts were mostly resolved early on in the book resulting in a great deal of repetition throughout the remainder. I know very little about BDSM but I found this book to be eye-opening in a good way. Flynn patiently educates Natalie in the concepts and rules of the BDSM lifestyle and I felt like I was learning right along with her. Holy mother of hotness! The sex is sizzling!! Flynn and Natalie are newlyweds who can't keep their hands off each other. They have sex practically every time they're together – multiple times. Dare I say it's too much sex? The murder mystery that's haphazardly thrown in gets wrapped up in a rather rushed ending.

I recommend this book for someone interested in dipping their toes in the BDSM sub-genre.

## **Paige says**

### **3 Stars**

Victorious is the ending to Flynn and Natalie's story. They're married but Natalie left Flynn because she found out his preferences for the D/s relationship but when she asked him about them he lied to her. This picks up with Natalie visiting her sister and then flying back to New York. There she finds Flynn and they discuss his Dom personality. Natalie, though a little nervous and apprehensive, wants to try to be everything Flynn desires in a sexual partner so they decide to look at a contract and discuss the possibilities.

The discussions they had about Flynn's dreams was H.O.T. Flynn was a complete gentleman as he worries

about Natalie and led her very carefully, with her doctors help, through becoming a true submissive. Their love and devotion to each other was a beautiful thing even though this series only covers about 6 weeks. A suspension of reality helped and so did the characters admitting that they made some very quick decisions.

There's some tension regarding the murder of Natalie's old attorney but in general I found most of the story to be even sweeter, almost too sweet, (if that's possible) than the first two books. It was also a pretty quiet story line for the most part. I think the lack of ramping up the drama at the end also helped create a good story but one that lacked a little something. The D/s relationship lent to creating more varied sexy times, but I do wish we could have seen Flynn and Natalie actually perform a scene at the club.

In the end, I'm glad they got their HEA and this was a sweet series with a little kink that I'm glad I found.

---

### **Jen says**

This is the 3rd book in the Quantam series by M.S. Force, who is also known as Marie Force. I have continued to thoroughly enjoy this series, and the couple that the first three books have featured!

In this installment, Flynn Godfrey and Natalie are now married. Their relationship continues to be incredibly strong and Flynn has now put his focus into bringing Natalie into his world...that would be the BDSM world. For readers who are nervous to read about any hardcore BDSM should have no fear in this book. It is actually quite mild compared to other books out there. Seeing as Flynn is introducing his wife to it, he takes it very slow. I was blown away at how erotic the scenes were between this couple. Holy smoly, Ms. Force can write a wickedly charged up sex scene! These scenes were up there with the best of the best...I can't wait for the next couple of books in this series, which will be about Flynn's friends who share the same interest in the bdsm community. In fact, they are all owners of the Quantam club where a select few are able to enjoy the pleasures they like while maintaining their anonymity. This is important as many are popular actors like Flynn, or high profile models etc..

All in all, this is a series well worth a try, and especially if you are into minimal amount of drama, and more focus on the sex and romance. I have so enjoyed watching Flynn and Natalie grow into their strong relationship. I feel like I have finally found a series that is focused on the couple rather than seeing that couple be apart most of the story. I have become very tired of some of the romances out there right now, because of the cheating, fighting, and going back and forth drama. This has been a pleasant surprise...but I will caution, if you are not a lover of sweetness and low drama then this might not be for you.

---

### **Aestas Book Blog says**

#### **Holy WOW!!! What an incredible trilogy!!!**

I've read all three books in three days and loved every minute of the reading experience! I think it's safe to call this series **scorching hot** and **unputdownable** !! This is definitely a top favorite of the year!

So this book was the third in this amazing trilogy and it concluded Flynn and Natalie's story beautifully! If

you're new to the Quantum Trilogy, be sure to read #1 Virtuous (my review) and #2 Valorous (my review) first and definitely check out my reviews if you want to see more about the start of the story too!

This one begins right where the last one left off. Now that Natalie knows *all* of Flynn's secrets -- about his Dominant side and the BDSM lifestyle that he was willing to sacrifice for her -- she's both curious and intrigued. And now it's up to him to show her everything his world has to offer.

And let me tell you.... IT. IS. HOT.

I mean **holy freaking hotness**, I fanned myself for pages on end!!! This is an erotic romance so we get all the details and *oh my gosh*, just WOW!!! But -- I want to say that the most important part of it for me, and the thing that I felt strengthened the series as a whole, was that it was *always* the **love story** that was at the center and focus of every single scene. This is truly an example of how erotic romance should be. The sex is mind-blowingly hot, but it always serves to drive the story forward in some way, or to strengthen the relationship between the main couple. I was beyond impressed with the way it was written.

*“People don’t understand that it’s not all about the sex. It’s much more about the emotion. When two people are fully invested in a scene, it can be the most intensely emotional experience you’ll ever have — and that’s before anyone has sex.” He cups my face and slides his thumb over my cheekbone. “That’s magnified a thousand times when you’re in a scene with someone you love.”*

It is such a rare and precious thing to find a story with a couple as truly *functional* as Flynn and Natalie. Both of them were very level-headed people with their hearts in the right place. They came from polar opposite worlds and were falling in love with each other despite all their differences. And yes, they each made mistakes and there were miscommunications but it was done in such realistic way that I felt like I could always understand where they were coming from, and I was always thrilled at the way they chose to resolve their issues.

In my last review I mentioned that yes, their romance is definitely (and quite possibly unrealistically) fast paced and a fantastical in its nature (not that it *couldn’t* happen because I honestly do believe in this kind of love where you just *know* when you've met the right person) but its just still all just a bit of a fairy tale. Yes, there's oodles and oodles of sex but it's an *erotic romance* -- that is to be expected! To me, this is just meant to be a story that sweeps you away, that you escape into, and just enjoy and revel in. And for me, I found the way that Flynn and Natalie acted throughout the whole story was what made this story feel so real. The way they worked together to create a relationship in open, honest, communicative ways made it so that I couldn't help but *respect* and understand their choices every step of the way.

Just on a personal note, I really loved beyond all words the way they came right out and said that no matter what would happen between them, they agreed to never walk away from each other, and always agree to work through their issues together. By making it so that their relationship was never at stake, it gave them a safety net within which to genuinely learn to trust each other. I have endless respect for the author for choosing to create such a story in this manner. Vast endless oceans of respect.

*“Can we promise each other to never walk away when the going gets tough? That we’ll stay*

*together and work it out no matter what it is?"*

This is really the book where everything gets laid out -- its about pushing past the last boundaries and testing all the limits. I don't want to give anything away, but I'll just say that it was both HOT and full of intensity and emotions. I really genuinely loved it!

I flew through these books. If I hadn't stopped to review them, I probably would have just read straight through without any stopping at all. They were an absolute romantic thrill ride from start to finish. My heart never stopped racing and I couldn't flip the pages fast enough. I highly recommend them!!

To clarify a few things that I mentioned in previous reviews: there is no cheating, no triangle, no stupid drama. All three books are out and it is a complete story about the same couple. It's hot, erotic BDSM romance. And I'd most highly recommend it for fans of Fifty Shades, Love Unscripted, and Crossfire

**Series rating: 5 STARS!!! Erotic contemporary romance.**

**READING ORDER:**

Virtuous

Valorous

Victorious
