### **Taz Will says**

Really enjoyed Royal in this one the progress he made was great and really then entire gang was great to read. I was really hoping they'd step away more from the drug game though, seems like with all the babies popping up they'd really address that problem. Not sure why AK was not even mentioned in this one but I was hoping something about him would come out and maybe even something about the missing mother. Good read.

#### **Loved it!**

Another banger! I so love Royal and Lace relationship it reminds me of the one My Crime and I have...I love the bond the whole crew has with each other, I was not disappointed at any point of the book...

#### **Great read**

I really enjoyed this book. Royal really grew a lot and changed a lot. I loved him and lace relationship. Actually I loved all the couples

#### **ACLC:R&L**

OMG!! This was really good. If your looking for a good love story with a little street action this is the book to read. Even though Royal and Lace were dysfunctional they were made for each other. That's all I will say about that. I can't wait to start reading Kay and Lane.

#### **Non existing editing**

Good story line. The editing is horrible and very distracting. Nice to catch up on the gang. I may check out the next one.

Good book good storyline but I had to give this book 3 stars it was so many errors just way too many. In this day and age there is no reason for authors to be putting out books with so many errors. Overall it was okay I expect so much more from these big publishing companies. Lace and Royal seemed like they belonged together

**Carima Billings says****Great book!!! .**

Looking forward to the next installment. What I really disliked was the misspelling of words. There were too many grammatical errors. Hopefully this will be corrected in the next installments

I liked the story but there were multiple errors which I had to highlight.

**Tonia says****Royal and Lace**

I loved this story. Glad to see all the couples are still together. Royal and Lace has a crazy kind of Love that works for them. Are you going to write a book about Shine and Meka?

---

**Tarra says****Family**

Royal n Lace still just as crazy as when they first met. They really love each other so it works for them. I like how we still get to see a little of how all the other couples are doing. This is a family n they stick together. Besides a few editing errors this book didn't disappoint n I can't wait for the next couple's debut..

### **Good book bad editing**

I loved the story but the editing was horrible. It would switch from first person to third person or even different characters. I hope that you pull this book and re edit it please.

### **Good Story**

I enjoyed getting to know Lace and Royal story. They were both crazy but loved hard. Royal was a family man but still kept it gangsta and Lace was his rider.

I enjoyed the crew being together cracking jokes and being loyal to each other.

### **Always on Point**

I enjoyed reading more of Lace and Royal's story. K.C. Mills never disappoints. I'm on to Kay and Lane next!

## **Shawn Hawkins says**

### **Loved it**

So happy for Royal and Lace. They have both confessed how they feel for each other and their love is strong. All of the couples are prospering well..

## **Kianna says**

### **Good**

K.C, has done it again. Royal and Lace are two of the funniest and unfiltered couples I've read in a long time. It's amazing how love can make the man who never imagined having unconditional love not only find it is but be willing to give it return. Although the book has its errors, they can be overlooked.
