**A Merry Little Kinkmas** Tymber Dalton  
(Suncoast Society, BDSM, various pairings)

Seth and Leah are putting on a kinky Christmas party for some of their closest friends in the Suncoast Society. How do kinksters celebrate the holidays? One thing's for sure—sexy fun will most certainly be on the agenda. From singing kinky carols, to playing their own festive reindeer games, have a voyeuristic visit with some of your favorite characters. It gives a whole new meaning to “decking the halls.”

And just wait until you get a load of Santa's sack...

**Spoiler Ahead** This is book 13 in the "*Suncoast Society*" series and the gang is having a kinky Christmas party. Leah and Seth are hosting a Christmas party for their friend's. Mac Sully and Clarisse are coming to stay the weekend its been awhile since the trio has had any playtime with their two boys so the guys want to take Clarisse's mind off home and give her a kinky weekend. This was a good read with a lot of kinky fun and games. Essie and her guys are here and she has a little secret. Seth is worried about Leah although she tells him she is much stronger than she was when Kaden died and with her birthday the next day he gives her a present and Loren and Ross brings the cake. This was a short quick read from one of my favorite author's. This book was well written with no errors in grammar or spelling. I am looking forward to reading more books in this series.

Oh how I love the kinky little family that is called The Suncoast Society! It was so refreshing to get a glimpse at all my favorite couples and even some new scenes with them all. I love, love, loved seeing more of Seth and Leah. I love the playfulness of the characters along with the humor. Their story started this journey for me and I can't get enough of them. Tymber is such a smooth writer that you just get lost in the story until it's over and then you have this big book hangover, wondering what you are going to do with yourself because obviously you can't read anything else simple because you can't stop getting lost in the story you just finished. If you haven't read any of the Suncoast Society yet, you should totally pick up one today, it is quite simply amazing!

My reason for not finishing this book is completely a matter of personal taste. I actually don't like stories that bring old characters together for a big hurrah. I'd much rather get a glimpse of them in a new characters' story, than have to read through a rehash of what happened before, visit the drama of the day, and work through it.

I love this series no matter what, just not this 'reunion' type of story.

#### **Really Cute**

Fabulous way to catch up on all the pairings and triads from this series, just enough kink and other naughtiness.

When a group of kinky people celebrate Christmas together, nothing is sacred. Even Frosty the Snowman is violated in deliciously perverted ways. In this story, the naughty girls and boys receive appropriate gifts from Santa and his ho ho hos. This book should not be read as a standalone. It is best to read this book only after reading the 12 books prior. Otherwise, the characters and their sexual fun will not be as meaningful.

Seth and Leah host the party at their house. This couple has been through a lot together and this is the first Christmas where they are recovered enough to be able to celebrate it with more than a handful of intimate friends.

This story is filled with hawt kinky sex. This is the kind of play party I want to attend. I'd even be happy as just a voyeur. Each kinky scene is panty-wetting and tops the previous scene. The threesome scenes are my favourite. With all of the threesome scenes including mouthwatering m/m/f sex, what is not to love about this book? Warning, if a sex toy is not handy whilst reading this book, it is recommended to put the book down, grab a toy and towel before reading on.

Ms. Dalton does a great job of describing how a play party can be. She shows how all sorts of people, age and sexual orientation can have fun in an open space. She is inventive with the games and she demonstrates how a closely knit community come together for a great time even if their kinks are not all the same. For those who enjoy the characters from the previous books in this series, this is one not to miss. All the favourite characters are here and they are down to...party. Recommended for kinky readers who want to enjoy a good time.

How awesome that all your favorite kinky Suncoast Society people get together for a party?! Seth & Leah hosting the Christmas party. What could be better than that? Only actually attending said party. ;)

Have yourself 'A Merry Little Kinkmas' let your heart be wild from now on all your troubles will be spanked away so have yourself 'A Merry Little Kinkmas' now.... well that is not really how the song goes but I thought I would change it up for this story. Oh how I love the kinky little family that is called The Suncoast Society!

Excellent as always from Tymber Dalton, but a little too short..

What a great update on all my favourite SC characters. Loved that there was a little bit from every one's POV, where their relationship is at now in the present day, and the possibilities for the future. The larger update on Seth and Leah, the remembrance of Kaden and how things have changed since we last saw them.

The Christmas party itself was fun! Creative costumes and scenes for everyone. Lots of laughs.

Thank you Tymber Dalton! Another great SC book! Keep them coming.

This one is my favorite by far. You get to catch up with the whole gang and the two on going threads throughout the story is so well done. Can't say more without giving things away. This is a fast MUST READ

for the series you will not be disappointed.
