# Every Dark Waning

*A. Davida Jane*

## **Every Dark Waning** A. Davida Jane

In this collection of poems, A. Davida Jane writes with a sharply honed honesty. She writes of sleepless nights, of days spent alone, but also of the reasons to keep fighting—be it poetry, a girl, the sky, or even the promise of one day feeling okay again.

## Elvier Roegiers says

If I highlighted every line I loved in this poetry collection, the book would be more bright yellow than white. I love pretty much every single poem in this. Severe Weather Warning has always been my favourite poem by A. Davida Jane and I'm really happy to finally have it in printed form, that it comes with a whole bunch of other amazing poems is a nice bonus.

---

## Aesirae says

I loved every single page.  
My english is so rusty that I'm not actually able to express my feelings about this book in words. Just thank you.

(I miss you)

## ? percy ♡ says

*"i'll follow the sound of your bleeding  
even when i'm blind."*

beautiful, poignant, and masterful poetry. recommended.

---

## Anita says

A lovely book - bittersweet on the whole, with bright and dark spots dappled throughout. Some of the poems are more traditional in format, and a few of them are more like paragraphs of thoughts tumbling into each other. I respect the author's work regardless. And her imagery - so much of this reads like somebody is taking a paintbrush to me and putting surreal landscapes in my head! I read this in digital form, but I think one of these days, it would be a pleasure to acquire a proper hard copy.

## Limi says

"Darling, did you know the ache we feel is our hearts hurting from trying to beat at the same time. Did you know that it hurts so much because one time they got it right, and every moment since then has been agony, a history of mistimed implosions so desperately trying to be together and never quite making it."

God, I probably love every poem in this collection. Such stunning stunning poetry.

---

**Meryana says**

"we will keep building until all the world is a home, with so many open doors and one big window where every young girl has a place to sit."

there is so much hope and optimism in Davida Jane's words it takes my breath away and makes me glad to be alive.

---

**Luna Valentine says**

this is a book I can appreciate. honestly, it didn't pick up for me until around part 3 but it was a beautiful collection. this is definitely one i will come back and read and hopefully i will find more poems i can love and give my love to.

---

**coslyons says**

I'm going to be frank and say that I didn't understand most of the poems, but the ones I did understand were great and I liked them.

I sent Growing Pains to one of my friends who I thought of when I read it.
