Hearts at Home Lori Copeland , Angela Elwell Hunt

Edith is trying to lose weight in every way imaginable to get into a certain dress by the time Salt and Birdie's April wedding rolls around. Olympia dies suddenly, leaving her daughter Annie the beloved old house, which she can't afford to keep and maintain on her professor's salary. Leaving it would be cutting herself off from Heavenly Daze, and she can't bring herself to do that, although A.J. is urging her to move to New York to be near him. Plus, Caleb tells her he's being "transferred" at the end of the month! Annie has to learn how to find God's will . . . and open herself up to a new love that's been under her nose the entire time.

This is the 5th and last book in the Island of Heavenly Daze series. I absolutely loved the other four, but found this one less than dazzling. The continual focus on Edith's diet for the wedding just didn't make this ending book very interesting. Also if you hadn't read the other books, it would have been very difficult to figure out the other characters who lived on the island. I was hoping for a better wrap up.

What an excellent series! Loved all 5 of these books- a very original plot with endearing characters. I hated to say goodbye to the folks of Heavenly Daze.

Melanie Byrnes says

I loved this book, and the entire series. Highly recommend it!

Funny, warm & witty series of stories about a group of angels sent to watch over the people of this small and quirky island. Blended and balanced beautifully between drama and comedy almost seamlessly. Worth reading the entire series because each book has it's own "tone". One is more romantic, one sadder and another complete silliness with a good shovel full of comedy. This is not a series just cranked out for money, but each book says something different. Something you will want to "hear". Enjoy them all. I certainly did!

This was cute and charming, but almost too cute. It is the last book in a series (and I haven't read the others) about the inhabitants of an island off the coast of Maine. This island is not only inhabited by humans but also by angels (who the humans believe are other humans). This book focuses on Annie, a 30ish young woman who was raised by her aunt, who is the last descendant of the founder of the island. Her aunt dies, and leaves her this large money pit of a house. She is also trying to decide if she wants to get serious with her boyfriend. The other main character is Edith, the pastor's wife, who is dieting to try to fit into a dress. Of course she is in a hurry and doesn't want to follow the sensible "pound pinchers" diet, but rather tries every fad out there. Everyone lives happily ever after, and while the book is full of religious thoughts, for some reason they just don't seem serious. It was kind of a fun read, and yet, kind of silly too.

And enjoy the sweet and tearful ending of this last book about our friends in Heavenly Daze. I am sad that there are no more adventures, but I can always go back there in my thoughts and wonder about what are they doing now...

Now I'm saying goodbye to all the Heavenly Daze folk. That's the neat thing about reading... you get to meet so many different people from all over the world! lol (Yes I know it's fiction but it sho feels real!) This last book in the series was pretty good. I don't think I'd liked these books near as well if I'd not read them in succession! Otherwise it wouldn't mean much when a character was mentioned in the background... hmmm??? would I recommend these books? I'm not sure... life is so short and there are so many books to choose from. Maybe I'm getting pickier but I want more 4 and 5 star books in my life! These were okay and kept me entertained and were far better than watching the drivel that comes on TV lately! Definitely made me turn my thoughts toward heaven and God and how I'm living my life... and certainly that's a good thing, but I think I need books with a little more... depth? plot? action? suspense? And I know Christian fiction can be all that and more! Still... these books were an easy read and if that's what you want... go for it! I did...

A light, enjoyable Christian series. I've never read a trilogy as lovely as these 5 books.

I believe this might be the last book in the series. I needed kleenex to finish it. Loose ends are tied up but I would love to read more about Heavenly Daze Island. I would like to believe that angels are really watching over me and maybe giving me advice directly from the Lord, but most of all that I would listen to hear HIS voice. Blessings to all the "friends" from Heavenly Daze Maine!

Michelle P says

This was my least favorite in the Heavenly Daze series. It's the least plausible, and the hardest to read.

Heavenly Daze series / book five

Margaret Boehm says

excellent

Donna says

Clean and Christian book with very good humor. I would have liked for it to have more on the characters and issues it focused on in "A Perfect Love". Over all was still just as humorous as the others. I would read another if there was one! Unfortunately, the series is over.
