Her Country Star Fake Fiancé Sarah Gay

Gracie May Sawyer can't wait to get home to the Smokies for Christmas to announce her engagement to her dreamy Italian fiancé. Only one thing stands in her way of her happily ever after, and that is the guy she's had a crush on since the sixth grade, her brother's best friend and country music superstar, Cash Jackson. When she attends Cash's concert to gain closure, destiny is not kind when she finds herself accidentally fake-engaged to her childhood crush.

Cash Jackson's country music tour has come to an end, as will his career if he can't resurrect his dead muse. His label has given him until the first of the year to come up with new material. When his best friend's kid sister, Gracie Sawyer, shows up at his last concert in Asheville, North Carolina, they share a passionate kiss, which may just be the inspiration he needs. The only problem is she's engaged to another man.

Anne Wingate says

Who is Going to Marry Whom?

He's not engaged.

She is.

Not to each other.

Is it their fault that everybody jumps to the wrong conclusion?

Gay presents a charming novel about two people who have lost their way and find it again.

Recommended for all readers of strong romance.

shiela b. bradley says

Great book for television.

Cash and Gracie were the best characters. Writing about a fake fiance had to be quite an under taking by any author so kudos to Sarah Gay for a book well done.

Jennifer Robb says

I found it silly. Grace has apparently come home from Italy (without her fiancé) to tell her parents about their engagement. Along the way she decides to stop at a concert given by her once friend Cash Jackson. Cash's opening act misunderstands several statements and the next thing they know, Grace and Cash are announcing their engagement on stage.

We don't see or hear from the Italian fiancé much but he seems manipulative. The art galleries will only show her paintings if she's married to an Italian. It seems like he managed to get a gallery to show her paintings if she married him. Also, he tries to trick Grace into coming back to Italy with him for the show by telling her it was a round-trip ticket when it really was the last half of her original ticket. She's better off without him.

Terry Scott says

A Sweet Christmas Story

This is a story of a new love and an older love. He's a country singer and she's an artist. She is engaged to an Italian, but, she's also still in love with her Brother's best friend. So the question is who will she marry. And it is answered in the song that is sung at the end of the book. Love is grand

Serlina says**Great Read.**

Love the story. Filled with comedy and love. Definitely enjoyed reading this character's journey. I felt they were meant just as their parents and family wanted to see them together after so many years!

Sue Stinnett says**His Best Friend's Sister**

His Best Friend's. little sister is all grown up and all the memories from their childhood come rushing back. Could she be the one his heart is looking for? Super sweet romance.

Huanne Woodward says**Be still my heart**

When the boy next door is friends with your brother, how can you not fall in love? Then when years and miles separate you, is the love still there? A great love story with two talented individuals and the others muse.

Crystal says**Great love Story**

The story drew me in and left an imprint about love and seeing real love for what it really means - making each other want to be better every day and loving each other every time we fail.

Sunshinemeg says**Sweet**

Loved this book! Sweet, clean story that make me laugh and want to read more. And I always love a Christmas book!!!

Betty Johnson says

She stopped on her way home to go to a concert of the guy she had secretly loved for years. Trying to get closure before she married a guy she had met in Italy. He saw her in the audience and when she got up and left, he made an excuse and followed her to the parking lot. He walked up behind her and scared her and she punched him in the stomach hard enough to knock him to the ground. But she broke her thumb doing this. He had to get back on stage, but he had her manager take her to the doctor on staff at the concert. There his singing partner saw her and the diamond she wore on her hand, and managed to get them on stage together and told the whole world that they were engaged. And so the story goes on from here. How do they get out of this fake engagement? Pretty soon there are pictures all over the internet of her punching him and she is being accused of being abusive to him. So read the story and find out what happens in this fun and delightful fake romance.

The only problem is she's engaged to another man.

Kathryn Munsell says

Loved it!

Gracie and Cash are a wonderful couple and their love story is so sweet. You'll love how their love just blooms as they work through some problems. It is love beyond measure!

Pris says

3.5 stars

I liked this story. It started with a bang, especially due to how the fake-engagement between Cash Jackson and Gracie May Sawyer came to be. However, as the story progressed, I couldn't buy into Andrea's character, as it didn't seem convincing enough or fleshed-out enough to make him believable. And the same

happened with the conflict towards the end of the book.
This is really a sweet story, but I guess it just didn't work for me.

Lynn Smith says

Her Country Star Fake Fiance

I loved how they ended up engaged. Quite a funny awkward moment. Gracie had been in love with Cash for years. But it was time for closure. That's not what she gets.
Great story, loved the characters.

Suzanne Borcherds says

Wonderful story

Very inspirational story with believable characters and a refreshing story line. Good flow although there are a few spelling errors that are distracting. A sweet story for the holidays. I highly recommend this book.
