2.5 estrelas

eu encontrei esse livro aleatoriamente no kindle unlimited e resolvi ler porque a capa e o título me chamaram muito a atenção. fui decepcionada, confesso, estava esperando algo mais semelhante a rupi kaur.

sinceramente, eu achei o livro exageradamente idealizado, é tudo romantizado de uma forma até meio doentia que me fez sentir mal lendo a maioria das coisas. acho que o autor tem potencial, porque eu gostei de alguns poucos textos. eu só achei uma carga muito densa de paixão paixão e não achei muito honesto.

"If you remember to be grateful for the good in your life, no one can truly hurt you."

I highlighted 3 sentences in this book. I found the phrases and poems too short for my liking. It is as if the author hands over the words to his readers without a pinch of mystery. I felt like I was being spoon-fed the entire time that I was reading. I had no time to digest the poems and no time to actually reflect and think about his words. Still, I don't consider the time that I spent reading this wasted. I still enjoyed the book but I just wish that there is more to it than the obvious.

a soft little book of poetry .. i remember all that good poetry that i have already read and held my heart with my hands with an opened eyes as much as they were so fine and good captivated and breath taking and i try to compare , and this book was just not this type of poetry .

it's kind of some Hallucinations of a man who was in love , but just couldn't find the right words and expressions to transmit his massive feelings . anyway to be honest i liked it in certain parts .  
every women on earth wish to be loved that way .

I believed love exist long time ago. But somehow along the way, it got lost. Funnily i didn't bothered to try and find it back again..

## **Euphorie says**

It was beautiful, but.. wouldn't exactly call it poetry. More like little love confessions and random facts about life.

## **Kenya Wright says**

This was very beautiful and heart felt. A very passionate man sharing his words for love and his woman with the world.

Bir arkada??m?n sayfas?ndaki al?nt?lar? görüp hemen ba?lad?m kitaba. ?yi ki ba?lam??m. ?ngilizce ve Türkçesini bir arada okudu?um A?k Ya?amdan Önce Gelir'i saymazsak okudu?um ilk ?ngilizce ?iir kitab? oldu.

Kitaptaki sat?rlar o kadar güzel ve naif ki ithaf k?sm?ndan anla??l?yor zaten.

"dedicated to my loving wife

without you,  
my pen would run dry  
and i  
would be nothing."

?air o kadar güzel ve romantik bir biçimde i?lemi? ki sat?rlara zihninden geçenleri ilk kitab? oldu?una ?a??rd?m ve ayn? zamanda üzüldüm. Daha fazla sat?r yazmal?, daha fazla sat?r okumal?y?z...

This was a gorgeous collection of poetry. I have so many highlights and loved so many of these poems. I thought there was a good mix of honesty, love, and hurt in this that made me turn the pages faster than I have with a lot of other poetry collections. I understand why this was a bestseller now and highly recommend you pick this up if you want to read good poems.

I borrowed this collection through the lending library on Amazon.

This was a really quick read about 30 minutes for me and I absolutely loved this poetry collection. 14 of the poems I highlighted.

If you've ever loved someone or currently have the love of your life then this is poetry all about loving your soulmate.

I'll definitely be looking for more poetry by the author

"is it really such a bad thing

I found this book after seeing it all over goodreads. So many readers were praising it and I thought this must be the poetry book for me. Sadly, It wasn't. I found a few poems that I liked but I felt like it was a bit too short for my liking. The poems were sweet but not enough to make me love it. I'd definitely still try Edgar Holmes poetry. This one might not have been the right one for me.

There were a few good poems, but like other people have said, a little too short and some of the topics were just a little too basic. It needs to go deeper, explain the feelings more eloquently rather than straight up simple declarations of love. The reason I picked this book up was my favourite colour is yellow too! <3

Here are some poems that I loved:

*"i long to be broken by you  
in ways no one else has*

*i would adore the scars you gave me  
knowing it meant  
i got to be touched  
by you"*

— \*\* —

*"broken dreams  
broken bottles  
falling back in love  
with memories of you"*

— \*\* —

*" do you feel that?*

*the crackling energy  
in the space  
between our fingertips*

*as if the universe  
is begging*

*for us to touch"*

— \*\* —

*"you  
me*

*you always did look so good  
on top"*

Really quick read. Sweet book of poetry for romantics. Some of the poems were very deep...some seemed a bit cliche. There were a few I thought reminded me of my own relationship...especially the one about TV and sweatpants.
